Subject: 2Lt Benke Notes 14FEB16

ALCON,

Attached are my notes from Saturday, 13FEB16 for the Sunday, 14FEB16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

v/r
2Lt Benke
POD OIC

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has

trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

NOTES:

**Commanders Situation Report (SITREP)**

1. DTG: 1513002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: Ssg Gazzeny, Darryl L. Cell: (517) 582-4816 Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 62 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 62 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke has a meeting on 16FEB2016 with Calix Martinez in the city of Flint Plans and Marketing office to have signs designed and printed.

b. Soldiers are preparing for the unit change at the PODs.

1.) 1-125 IN will be replaced within the next 72 hours.

2.) POD's have created gmail accounts to represent their respected Station.

8. PERSONNEL: 62 Soldiers are currently assigned to the POD operations. 56 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION:

10. LOGISTICS: In support of TF Flint

a. Schupon has placed an order for more instruction cards attached to recycle bags.

b. Recycling trailers will need to be emptied this week. Working with POD NCOICs IOT determine an estimated time for a trailer exchange.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
- POC needed for incoming unit
- OUT (last 24 hours)

**Notes from Friday, February 05, 2016**

## Flint Water Crisis RRF Notes

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval.

**Problem #2**: Lighting – Station 5 & 8 have dimly lit parking lots which is resulting unsafe night working areas.

Solution – Request that the electrician who put up the lights at station 3 goes to station 5 & 8 to put up outdoor lighting there as well.

Response – MDOT delivered (2) generator light stands to station 5 05FEB16. These lights are temporary until Home Depot donated lights are acquired. Also, the (2) unutilized light stands from station 3 have been moved to station 5 to further assist and resolve the lighting issues at station 5.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.

**09 Feb 2016**

*4 Detroit Piston Players to split up into 2 teams of 2 and visit 2 PODs simultaneously.

*1700-1830hrs - POD's 1 (310 E. 5th St.) and 8 (202 E. Atherton Rd.) - (2 Pistons at Each of these two Station)

*1830-1845hrs - Transport Time from POD's1 (310 E. 5th St.) and 8 (202 E. Atherton Rd.) to POD's 3 (1525 Martin Luther King Ave.) and 5 (3402 Western Rd.)

*1845-2000hrs - POD's 3 (1525 Martin Luther King Ave.) and 5 (3402 Western Rd.) - (2 Pistons at Each of these two Station)

**Notes from Thursday, February 04, 2016**

**Flint Water Crisis RRF Notes**

**Problem #1**: Traffic flow – Stations 1, 5, & 8 have traffic flow issues that decrease station efficiency.

Solution – Request MDOT crew that assisted with the traffic issues at station 3 & 6 go to stations 1, 5, & 8 to assist them with setting up a one-way flow of traffic.

Response – City of Flint traffic installed all requested signs at stations 1, 5, & 8 by COB 04FEB16 thus resolving the traffic flow issues.

**Problem #2**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint will be looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval.

**Problem #3**: Lighting – Station 5 & 8 have dimly lit parking lots which is resulting unsafe night working areas.

Solution – Request that the electrician who put up the lights at station 3 goes to station 5 & 8 to put up outdoor lighting there as well.

Response – SEOC has requested lights and generators for station 5 from MDOT. MDOT lighting should be delivered by COB 05FEB16. Additionally, more lighting will be donated by Home Depot. Once Home Depot lighting is dropped off, MDOT resources will be removed. Lastly, the (2) lights sets at station 3 are no longer being utilized and will be moved to station 5 to further assist in lighting needs. By COB 05FEB16, all of the station lighting issues will be resolves. I will continue to keep the LECO & SEOC informed of delivery of MDOT & Home Depot lighting resources.

**Problem #4**: Hotel reservation – The current hotel reservation at the Holiday Inn Flint – Grand Blanc Area is only through the 12FEB16; our last reserved night is for 11FEB16.

Solution – Reserve (8) single rooms and (29) double rooms at another hotel for 12FEB16 through 17FEB16 for the remainder of the 125 mission. Once the 125 cycles out, I recommend resuming the reservation at the Holiday Inn Flint – Grand Blanc Area

Response – I submitted a finalized roster to the SEOC & JOC in regards to the hotel issue. LTC Randall is will be using this roster to ensure all the hotel issues are resolved. LTC Randall will remain the POC for all hotel issues/reservations.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- All of the hand-receipts are being organized to ensure all 1-125 IN BN RRF assets are returned to the proper 1-125 IN BN Company's. Additionally, I will be generating a list of RRF equipment that the unit replacing the 1-125 IN BN will need to bring with them to ensure they have all the necessary RRF communication and supplies they will need.

- 20-25 MSU student athletes will be assisting the PODs 05FEB16; orange vest and Flint Water Response Team badges have been requested to ensure these volunteers can be identified as properly processed volunteers.
- I will be submitting an email the JOC & SEOC outlining my recommendation to change the POD hours of operation from 0900-2100 hours to 0900-1900 hours, thus reducing our workday from 12 hours to 10 hours and reducing our COB by 2 hours.
- 2 rosters have been sent up to assist in further planning of TF Flint; the first roster in regards to the hotel move for the 1-125 IN BN occurring 11/12FEB16 and a second roster to assist the JOC in updating the reverse RSOI roster, which, will also outline all of the most current TF Flint positions to ensure all of these positions are replaced by the incoming unit.

Good Morning,

The Financial Manager from the SEOC would like to know who to contact in reference to the financials involved with the activation. Some of the specifics he is concerned with are the number of personnel staying in hotels, where they are staying, and how long have been or will be staying in these locations.

Thank you for your assistance

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

Subject: [Non-DoD Source] Financial contact information

Good Morning,

The Financial Manager from the SEOC would like to know who to contact in reference to the financials involved with the activation. Some of the specifics he is concerned with are the number of personnel staying in hotels, where they are staying, and how long have been or will be staying in these locations.

Thank you for your assistance

MSgt Martin Whalen

SEOC representative

ALCON,

The NBA Association has a huge partnership with the United Way. The United Way is coordinating a visit to the PODs with 4 Piston's Basketball Players. The players do not want their names to be identified yet. They do not want the media to be notified. They want to provide dinner for all of the Soldiers on the PODs this Tuesday night and they want to do it under the radar. They want to visit 4 of the 5 PODs and provide food for all 5 PODs. Attached is a rough draft itinerary for their visit.

Jamie with the United Way will be clearing this with Chief Cox of the Flint Fire Department. She will notify me when she has FFD's approval and then I will pass the information on.

Again, everyone so far has expressed great interest in NOT notifying the media.

**Subject:** [Non-DoD Source] Lighting for POD 5

Sir, we have put in a request for additional light card with M DOT and they are in the process arranging for them now. The plan is to drop two M DOT light towers at POD 5 and return the one that is there to POD 3. We will be responsible for fueling and maintaining the M-DOT lighting systems so we will need to ensure personnel on the ground have been briefed on operations.

**Subject:** Trash at station 3
**Attachments:** Station 3 cardboard recycling dumbster 051245RFEB16.jpg

ALCON,

The recycling dumpster at station 3 has not been emptied in about a week according to the POD NCOIC. Attached is a picture of the dumpster; there is nothing leaned against the dumpster and nothing blocking the garbage trucks path, thus, I am unsure as to why this dumpster has not been emptied but it is once again becoming an issue. I need the LEOC to get me an answer on the plan to resolve this issue by COB today. If you have any questions or concerns, contact myself or the station 3 NCOIC, SSG Griswold, so we can get this problem resolved ASAP.

ALCON,

It seems there might have been some miscommunication in regards to POD hours of operations. Over the past week, multiple people have either asked for my opinion in regards to POD hours of operation or have told me there were conversations being held in regards to changing the POD COB from 2100 hours to 1900 hours. We have continued to operate from 0900-2100 hours and do not plan on changing the POD hours of operation until further guidance comes down in regards to the issue.

Between my own observation and input from the POD NCOIC's, I would recommend we push up thought the proper authoritative channels that the POD COB be changed to 1900 rather than staying open to 2100. Below are the reasons why I believe we should set POD COB to 1900 hours:

1. After 1900, POD activity slows greatly and the numbers of cases of water and filters distributed decreases greatly as seen on hourly reports and end of day consolidated tracker. Additionally, the warehouse has stopped delivery to the PODs by this time to begin preparing for the next day, thus, our immediate supplier of water and filter products has 1. Already stocked the PODs for the night, and 2. Stops POD operations. Lastly, the LEOC and SEOC civilian agencies, including Flint PD, have ceased POD operation support by this time. Thus, the PODs themselves are the only piece of the water distribution process still occurring past 1900 and it is occurring at an insignificant rate of output.

2. Morale - Allowing the PODs to shut down 2 hours earlier would allow for a morale boost in many ways. Many of the soldiers have spouses visit but cannot have their children visit due to the late hour of COB. Also, many soldiers PT at night and having the additional time to PT would greatly increase morale as well as provide them with both time to PT and the opportunity to get to bed earlier.

3. Safety - Even with the improvements to lighting and traffic control at the PODs, working at night increases the chance of injury due to darkness, and, lowering temperatures resulting in freezing conditions further endanger both soldiers and citizens.

4. It has been brought up that by giving the soldiers of TF Flint more time at night that it may increase the time and opportunity for them to get in trouble, however, I do not foresee this being an issue. We have had no disciplinary issues and the hotel bar, where most of the TF soldiers socialize while off duty, has told me that our soldiers have been polite and have caused no issues at all. Additionally, a 10 hour work day given the type of work will still be tiresome, thus, I do not foresee an additional 2 hours of free time at night allowing our soldiers to find trouble.

We will remain operating the PODs from 0900-2100 hours. If there are any updates in regards to the matter, please let myself know as well as 1Lt Roland in the LEOC. If there are any questions or concerns please let me know.

ALCON,

Attached are my notes from Thursday, 28JAN16 for the Friday 29JAN16 SITREP. I will continue to keep the LEOC & SEOC LNO's informed as requested assets or services are delivered/complete. Let me know if you have any questions or concerns.

LTC Randall,

The LEOC has exhausted all of the local options for fulfilling my request for traffic control assets. Thus, if you could request assistance from MDOT for traffic cones & signs, that would help us greatly as stations 1, 5, & 8. Let me know if you need anything in specific from me to complete the request.

LTC Stemitz,

I visited and observed the stations yesterday and touched base with both the POD NCOIC's and soldiers working there to gather information on the public opinion towards the National Guard. Overall, it seems that the the community still has trust in us and is thankful for what we are doing for them. A few soldiers explained that they did have some people (less than 10%) complaining that they were not getting what they wanted and the blame had shifted to the POD workers, but, overall the public opinion is still good. Each station still has multiple citizens and businesses catering multiple meals a day for them to thank them for their hard work. I will continue to gather information in regards to public opinion and keep you informed of any downward changes.

**Subject:** Hotel move & reverse RSOI rosters
**Attachments:** new hotel roster.xlsx; Roster_05FEB16.xlsx

ALCON,

Attached are 2 rosters.

The first roster attached titled "new hotel roster" is the roster that will be needed to arrange our reservation at the Comfort Inn - Birch Run starting the night of 12FEB16. This roster allows for roommates to be arranged prior to us checking in and will ensure that we do not keep extra rooms past the 17FEB16 for those who are not staying on TF Flint for the handoff to the next unit.

The second roster attached titled "Roster_05FEB16" is the most up to date TF FLint roster. Names highlighted in red will be on orders through 12FEB16. Names highlighted in yellow will be on orders through 19FEB16. Names not highlighted (white background) will be on orders through 17FEB16. This roster will assist in updating the reverse RSOI OPORD products from FRAGORD 9.

If there are any questions or concerns please let me know and I will get back with you promptly.

**Cc:** Stemitz, Raymond J LTC USARMY NG MIARNG (US); Roland, John G 1LT USARMY (US)
**Subject:** Email chain
**Attachments:** 2LT_BENKE_NOTES_04FEB16.docx

ALCON,

I just need to get some clarification on the new email chain. I was sent a request to send the below emails my notes and the SITREP along with RFI's, RFA's, and other TF Flint information.

*LtCol Seeley Robert.a.selley.mil@mail.mil*

MAJ Lafave Thomas.k.lafave.mil@mail.mil

1SG Merriweather Robert.d.merriweather.mil@mail.mil

MSgt Whalen Martin.t.whalen.mil@mail.mil

I copy and and pasted these directly out of the email providing that guidance. LTC Seeley and 1SG Merriweather's email addresses did not work. I can see the spelling error in LTC Seeley's email but am not sure about 1SG Merriweather's.

LTC Seeley just sent me an email with guidance to direct all this traffic to this email: MSP-EOC-MDMVA@michigan.gov

Are the about 4 emails all linked to that email box? If so, I don't need any further clarification on the 4 individual emails, but, if all 4 individual emails are not part of that SEOC mailbox, I need the proper email for 1SG Merriweather since my notes did not send to that email, and, I don't need information for LTC Seeley since he sent me an email from the SEOC mailbox, thus, I know he will see the information sent there.

Lastly, attached are my notes from yesterday for today. LTC Randall asked about problems #3 & #4, the lighting at station 5 and the hotel issue, respectively. We are still working the station 5 lighting issue at the LEOC and will let the SEOC know if we need further assistance into the matter. In regards to the hotel issue, LTC Stemitz told me on Monday that the issue was being looked into. I am not sure if it was LTC Randall looking into the issue or someone else, but I know LTC Randall was looking into the issue as well.

Below has been my day by day notes for the issue:

Issue was identified Sunday 31JAN16; the issue was first noted in my notes from 31JAN16 for the Monday 01FEB16 SITREP:

Problem #4: Hotel reservation – The current hotel reservation at the Holiday Inn Flint – Grand Blanc Area is only through the 12FEB16; our last reserved night is for 11FEB16.

Solution – Reserve (8) single rooms and (29) double rooms at another hotel for 12FEB16 through 17FEB16 for the remainder of the 125 mission. Once the 125 cycles out, I recommend resuming the reservation at the Holiday Inn Flint – Grand Blanc Area. The only hotel in the area that can accommodate the 125 mission soldiers from the 12th-17th is the Hampton Inn – Birch Run. If more details are needed, TF Flint NCOIC & OIC can provide further information.

After sending these notes, I talked with LTC Stemtiz around 010900RFEB16 and he told me the issue was being worked out.

Thus, my notes from Monday 01FEB16 for the 02FEB16 SITREP were as follows:

**Problem #4**: Hotel reservation – The current hotel reservation at the Holiday Inn Flint – Grand Blanc Area is only through the 12FEB16; our last reserved night is for 11FEB16.

Solution – Reserve (8) single rooms and (29) double rooms at another hotel for 12FEB16 through 17FEB16 for the remainder of the 125 mission. Once the 125 cycles out, I recommend resuming the reservation at the Holiday Inn Flint – Grand Blanc Area

Response – JFHQ is working to resolve the hotel issue. No timeline for issue resolution has been established.

There was no change to my notes for this issue on 02FEB16 for the 03FEB16 SITREP. However, LTC Randall contacted me via email to inform me that he was working this hotel issue via contacts at area hotels. Thus my notes from yesterday, Wednesday 03FEB16 for the today, Thursday 04FEB16 SITREP, were updated to the following:

**Problem #4**: Hotel reservation – The current hotel reservation at the Holiday Inn Flint – Grand Blanc Area is only through the 12FEB16; our last reserved night is for 11FEB16.

Solution – Reserve (8) single rooms and (29) double rooms at another hotel for 12FEB16 through 17FEB16 for the remainder of the 125 mission. Once the 125 cycles out, I recommend resuming the reservation at the Holiday Inn Flint – Grand Blanc Area

Response – JFHQ JOC is working to resolve the hotel issue. No timeline for issue resolution has been established. We still have not been informed of any plan to resolve this issue. LTC Randall (SEOC LNO) mentioned we might be splitting between two hotels in Flint. I would recommend we keep TF Flint consolidated in one hotel if possible; driving in from Birch Run daily to allow us all to stay in one hotel is preferable to splitting amongst two hotels within Flint.

I just wanted to bring visibility to this issue so all parties involved knew what was going on, and, to ensure there is no redundancy in planning how to resolve the issue. I am not sure who is or is supposed to be working on this issue or who I should be looking for guidance from on this issue, thus, whoever is taking lead on this issue please let me know.

Also, I just received an email from the SEOC email in regards to phone numbers but could not open the document. I'm not sure if this old DLC computer does not have the correct program to open the attachment or if it is an email or encryption issue, but, either way I cannot view this information.

Let me know if there are any questions of concerns. Hopefully this gets everyone spun up on the current issues and will provide me the last little bit of guidance I need in regards to new SEOC POC's.

v/r

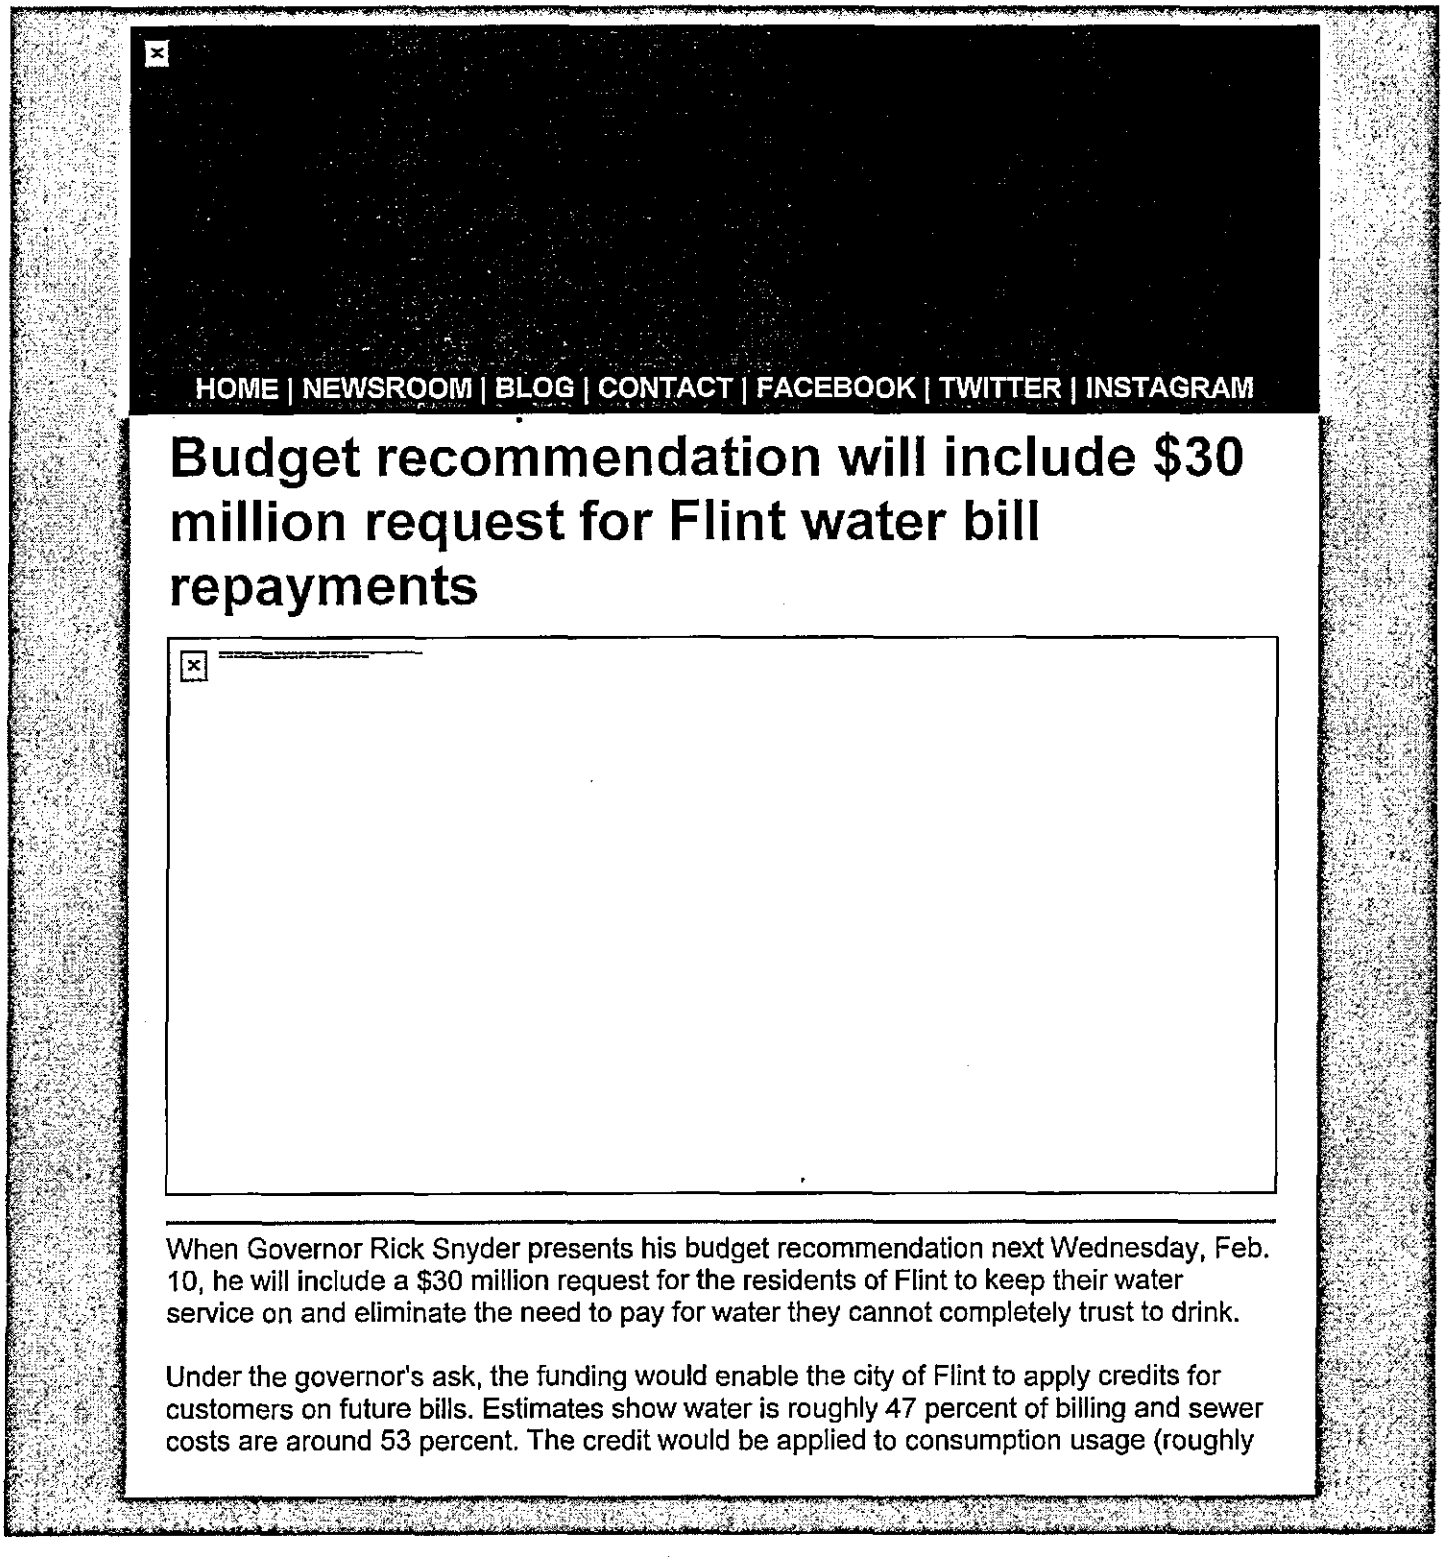
**Subject:** "Flint residents should not have to pay for water they cannot drink"



HOME | NEWSROOM | BLOG | CONTACT | FACEBOOK | TWITTER | INSTAGRAM

# Budget recommendation will include $30 million request for Flint water bill repayments

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

**Click here to learn more about the budget request.**

Subject: Moving Forward

Sir,

I was asked to join a meeting this morning as the National Guard's Liaison. It ended up being more like a "moving forward" briefing. Representatives from the following agencies were there:

State Police (LT Roach)
Genesee County Office of the Sheriff (Sheriff Pickell and Cpt Tafoya) April from the Genesee County Health Department
Genesee County Emergency Manager Chris
4 Local Pastors from different Churches all within Flint

Pastor Jeffery Hawkins from Prince of Peace Missionary Baptist Church in Flint, led the meeting. Pastor Hawkins developed a plan and is pitching it to local resources.

Pastor Hawkins would like for each of Flint's 9 Wards to have an assigned "Hub". Each Ward will also have 3 Sub-Hubs.

Hubs would be Churches that would store water, filters, and water test kits. Each Hub would take on the responsibility of a POD while also being responsible for supplying their Ward's Sub-Hubs.

Sub-Hubs would also be Churches within the Ward. These Sub-Hubs would also act as a POD.

Pastor Hawkins has thought this through. He has all Hub locations identified and their Pastors on board. He is suggesting that the Fire Station PODs be closed and that these Hubs take over. He is not suggesting the National Guard's Mission be over, just that the National Guard Soldiers assist at the 9 Hubs. The overall consensus of the room was that this is a good plan, the wrinkles just need to be ironed out. This idea sounds like a better long term sustainment plan. This would put the water emergency back into the local population's hands. Sheriff Pickell stated that he is 100% behind this plan and that he fully supports Pastor Hawkins.

Pastor Hawkins would like all questions be sent to him via email at p_pastor@att.net His timeline for this operation to kick off is 01 March 2016. He is requesting all questions be sent to him by Monday 08 Feb 2016 and that a follow-up meeting be conducted 17 Feb 2016.

I am requesting that this COA be considered and either I can receive some feedback I can take to the follow up meeting; or that someone with a higher authority than me be present in the follow up meeting.

Attached is Pastor Hawkins' plan.

**Subject:** Agency Events this week
**Importance:** High

Please send the Planning Group a bullet list of important events that your agency will be participating in this week by 6 pm today. (i.e. Meeting with community agencies to identify future POD sites or meet with federal partners to outline long term recovery).

We will be compiling a list tonight for the Governor's office.

Thanks!

**To:** MSP-EOC-MDMVA
**Subject:** OK2SAY / Cyber Safety Initiative (CSI) – Attorney General offers free Community Seminar

Attorney General Bill Schuette will host two free educational seminars for state employees and their family and friends on the topic of "**OK2SAY/ Michigan Cyber Safety Initiative (CSI).**" There is no registration for these seminars.

- **Detroit:** Friday, February 5, 2016, from 12:05 to 12:50 p.m.
  - Cadillac Place – Room L150; 3068 West Grand Blvd.
- **Lansing:** Tuesday, February 9, 2016, from 12:05 to 12:50 p.m.
  - .G. Mennen Williams Auditorium; 525 West Ottawa Street

The community seminars provide practical tools including internet safety tips and how to:

1. Access the Michigan Sex Offender Registry;
2. Understand the impact of digital footprints;
3. Realize the risk of sharing photos with embedded location information;
4. Identify the possible privacy risks of different apps;
5. Recognize the potential dangers and legal ramification of sexting; and
6. Identify cyberbully warning signs and develop a plan of action.

In addition, we will discuss OK2SAY, a student safety program that allows anyone to confidentially report tips on criminal activities or potential directed at students, school employees and schools.

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/09/2016 08:00:00 |
| **Operational Period End:** | 02/16/2016 08:00:00 |
| **Situation Report No.** | 35 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/09/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/09/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 9, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Working with local EOC and found a suitable space for SBA.
- Attended long term recovery meeting.
- Coordinated security needs at Warehouse 2 with local EOC.

JIC:
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issued a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings, and Tactics Meeting.
- Completed the Apartment list, finalizing all apartments receiving Flint City Water.
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant.
- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant.
- 10 American Red Cross Teams scheduled for Wednesday, February 10.
- Data is for 2/9/16 as of 5:00 pm:

o Total homes visited:
- 18,529 (round 3 total).
- 440 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 129,012 liters or 10,751 cases (round 3 total).
- 2,676 liters or 223 cases (today).

o Replacement cartridges:
- 3,950 (round 3 total).
- 165 (today).

o Faucet filters:
- 7,283 (round 3 total).
- 57 (today).

Planning Section:
- Published Sit Rep #35.
- Worked with Governor's rep to redevelop Governor's data sheet.
- Updated commodities daily totals.
- Participated in daily meetings, local EOC, state agency briefing, and distribution process meeting.

Operations Section:
- Planning section revising the statistics for an accurate reflection of parcels visited, confirmed, volunteered for testing.
- Long Term Recovery Planning.
- Ensuring State agencies to stay connected with Emergency Coordination Centers.
- Ensuring State workers in the local EOC know their role.
- Participated in Local agency briefing.
- Participated in State Agency Conference call.
- Participated in Distribution Process meeting.

• SEOC State Agency Briefing
• Warehouse Numbers as of 1800:
❑ Water (liters):
• 652,382 liters or 54,365 cases.
❑ Filters (faucet):
• 49,148.
❑ Replacement cartridges:
• 378,410.
❑ Test Kits (prepped):
• 18,642.
• PODs (1700 2/7 – 1600 2/9):
❑ Water (cases):
• 48,984 liters or 4,082 cases.
❑ Filters (faucet):
• 123.
❑ Replacement Cartridges:
• 293.
❑ Test kits:
• 114.

Finance Section:
• Continued to research organizations accepting monetary donations for City of Flint Water emergency and how the funds are utilized
• Continued to develop spreadsheet to track lodging being billed directly to EMHSD for state agency approval of individuals being billed and for accuracy in payment.
• Update weekly financial status reports as data becomes available from state agencies.
GIS Branch Updates:
• Updated Water Test Results.
• Provided food establishment spreadsheet to MDARD.
• Provided filter status vs. contacts made spreadsheets to recovery.
• Coordinated with DNR regarding Sentinel App.
• Provided Filter Status vs. Water Testing Map for SEOC Command.
• Began work on low income map for SEOC Command.
• Published final layers for Team Activity and POD Activity to ArcGIS Online for V1 through V3 Data.

DTMB:
• Continued to provide DTMB management with daily updates and resource requests received.
Contacted DTMB Risk Management regarding injuries at warehouses.
Coordinating equipment delivery for Pierson Road warehouse.

DHHS-CH:
• Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.
• Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy, under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.
• Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

DEQ:
• Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow.
• Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.
• Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.
• Reviewed upcoming deadlines from EPA Order tracking spreadsheet.
• Coordinated putting together sentinel site teams.

State Voluntary Agency Liaison (VAL):
• Met with FEMA, county and city to develop distribution transition plan.

Unified Coordination Group (UCG):
• Approved IAP #8.
• EPA: Most residents not using their water for anything other than bathing. Also, not running the water. This is an issue for chlorine and phosphate. Concerns for summer, chlorine can cause increased bacteria.
• MDEQ: Visited every home adjacent to high lead lines.
Visited all homes higher than 15 ppb.
• HMTF: Working with GCHD to have a clear idea of what has been completed and what additional needs to exist.
• HMTF: Working on redirecting 211 calls from the state to the county so they can sustain long term.

Local EOC:
• Incident Command, Liaison Officer and Logistics Section Chief in Lansing for long-term distribution planning discussions with representatives from City of Flint and SEOC.
• Determined team-make up and staffing for Sentinel Site Monitoring Teams in coordination with SEOC, UCG and MDEQ ECC.
• Finalizing plans for deployment of Sentinel Site Monitoring Teams starting 02/10/2016.
• Updating IAP to include current work assignments.
• Elevated Copper Initial Assessment Task Force visited 11 addresses with elevated copper and Lead-water levels.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

## Emergency Declarations

**Damage Assessment Summary**

**Joint Information Center / Public Information Officer**

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 9. The JIC was operational until 9 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from inquiries about state costs incurred due to the Flint water emergency to testing dogs for lead toxicity. Media inquiries have continued to decline.
- Created a morning and afternoon media monitoring report.
- Created a Daily JIC Activities email to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issue a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Continued updating and revising internal and general talking points to better reflect ongoing information.
- Continued routing public information materials for approval, including a newsletter article from the Michigan Department of Corrections and a Lead Toxicity fact sheet from MDARD.
- Continued discussions on drafting a news release to announce high-lead and copper teams that are beginning operations this week.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic, Mandarin Chinese and other languages.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.
- Revised staffing needs for next two-week period to reduce number of PIOs needed. Working to have staffing for February 16 – 26 by Thursday.

**Agriculture and Rural Development (MDARD)**

MDARD's field activities for 2/9/16 included:
- 2 food establishment assessments conducted (both follow-up) and 2 in use water samples collected
- 5 water sample requests/appointments were scheduled

NOTE: There was a break in the water main at the Flint Water plant, so staff were unable to collect the majority of planned water samples today.

As of 2/8/16, MDARD has completed a total of 331 food establishment assessments (263 initial/68 follow-up). 231 establishments are verified to be in compliance (70%). All high and medium risk firms have had an initial assessment. 196 water samples have been collected and 137 are currently scheduled. Data is now being auto-calculated, resulting in reduction in total assessments reported on 2/5/16, but is now a more accurate count of total assessments.

The food establishment list with assessment, sampling and test results has been combined and mapping activities are underway.

MDARD has a conference call on February 10th at 8:30 am with stakeholder groups, including MSU, MDHHS and Genesee County to provide an update on current lead testing plans for dogs and to explore funding options and other assistance to provide additional testing.

The keep your pet safe from lead poster was posted on the FlintWater website (attached). A veterinarian guidance document was finalized today and will be posted as soon as possible.

**American Red Cross (ARC)**

The American Red Cross deployed 10 Water Response Teams on Tuesday, 2/9/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Wednesday.

**Civil Rights (MDCR)**

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed foreign languages documentation.

**Community Health (MDCH)**

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.

Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy

Under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.

MDHHS held a conference call with the Michigan Pharmacist Association and other community pharmacy members to discuss the potential role of pharmacies in the Flint response efforts. Options will be explored in regards to blood lead testing, communications, and nutritional counseling.

Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

**Corrections (MDOC)**

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

MDOC had 14 employees on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow

Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

Coordinated putting together sentinel site teams .

Briefed updated Incident Objectives to reflect activities for the upcoming week.

**Human Services (MDHS)**

Looking into filtration system for a child care institute, possibly through donation.

Donation details being entering into MI CIMS.

211 reporting that the number of calls related to Flint was down to 10.5% for Feb 1 - Feb 7.

Daily update conference call with MDHHS Budget & Field Operations.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team
LARA completed mapping at the International Academy of Flint and created a materials list.
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 0913002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and the utilization of station 5 fuel pump is being requested through city of Flint liaison.

b. 4 Detroit Piston players will be purchasing food and visiting the POD Soldiers in appreciation of their assistance to Flint.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Water main at Dort highway near I475 has broke causing massive flooding. Water has been shutoff in respected areas therefore increasing water request at POD locations.

10. LOGISTICS: In support of TF Flint

a. The order for a pallet of rock salt from the state purchasing office should arrive at warehouse COB 09Feb2016.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-6422 Water (Gallons)1160 Lead Testing Kits-250

Pur Filter-52 Pur Replacement Filter-255

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

DEQ contacted MSP reference providing telephone numbers for approx. 400 residences in Flint for Sentinel site sampling efforts. DEQ was advised MSP is unable to provide information.
****Valencia Jones - SEOC OPS Public Safety MSP - jonesv4@michigan.gov at 14:58:30 on 2/8/2016****

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management with daily updates and resource requests received.

Contacted DTMB Risk Management regarding injuries at warehouses.
Coordinating equipment delivery for Pierson Road warehouse.

**Transportation (MDOT)**

Providing staff to Pierson Rd. warehouse.

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

**Notes from Sunday, February 07, 2016**

**Flint Water Crisis RRF Notes**

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval.

**Problem #2**: Fuel for MDOT lights – the (2) lights that MDOT dropped off are powered by diesel generators. No fuel or fuel cans were left for these generators.

Solution – Obtain fuel cans and approval to utilize city diesel pumps, such as the tank at fire station 6, to allow station 5 to keep using the MDOT lights.

Response – LEOC & SEOC logistics sections have approved use of station 6 diesel pumps and are in the process of obtaining fuel cans.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/02/2016 08:00:00 |
| **Operational Period End:** | 02/09/2016 08:00:00 |
| **Situation Report No.** | 33 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/07/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/07/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 7, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Coordinating with SBA for office space in Warehouse #2.
- Still working on getting the supplies and equipment needed to make the second warehouse functional.
- Requested security for Warehouse #2.
- Updated Donations Guidelines to include Warehouse #2.
- Updated 204's to include Warehouse #2.

JIC:
- Continued media and social media monitoring.
- Added Pierson Road Warehouse on the Donation Guidelines document on the website.
- Shared yesterday's numbers on social media.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, and Distribution Process Meetings.
- Worked with GIS to obtain a list of active water subscribers without filters who were marked as vacant in the field.
- Working on compiling one Access and Functional Needs list for long-term planning efforts.
- Team Priority Visited Today: Zero Contacts from Previous Sweeps List.
- Team Priority for Tomorrow: Active Water Subscribers without filters marked vacant.
- 10 American Red Cross teams scheduled for Monday, February 8.

- Data is for 2/7/16 as of 5:00 pm:
o Total homes visited:
- 17,682 (round 3 total).
- 1,121 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
- 124,032 liters or 10,336 cases (round 3 total).
- 8,124 liters or 677 cases (today).
o Replacement cartridges:
- 3,644 (round 3 total).
- 312 (today).
o Faucet filters:
- 7,185 (round 3 total).
- 92 (today).

Planning Section:
- Published Sit Rep # 33.
- Updated water projections to included long term donated water.
- Participated in daily meetings, local EOC, state agency briefing, and distribution process meeting.

Operations Section:
- Address high copper test results - filters issued will not address copper and lead both.
- DEQ & DHHS indicate there are no major concerns with higher copper levels, everyone needs a certain amount of copper intake daily.
- Address request for LE for 10 State high lead home teams.
- Address MDARD activities in regard to testing pets.
- Additional information will be put out through the JIC.
- Advise of problem with EPA not coordinating with state team for high lead level.

Warehouse Numbers as of 1800:
- Water (liters):
- 593,210 liters or 49,434 cases.
- Filters (faucet):
- 50,096.
- Replacement cartridges:
- 379,562.
- Test Kits (prepped):
- 18,504.
- PODs (1700 2/6 – 1600 2/7):
- Water (cases):
- 54,492 liters or 4,541cases.
- Filters (faucet):
- 76.
- Replacement Cartridges:
- 192.
- Test kits:
- 65.

Finance Section:
- Begin updates to cost reports for upcoming week submittal.
- Notice to EMHSD staff concerning additional DCDS coding requested by State Budget Office for hours relating to City of Flint Emergency.
- Review FEMA RRF report for current costs and state cost match.
- Notice to Financial Unit regarding additional coding to be entered on any and all bills paid in relation to City of Flint Emergency.

GIS Branch Updates:
- Water Sampling Update Maps.
- MDARD Food Establishment Maps by Team Assignment Area.
- Worked Water Pressure Lines Digitization.
- Editing the field team data/POD data to put points inside respective polygons.
- JIC and Parcel Pairing Map.

DTMB:
- Continue to provide DTMB management with daily updates and resource requests received.
- Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.

DHHS-CH:
- The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
- A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology.
- Inquired with the CHECC regarding GCHD participating in home visits for residences for which test results were greater than 150 PPB.
- DEQ provided SEOC with a list of the homes visited and it appeared that only the home that was listed included a visit by GCHD staff. The CHECC will be contacting the GCHD on Sunday to verify with the local Environmental Health POC, who is off today.

DEQ:
- Participation in Unified Coordination Group.
- Developed detail task list for SEOC DEQ desk.
- 223 samples received at the laboratory.

State Voluntary Agency Liaison (VAL):
- Working with State Agencies to determine if a need exists for their activities on the ground in Flint that could benefit from the potential local hire program.

Unified Coordination Group (UCG):
- Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
- EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC:
- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Injuries:
- February 2, 2016, a FEMA staff person injured his knee while picking up a small package. The staff person did not realize the extent of his injuries until today. He received a medical assessment at the Flint Hospital; an incident report will follow his assessment.
- On February 5, 2016, a Sergeant with the MDOC assigned to work at the Bell Warehouse was injured. The Sgt. was transported to Fire Station #6 to meet with an on-site ambulance and was transported to Hurley Medical Center. The Sgt. was evaluated, treated, and then released to report to a hospital closer to his home.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWCC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

| TOTALS: | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | $0 |

**Damage Assessment Summary**

**Agriculture and Rural Development (MDARD)**

MDARD issues for Sun. Feb 7
A new map with updated information has been developed for MDARD by SEOC-GIS, and will be used for additional follow up with food related businesses this week.
Concerns are being expressed about lead poisoning in service/companion animals since those might tend to be more with the functional needs population, who may be unable to afford blood testing of their animal. SEOC-OPS has requested information that could be put out publically that may be an offer of assistance, if needed, for those concerned. That information could be provided to 211 who could then assist in getting them the appropriate and available help. MDARD will connect with their partners including MSU College of Veterinary Medicine and others on this issue and report back to OPS.

**American Red Cross (ARC)**

The American Red Cross deployed 10 Water Response Teams on Sunday, 2/7/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Monday.

No water test kits were assembled Saturday or Sunday. We anticipate that production will resume on Monday.

**Civil Rights (MDCR)**

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities.

**Community Health (MDCH)**

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.

Coordinated with the CHECC to send MDHHS staff to the Genesee County EOC this upcoming week to accompany the DEQ teams that are conducting home visits for those residences that water tested above 150 PPB of lead. In addition, DEQ and MDHHS staff will be making initial visits to the homes on Monday and Tuesday that have tested above the 1300 PPB level for copper. DEQ has requested one health staff member per team going out each day, and the goal is to send 1 team on Monday, 1 team on Tuesday, and 10 teams on Wednesday.

Held afternoon conference call with CHECC leadership to discuss activities and updates. The CHECC continues to work diligently to strategize and develop a plan for a blood lead testing campaign for all children.

Confirmed that Ginna Holmes will be providing training to MDHHS staff in the CHECC that will be assisting her with donation management. Pam Strobel has offered to attend as well and provide access and instructions to use the new Donations board in MICIMS. Pam will also ensure that donations management is aligned with SEOC logistics.

Confirmed with the CHECC and the SEOC Operations Branch that Barbara Reynolds from CDC is no longer in Michigan but may return in the near future. If she returns and is available to provide training to state officials in the Governor's office and MDEQ staff, then that request will be considered and coordinated through the JIC (per the direction of SEOC Operations).

Requested that DEQ include the GCHD Environmental Health representative, who is in the GC LEOC today, in planning discussions regarding protocol development for elevated copper levels identified in water samples.

Participated on the Local EOC Call at the request of SEOC Operations Chief. Locals expressed concern over the 31 locations that have tested with copper levels above the EPA standard (1300 PPB). The LEOC requested that MDHHS and DEQ work with the JIC to enhance messaging on this topic. Held a conference call with the CHECC executive group to discuss this request. copper information was located by the CDC ATSDR, and ATSDR was requested by the CHECC to assist with health messaging to the public. The MDHHS PIO will be coordinating with the JIC, DEQ and MDHHS on to accomplish this.

**Corrections (MDOC)**

MDOC continued operations at both warehouses and all PODs were well supplied during the entire operational period.

MDOC continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

143 water samples were collected and delivered to the DEQ Lab in Lansing.

MDOC had 14 employees and one SAI work crew (6 trainees total) on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

- Research of copper reduction certified filtration systems. 31 homes with elevated copper results >1300ppb. Local EOC will coordinate contacting residents; provide bottled water and health information, retest and develop plans for reverse osmosis filtration installation.
-

□ 143 samples were received at the laboratory

- Continued work on closing communication and administrative gaps.
- Produced tracking sheet for the request by U.S. Congressional Committee of Energy and Commerce.
- Reviewed upcoming deadlines from EPA Order tracking spreadsheet.
- Organization Chart was updated.
- Updated incident objectives to reflect activities for the upcoming week.

**Human Services (MDHS)**

Looking into filtration system for a child care institute, possibly through donation.

Passing on resource request for staff to assist with donation management mission.

Continue to review activities to provide support and assistance to Human Services branch and other SEOC entities.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Review and finalization of Contract with plumbers via Plumbers and Pipefitters Local 370. Volunteer plumber will participate in copper testing teams on Monday, February 8.
Clarification of response outreach needs for Child Care, Adult Foster Care and other facilities was provided.
Translation services for various documents continue to be provided as needed.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 0713002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: (517) 582-4816 Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 65 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Traffic signs are in place at all stations. Flint City Engineering with the aid of National Guard Soldiers, have placed signs in accordance with city code.

b. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and fuel card have been requested through SEOC. Alternate methods may
be considered.

c. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

d. Last 24hrs operation.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations.58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: No Force Protection intelligence at this time.

10. LOGISTICS: In support of TF Flint

a. In support of recycle project sponsored by Schupon, the special purpose recycle bags have now been incorporated into POD operations and being distributed.

b. Hotel issues have been resolved.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-6834 Water (Gallons)-78 Lead Testing Kits-264
Pitcher (23 cup)-0 Brita Faucet Filter-100 Brita Replacement Cartridge-161
Pur Filter-36 Pur Replacement Filter-255

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

*Department POC's include:*
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
*President, CEO*
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management with daily updates and resource requests received.

Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.

**Transportation (MDOT)**

*Providing 2 portable light tower generators to Fire Station #5 on Western Rd.*

Facilitated with the City of Flint Public Works to deploy signs and barricades at Fire Station #1, #5, and #8 to assist with traffic flow through parking lots.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs fabricated and set up to replace 4 portable changeable message boards (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

**Notes from Saturday, February 06, 2016**

**Flint Water Crisis RRF Notes**

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval.

**Problem #2**: Fuel for MDOT lights – the (2) lights that MDOT dropped off are powered by diesel generators. No fuel or fuel cans were left for these generators.

Solution – Obtain fuel cans and approval to utilize city diesel pumps, such as the tank at fire station 6, to allow station 5 to keep using the MDOT lights.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/02/2016 08:00:00 |
| **Operational Period End:** | 02/09/2016 08:00:00 |
| **Situation Report No.** | 32 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/06/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/06/2016 20:00:00 |

### *Executive Summary*

SEOC Update:
Accomplished today (February 6, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Followed up on request for equipment/supplies from ALANaid for new warehouse.
- Reviewed and modified Adventist Community Service Agreement.
- Working to secure space in Kroger for SBA office, additional information needed from SBA.
- Working on getting the supplies and equipment needed to make the second warehouse functional.
- Clarified roles at both warehouses.
- Worked with DOC to coordinate staffing for warehouse #2 to determine needed meals.

JIC:
- Monitored media and social media for inaccuracies.
- Posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- Posted the 211 video on the MSP Facebook accounts and EMHSD twitter account.
- The number of filters and cases of bottled water distributed to date will be shared via social media tomorrow morning.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, and Distribution Process Meetings.
- Completed plan for ARC to visit zero contact list.
- Worked with GIS to obtain a follow-up visits list for ARC teams to visit homes with few visits by our teams, focusing especially on those without a filter.
- Team Priority Visited Today: Zero contacts from previous sweeps list.
- Team Priority Scheduled Tomorrow: Zero contacts from previous sweeps list; follow-up visits list.
- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- Data is for 2/6/16 as of 5:00 pm:

o Total homes visited:
- 16,561 (round 3 total).
- 1,034 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 115,908 liters or 9,659 cases (round 3 total).
- 4,368 liters or 364 cases (today).

o Replacement cartridges:
- 3,332 (round 3 total).
- 265 (today).

o Faucet filters:
- 7,093 (round 3 total).
- 81 (today).

Planning Section:
- Published Sit Rep # 32.
- Updated water projections to included long term donated water.
- Developed procedures for each planning section position.
- Participated in daily meetings, local EOC, state agency briefing, and distribution process meeting.

Operations Section:
o Facilitated daily local EOC and SEOC state agency briefings.
o Responded to requests from the Governor's office for information or service and assisted State agencies in fulfilling those tasks.
o 225 total volunteers (23 ARC and 202 event based) were active on the FWRTs today.

o Warehouse Numbers as of 1800:
❑ Water (liters):
• 647,462 liters or 53,955 cases.
❑ Filters (faucet):
• 50,096.
❑ Replacement cartridges:
• 379,562.
❑ Test Kits (prepped):
• 29,070.
o PODs (1700 2/5 – 1600 2/6):
❑ Water (cases):
• 83,268 liters or 6,939 cases.
❑ Filters (faucet):
• 121.
❑ Replacement Cartridges:
• 388.
❑ Test kits:
• 256.

Finance Section:
• Updated spending plan with actual costs.
• Updated financial contact list for all agencies.
• Created PCA for Flint Water Inter-Agency Coordination Committee.
• Reviewed activity code usage for payroll tracking.

GIS Branch Updates:
• Geocoded and cleansed addresses for food establishments in the Flint Metro Area.
• Digitized water service lines coded by pressure from paper map onto digital map.
• Provided standard daily maps and reports.
• Faith Based Facilities Map.
• Water Test Kit Map Update.

DTMB:
• Continue to provide DTMB management with daily updates and resource requests received.
• Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.
• Provided DNR calendar access for incident management team and VPN access for two employees.
• Confirmed DTMB trucks/drivers to assist in supply delivery at the Clio Road warehouse and Eastern Michigan Food Bank for the next two weeks.

DHHS-CH:
• A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology.
• Contacted MDARD EMC to follow-up on an inquiry that the CHECC received from CDC personnel in the UCG, regarding pets and animals in Flint. MDARD was able to connect with CDC staff in Flint to discuss and collaborate on efforts.
• Inquired with the CHECC regarding GCHD participating in home visits for residences for which test results were greater than 150 PPB. DEQ provided SEOC with a list of the homes visited and it appeared that only home that was listed included a visit by GCHD staff.

DEQ:
• One team comprised of DEQ and DHHS staff continued with contacting residents and providing services. The team contacted 13 residents on February 4, 2016. All those agreed to participate in sentinel sampling and further assessments.
• Access to the Flint Water website was gained to provide for the ability of department staff to upload EPA reports.
• Finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
• Continued to establish and clarify protocol for sampling teams and developed mobile data collection software application ("Collector").

State Voluntary Agency Liaison (VAL):
• Working on the Category B and Individuals and Households appeal.

Unified Coordination Group (UCG):
• Attended 3 matrix review meetings, taskforce leads give status updates on the original requests/asks sent from the State to Federal government.
• UCG POC will update the objectives with current status once completed by the information cell.
• EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
• Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
• Multiple Hispanic events are taking place in the community and will be attended by federal staff.
• CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC:
• Completed DEQ outreach at homes with water lead levels above 150 ppb.
• Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
• Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
• Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb. 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
• Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
• Awaiting clarification regarding effectiveness of filter systems for removal of copper.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWCC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

## Agency Summaries

### Joint Information Center / Public Information Officer

The Joint Information Center (JIC) operated from the SEOC on Saturday Feb 6 from 8 a.m. to 5 p.m.

Tasks accomplished:

- Monitored media and social media for inaccuracies.
- Posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- Posted the 211 video on the MSP Facebook accounts and EMHSD twitter account.
- The number of filters and cases of bottled water distributed to date will be shared via social media tomorrow morning.

### Agriculture and Rural Development (MDARD)

MDARD issues for Sat. Feb 6
Someone from CDC provide a Q & A document related to lead and pets; MDARD staff will review and then coordinate with the JIC.
We received an inquiry from the Genesee County Emergency Management Manager that contained misinformation about the coordination and response to possible lead exposure in pets and we provided correct information.
MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
Director Clover Adams visited the SEOC today.
MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be announcing funds to support community gardens and local foods.

### American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Saturday, 2/6/16, to attempt contact at those residences where no one had yet answered the door. Additionally, teams of event-based volunteers were sent out to deliver water door-to-door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will operate on the same schedule tomorrow.

### Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed media coverage of Michigan Civil Rights Commission press release on forthcoming public hearings; forwarded to staff past media coverage concerning Genesee County Incinerator.

### Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.

A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.

Contacted with MDARD EMC to follow-up on an inquiry that the CHECC received from CDC personnel in the UCG, regarding pets and animals in Flint. MDARD was able to connect with CDC staff in Flint to discuss and collaborate on efforts.

Inquired with the CHECC regarding GCHD participating in home visits for residences for which test results were greater than 150 PPB. DEQ provided SEOC with a list of the homes visited and it appeared that only home that was listed included a visit by GCHD staff. The CHECC will be contacting the GCHD on Sunday to verify with the local Environmental Health POC, who is off today.

Received responses from MDHHS Epidemiology pertaining to the Tele-town Hall questions that the SEOC Operations Chief had requested answers to from a health perspective.

### Corrections (MDOC)

MDOC continued operations at both warehouses and all PODs were well supplied during the entire operational period.

MDOC continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

223 water samples were collected and delivered to the DEQ Lab in Lansing. 223 Residential and zero MI Department of Agriculture and Rural Development (MDARD) (as they don't take weekend samples).

MDOC had 19 employees and two SAI work crews (10 trainees total) on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week.

Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

**Education (MDE)**

1. Donations Management Group asked MDE for information regarding which schools in Flint have drinkable water and which schools do not. This request was in response to schools turning down bottled water. Donations management wants verification of what schools need water. MDE is following-up with impacted schools. MDE will update the Donations Management Group when further information is received.
2. MDE participated in a conference call, Friday (15:00) being coordinated by MDARD and related to school testing
3. As a result of conference call, MDE tasked with providing LARA a listing of all educational programs (Non Public) that are within impacted zip codes that are not registered with MDE as a school/entity (Non Publics are not required to register with MDE).
4. MDE is working to provide a spreadsheet to DHHS with the names and addresses of all Flint kids enrolled in Early Head Start/Head Start under age 6. The information will be compared to the list of children who have had lead testing.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Participation in Unified Coordination Group

Developed detail task list for SEOC DEQ desk

223 samples received at the laboratory

**Human Services (MDHS)**

Looking into filtration system for a child care institute, possibly through donation.

Passing on resource request for staff to assist with donation management mission.

**Licensing and Regulatory Affairs (LARA)**

Participated in daily briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

LARA completed mapping in the dormitory, (Michigan School for the Deaf) and completed a materials list for the main school building.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 0612002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: 1LT Roland, John G. Cell: Email: john.g.roland2.mil@mail.mil

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Traffic signs are in place at all stations. Flint City Engineering with the aid of National Guard Soldiers, have placed signs in accordance with city code.

b. POD 5 has received additional generator lighting from MDOT. All PODs now have sufficient lighting.

c. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

d. Last 24hrs operation.

1.) MSU Athletics showed up to the PODs unannounced in order to promote recycling. The original plan was to have the athletes

promote recycling from the Warehouse 2 location. All efforts went without any incidents, even with the lack of planning and coordinating.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: No Force Protection intelligence at this time.

10. LOGISTICS: In support of TF Flint

a. In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations.

1.) Logistics is expecting the recycle bags to be on the PODs for distribution within the next 48hrs. In addition the instruction cards will be attached to the recycle bags.

b. Hotel issues have been resolved.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-4507 Water (Gallons)-40 Lead Testing Kits-214
Pitcher (23 cup)-0 Brita Faucet Filter-206 Brita Replacement Cartridge-303
Pur Filter-62 Pur Replacement Filter-280

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

*Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.*

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

11:38 a.m. MSP Operations received NRC Report# 1139847 reporting a spill into the Flint River that occurred July 1, 2015. This information was forwarded the EMHSD Duty Officer Tonya Nobach and EMHSD 3rd District Coordinator Lt. B.J. Roach.
****Mardella Horhn - SEOC OPS Public Safety MSP - HorhnM@michigan.gov at 12:20:29 on 2/5/2016****

11:17 a.m. - Brent Travelbee from DOC called Operations to request a trooper to respond to the Clio Road Warehouse to take an accident report for one of his drivers. Genesee County Dispatch was contacted at 11:28 to dispatch a trooper for the report.
****Mardella Horhn - SEOC OPS Public Safety MSP - HorhnM@michigan.gov at 12:15:54 on 2/5/2016****

Request received from SEOCLGC to find out Customs procedure for Canadian carrier company interested in arranging efforts to have truckloads of water brought across the border. These shipments require an importer of record and must be entered through US Customs and FDA. Spoke with officer at CBP and sent an email that will be forwarded through their chain of command. Will contact us with an answer.
****Valencia Jones - SEOC OPS Public Safety MSP - jonesv4@michigan.gov at 17:54:28 on 2/5/2016***

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management with daily updates and resource requests received.

Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.
Provided laptop, iPhone and MIFI for use at the Pierson Rd. Warehouse.
Provided access for multiple employees to DTMB-managed buildings.
Coordinating armed security for the second warehouse from 7p to 7a, 7 days a week.
Procured additional supplies for the Pierson Rd. Warehouse.
Assisting in rental of (2) electric pallet jacks for Pierson Rd. Warehouse.

**Transportation (MDOT)**

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Facilitated with the City of Flint Public Works to deploy signs and barricades at Fire Station #1, #5, and #8 to assist with traffic flow through parking lots.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs fabricated and set up to replace 4 portable changeable message boards (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

## Incident Related Images

# Genesee County EOC – 2015-10-01-City of Flint-Water Contamination / Shortage Situation Report #26, 02/06/2016

## Operational Period:

| | |
|---|---|
| **Operational Period Begin:** | 02/02/2016 08:00:00 |
| **Operational Period End:** | 02/06/2016 08:00:00 |
| **Situation Report No.** | 1 |
| **EOC Status:** | Full |
| **EOC Hours of Operation Begin:** | 08:00:00 |
| **EOC Hours of Operation End:** | 21:00:00 |

## Situational Awareness:

After switch of primary water sources, the different characteristics of the water resulted in leaching of lead from pipes into the water supply. Subsequently, elevated blood levels exceeding past seasonal levels were observed in City of Flint children. Elevation of blood lead levels can cause immediate and long-term negative health effects, especially in children. Local residents in impacted area are in need of assistance regarding availability of potable water, filtering equipment, nutritional assistance and test kits as a result of the infrastructure failure.

The Genesee County EOC was activated following a declaration of a Local State of Emergency on January 4, 2016. The City of Flint declared a Local State of Emergency on December 15, 2015. Governor Snyder declared a State of Emergency for Genesee County and the City of Flint on January 5, 2016. On January 14, 2016, President Obama declared a Federal State of Emergency for the State of Michigan and Genesee County.

## Objectives:

1. Ensure safety of responders and the public for the duration of the incident.
2. Develop recommendations for a community recycling program, primarily focused on plastic water bottles and packaging materials, by the end of the operational period.
3. Distribute water, filters, and test kits to the community and ensure distribution tracking.
4. Identify vulnerable populations in need of water, filters, and test kits.
5. Maintain a unified procedure and message to communicate water sample test results to residents.

## Summary of Response Activities:

Incident Command/Operations Section:

- Completed DEQ outreach at homes with water lead levels above 150 ppb.
- Developing plan for outreach at homes with water lead levels of 100 to 149 ppb:
    - Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
    - Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
- Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
- Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Planning Section:

- Track levels and distribution of supplies at Fire Station PODs.
- Implementing recycling program with Community Recycling Coalition. Evaluating need for printing of information cards and door hangers. Discussed future volunteer engagement opportunities related to recycling with ARC.
- Developed SitRep #26.

Logistics Section:

- Coordinated with SEOC Logistics to secure trucks for continuous use.
- Supported Michigan Community Service Commission regarding donations management.
- Resource requests/task assignments coordinated through Genesee County EOC:
  - Total: 72
  - New request: 0
  - Needs more information: 0
  - Planning: 0
  - Assigned: 1
  - In progress: 3
  - Mobilized: 0
  - Cancelled: 11
  - Unable to fill: 1
  - On-scene: 17
  - Complete: 39
  - Demobilized: 0

Liaison Officer:

- Obtained and secured access to new warehouse location in coordination with landlord.
- Facilitated garbage pickup at Fire Station 3 POD with Republic Services.

Genesee County Health Department:

- Working on lead testing mandate – 0 - <6 by April 1st. Approximately 9,300 infants/children need to be tested between 10/1/15 – 4/1/16. Approximately 2000 infants and children have been tested since 10/1/15.
  - Two blood lead level testing clinics scheduled for 02/08/2016. More than 10 additional clinics planned.
  - Additional large scale clinics will most likely be necessary to fulfill testing mandate by 01/04/2016.
- Advised 53 households with water lead levels above 150 ppb not to drink filtered water, as it is unclear if filters will remove lead exceeding that level.

Genesee County Sheriff's Office:

- Providing information to affected residents through Sheriff's Office hotline.
- Providing 800 MHz radio communications equipment to warehouse.
- Sheriff Pickell serving as Genesee County PIO.
- Providing security at incident facilities.

Michigan Community Service Commission:

- Managing filter, water and cash donations.
- Coordinating for volunteer management with American Red Cross and other VOADs.

Michigan Department of Environmental Quality:

- Visited two homes to complete DEQ outreach at homes with water lead levels above 150 ppb.

National Guard:

- MSU Athletics provided volunteers at PODs on short notice. EOC staff did not coordinate efforts with Fire Department in advance. The original plan was to have the athletes promote recycling from the Warehouse 2 location. Volunteer contribution went without any incidents, even with the lack of planning and coordination.
- Traffic signs are in place at all stations. Flint City Engineering with the aid of National Guard Soldiers, have placed signs in accordance with city code.
- POD 5 has received additional generator lighting from MDOT. All PODs now have sufficient lighting.

American Red Cross:

- Mobile distribution teams comprised of event based and ARC volunteers along with NCCC group distributed bulk items.
- VRC open and placing volunteers in work groups.

United Way of Genesee County:

- Receive and manage donations (cash and supplies).
- Soliciting large volume donations. Network with and engage large volume-donors.
- Provide information updates to 211 hotline staff.
- Receive information from affected populations through 211 hotline.

## Weather:

**Sunday**

Mostly cloudy, with a high near 45. South wind 10 to 14 mph, with gusts as high as 21 mph.

**Sunday Night**

A chance of rain and snow showers before midnight, then a chance of snow showers. Cloudy, with a low around 30. South southwest wind 5 to 9 mph. Chance of precipitation is 40%.

**Monday**

A chance of snow showers. Cloudy, with a high near 39. West southwest wind around 6 mph. Chance of precipitation is 40%.

## Damage Assessment:

**Infrastructure Damage Assessment**

Preliminary estimates for damages in City of Flint:

| | |
|---|---|
| Private Damage | $ 54,619,500 |
| Public Damage | $712,800,000 |
| **Total Damage** | **$767,419,500** |

**Health Damage Assessment**

TBD

**Notes from Monday, February 08, 2016**

## Flint Water Crisis RRF Notes

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval.

**Problem #2**: Fuel for MDOT lights – the (2) lights that MDOT dropped off are powered by diesel generators. No fuel or fuel cans were left for these generators.

Solution – Obtain fuel cans and approval to utilize city diesel pumps.

Response – LEOC is working to get approval and required codes for diesel pump at station 5. Fuel cans are still needed.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
- Pallet of rock salt ordered by Dana in the state purchasing office should arrive at Clio Rd warehouse today and be distributed amongst POD's by COB.
- 4 Detroit pistols plays, who would like to remain anonymous, will be purchasing food for the POD workers today to show their appreciation for our assistance to Flint.

**Notes from Tuesday, February 09, 2016**

## Flint Water Crisis RRF Notes

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval.

**Problem #2**: Fuel for MDOT lights – the (2) lights that MDOT dropped off are powered by diesel generators. No fuel or fuel cans were left for these generators.

Solution – Obtain fuel cans and approval to utilize city diesel pumps.

Response – LEOC is working to get approval and required codes for diesel pump at station 5. Fuel cans are still needed; request was made to Dana in the state purchasing office to local purchase a fuel can.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
- There was a plumbing issue at station 8 but the LEOC city of Flint liaison dispatched a plumber immediately and the problem seems to be resolved.
- Award letter recommendations will be complete by COB today.

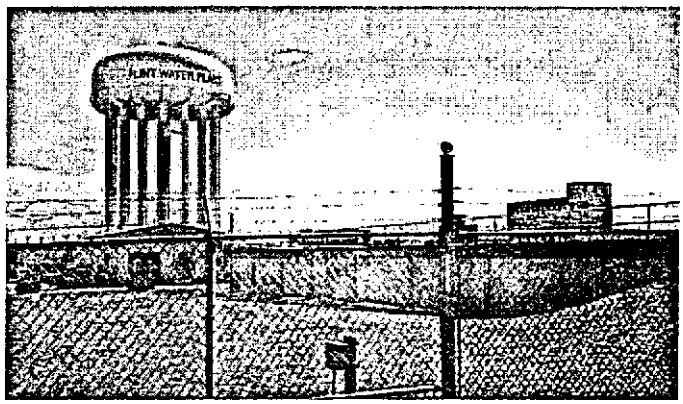
# Incident Action Plan



4. Prepared by: Zachary Baker Date / Time: 02/08/2016 15:02:26

Incident

**1. Incident name: 2015-10-01 City of Flint-Water Contamination/Shortage**
**2. Operational Period from: 02/09/2016 08:00:00to: 02/16/2016 08:00:00**

## 3. Objective(s)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

## 4. Operational Period Command Emphasis:

1. Provide regular local and technical briefings.
2. Identify life safety issues.
3. Identify priorities.
4. Provide policy direction by observance of SEOC SOPs.
5. Seek technical guidance from relevant federal agencies.
6. Provide regular legislative/congressional briefings.

## General Situational Awareness:

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions.

Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting. Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics.

Before December 16, 2015, $9.35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

## 5. Site Safety Plan Required?

Yes ☐ No ☑

**Approved Site Safety Plan(s) Located at:**

## 6. Incident Action Plan (the items checked below are included in this Incident Action Plan):

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/02/2016 08:00:00 |
| **Operational Period End:** | 02/09/2016 08:00:00 |
| **Situation Report No.** | 34 |
| **SEOC Status:** | Full |
| **SEOC Hours of Operation Begin:** | 02/08/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/08/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 8, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Working with local EOC to find a suitable space for SBA.
- Conference call with Adventists on agreement and staffing.
- Coordinated pallet use for Warehouse #2.

JIC:
- Worked with FEMA to coordinate a 2:30 p.m. legislative and congressional conference call for Tuesday, Feb. 9, 2016.
- Had a visit from Governor Snyder and Richard Baird. Spent approximately 20 minutes discussing the role of the JIC and what we are hearing and doing.
- Drafted a news release about the team visiting homes with high copper levels. Release is routing through for final approvals before dissemination this evening.
- Drafted a news release about the American Red Cross playing a crucial role coordinating volunteer efforts during the Flint water emergency. Sent to ARC for review and approval prior to dissemination.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings, and Tactics Meeting
- Updated ICS 204 Forms (Obj. 1 and Obj. 6)
- Drafted Proposed Changes Plan for WRTs – submitted to Ops Chief to take up to Command
- Working on compiling one Access and Functional Needs list for long-term planning efforts
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant
- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant
- 10 American Red Cross Teams scheduled for Tuesday, February 9
- *Data is for 2/8/16 as of 5:00 pm:*

o Total homes visited:
- 18,529 (round 3 total).
- 847 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 128,592 liters or 10,715 cases (round 3 total).
- 4,980 liters or 415 cases (today).

o Replacement cartridges:
- 3,950 (round 3 total).
- 306 (today).

o Faucet filters:
- 7,283 (round 3 total).
- *98* (today).

Planning Section:
- Developed IAP #9.
- Published Sit Rep #34.
- Worked to develop new standard data reporting.

Operations Section:
- Operations assisted the state agencies and the local EOC in requests from the Governor's office from constituents.
- Operations participated in the following briefings:
- Unified Command Objectives meeting
- Local Agency briefing

• Command/General Staff/SEOC briefing
• Distribution Process meeting
• Tactics meeting
• Planning Meeting/SEOC
• Planning Meeting/SEOC
• Warehouse Numbers as of 1800:
❑ Water (liters):
• 582,536 liters or 48,544 cases.
❑ Filters (faucet):
• 49,520.
❑ Replacement cartridges:
• 378,140.
❑ Test Kits (prepped):
• 18,886.
• PODs (1700 2/7 – 1600 2/8):
❑ Water (cases):
• 60,588 liters or 5,049 cases.
❑ Filters (faucet):
• 146.
❑ Replacement Cartridges:
• 353.
❑ Test kits:
• 143.

Finance Section:
• Updated spending plan with actual costs.
• Updated State Cost Share - RRF information.
• Continue to identify organizations receiving monetary donations.
• Requested monetary donation information from United Way and Community Foundation of Greater Flint.

GIS Branch Updates:
• Develop an online application for Governor Snyder to view maps.
• Build orthophoto from video collected by the Trooper 2 helicopter.
• Compile lists of customers that have not received water filters for planning.
• Calculate number of homes visited by Flint Water Resource Teams for planning.
• Build data set to calculate how many times each parcel has been visited in the City of Flint.

DTMB:
• Continue to provide DTMB management with daily updates and resource requests received.
• Obtained equipment and supplies for the SBA Disaster Loan Outreach Center and 2629 Clio Road second warehouse.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
• Two letters addressed to the USDA have been signed by the MDHHS Director asking that they reconsider their decision to deny Michigan's request for exemptions which would allow for nutrition supplemental funding and for an increase in the availability and access to the WIC program in order to offer blood lead testing and services to children up to the age of 10 years old. These two letters were sent by the CHECC to the UCG today.
• Working with the DEQ to resolve confusion with local partners regarding teams visiting homes with high lead and/or copper levels reported, and the need for MDHHS staff to support the teams conducting home visits in order to provide health education and encourage blood lead testing. The CHECC is working to identify MDHHS staff that is available to accompany those teams, as needed.
• Received word that the DHHS ASPR, Dr. Nicole Lurie, will be visiting Michigan on Thursday.

DEQ:
• Worked to obtain contact information for residents to implement the Sentinel Sampling plan.
• Tracked Department of Corrections pickup and delivery of 246 residential water samples and 15 MDARD samples to DEQ lab.
• Began visits to residences with high copper results from water samples.
• Organized tasks and made assignments for gathering data for the response to Congressional Committee of Energy and Commerce.
• Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.
• Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

State Voluntary Agency Liaison (VAL):
• Developed ICS 204 form for Objective 12 on long term recovery.

Unified Coordination Group (UCG):
• No updates.

Local EOC:
• Worked with UA 370 to compile data on services rendered and infrastructure assessment.
• Worked with VAAA, 211, and the Radio Room to change the reporting process to alleviate duplicate efforts.
• Spoke with Director Paul Wallace, Genesee County Animal Control, regarding lead and copper questions coming from the public.
• Worked with Genesee County Comptroller to provide requested information on expenditures made on behalf of Genesee County for the current state of emergency.
• Evaluated Community Centers for possible future use as new PODs.
• Work with SEOC on office space for SBA.
• Local EOC Liaison Officer evaluated community centers for possible future use as new PODs.
• Genesee County Health Department is working on lead testing outreach plans and with MDHHS on the investigation of skin rashes.
• National Guard is developing an AAR and operational notes are being consolidated into SOPs to send to JOC to assist in updating the All Hazards Plan. An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

*12. Develop and implement a comprehensive long term recovery and transition plan.*
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

## Agency Summaries

### Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office and the American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered less than a dozen emails and phone calls, ranging from lead in animals to water donations and questions about water testing at the Genesee County Jail. Media inquiries were significantly down compared to previous days.
- Created a morning and afternoon media monitoring report.
- Updated and revised our internal talking points to better organize information.
- Continued routing public information materials for approval, including a fact sheet from EPA and facts sheets about lead in animals and pets.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic and other languages.
- Worked with FEMA to coordinate a 2:30 p.m. legislative and congressional conference call for Tuesday, Feb. 9, 2016.
- Created a tracking sheet to manage the number of foreign language documents for distribution.
- Had a visit from Governor Snyder and Richard Baird. Spent approximately 20 minutes discussing the role of the JIC and what we are hearing and doing.
- Drafted a news release about the team visiting homes with high copper levels. Release is routing through for final approvals before dissemination this evening.
- Drafted a news release about the American Red Cross playing a crucial role coordinating volunteer efforts during the Flint water emergency. Sent to ARC for review and approval prior to dissemination.

### Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/8/16 included:
- 19 assessments conducted (11 initial, 6 follow-up and 2 second follow-up)
- 18 water samples collected (12 first draw samples and 6 routine samples)
- 6 water sample requests/appointments were scheduled

As of 2/5/16, MDARD has completed initial water assessments at all food businesses in the high risk area and has conducted a total of 426 assessments (380 initial/ 46 follow-up). The compliance rate is 77%. 169 water samples have been collected and 131 are currently scheduled. MDARD has been receiving questions about how to find the list of food businesses that are in compliance mentioned in a 2/5/16 press release. The list is at: http://www.michigan.gov/flintwater/0,6092,7-345-75251_75382—,00.html

MDARD attended the USDA – Natural Resources Conservation Services (NRCS) press conference in Flint today. The Flint-Genesee County High Tunnel Initiative is a partnership led by USDA NRCS to promote healthy, locally-produced food through the use of high tunnels. NRCS is providing $300,000 in financial and technical assistance to help local growers purchase and operate high tunnels. Applications are due to Flint NRCS by May 18th.

MDARD will be meeting later this week with the Land Bank to discuss the Clean and Green program and obtain a list of community garden information to supplement the data already provided to MDARD by Edible Flint.

MDARD continues to respond to questions on service and companion animals. Informational documents for the public and veterinarians are in the final review stages.

### American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Monday, 2/8/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Monday.

### Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Maintain awareness of projects, events, and material going out. Advise if any of these may not be clear to or include those who may have communication or logistic barriers. Reassigned Donations Management Task to MDHHS.

### Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Two letters addressed to the USDA have been signed by the MDHHS Director asking that they reconsider their decision to deny Michigan's request for exemptions which would allow for nutrition supplemental funding and for an increase in the availability and

access to the WIC program in order to offer blood lead testing and services to children up to the age of 10 years old. These two letters were sent by the CHECC to the UCG today.

Working with the DEQ to resolve confusion with local partners regarding teams visiting homes with high lead and/or copper levels reported, and the need for MDHHS staff to support the teams conducting home visits in order to provide health education and encourage blood lead testing. ATSDR staff are working with MDHHS Environmental Health staff on copper informational materials for messaging purposes. The CHECC is working to identify MDHHS staff that are available to accompany those teams, as needed.

Received word that the DHHS ASPR, Dr. Nicole Lurie, will be visiting Michigan on Thursday. The details of her visit are unknown at this time.

**Corrections (MDOC)**

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

246 water samples were collected and 15 MDARD samples and delivered to the DEQ Lab in Lansing for a total of 261 samples delivered.

MDOC had 18 employees and two SAI work crew (10 trainees total) on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Worked to obtain contact information for residents to implement the Sentinel Sampling plan.

Tracked Department of Corrections pickup and delivery of 246 residential water samples and 15 MDARD samples to DEQ lab.

Began visits to residences with high copper results from water samples.

Organized tasks and made assignments for gathering data for the response to Congressional Committee of Energy and Commerce.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

**Human Services (MDHS)**

Looking into filtration system for a child care institute, possibly through donation.

Passing on resource request for staff to assist with donation management mission.

Training provided to donation management staff and staff from our Health side who are helping with donation activities.

Daily update conference call with MDHHS Budget & Field Operations.

Participated in all Branch Director planning day activities.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Volunteer plumber will participate in copper testing teams on Monday, February 8.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 0813002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: ( ; Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
- OUT (last 24 hours)

Bottled water-5407 Water (Gallons)-0 Lead Testing Kits-73
Pitcher (23 cup)-0 Brita Faucet Filter-72 Brita Replacement Cartridge-113
Pur Filter-28 Pur Replacement Filter-120

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will *also continue to update the Sit Rep Executive Summary as needed.*

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

*Department POC's include:*
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's *local Nursing Home Ombudsman continues to monitor* Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
*Flint, MI 48502*
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

DEQ contacted MSP reference providing telephone numbers for approx. 400 residences in Flint for Sentinel site sampling efforts. DEQ *was advised* MSP is unable to provide information.
****Valencia Jones - SEOC OPS Public Safety MSP - jonesv4@michigan.gov at 14:58:30 on 2/8/2016****

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000.

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management with daily updates and resource requests received.

Obtained equipment and supplies for the SBA Disaster Loan Outreach Center and 2629 Clio Road second warehouse.

**Transportation (MDOT)**

Providing staff to Pierson Rd. warehouse.

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

NOTES:

**Notes from Wednesday, February 10, 2016**

**Flint Water Crisis RRF Notes**

**Problem #1**: *Signs – Each station is using handmade signs that are neither durable nor professional in* appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval.

**Problem #2**: Fuel for MDOT lights – the (2) lights that MDOT dropped off are powered by diesel *generators. No fuel or fuel cans were left for these generators.*

Solution – Obtain fuel cans and approval to utilize city diesel pumps.

Response – Station 5 received a key and code for the diesel pump at station 5 from Fore Chief Cox and a gas can was locally purchased thus resolving this issue.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.

# Damage Assessment and Emergency Status Report

## Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

### Operational Period

| | |
|---|---|
| **Operational Period Begin:** | 02/09/2016 08:00:00 |
| **Operational Period End:** | 02/16/2016 08:00:00 |
| **Situation Report No.** | 36 |
| ***SEOC Status:*** | *Full* |
| **SEOC Hours of Operation Begin:** | 02/10/2016 08:00:00 |
| **SEOC Hours of Operation End:** | 02/10/2016 20:00:00 |

### Executive Summary

SEOC Update:
Accomplished today (February 10, 2016):

*The SEOC continues to provide:*
- Situational awareness.
- Common operating picture/objectives.
- *Coordination with city/county.*
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of *life/health safety measures.*
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- *Fielded Governor's office request.*
- Facilitated distribution team calls.
- Attended long term recovery meeting.
- *Coordinated water order with FEMA.*

JIC:
- Media hotline staff *answered less than 10 emails and phone calls,* ranging from the news media asking to embed with sentinel teams to inquiries about why schools in Flint were not tested for lead until October 2015.
- Key state agency PIOs attended the Governor's proposed FY2017 budget and Gov. Rick Snyder's media *roundtable in Lansing.*
- Continued routing public information *materials for approval, including an* updated recycling flier and a breast feeding and lead exposure fact sheet from MDHHS.
- Issued a press release about the state of Michigan launching new streamlined services for residents, with new testing sites to help *confirm* water quality.
- *Drafted a press release* about the next steps to take after the city of Flint issued a water warning on February 9, 2016.
- Drafted social media posts about ongoing Flint water emergency, including U.S. Small Business Administration's Flint Business Recovery Center and the American Red Cross and United Way playing *a crucial role coordinating volunteer effort.*

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution *Process Meetings, and Tactics Meeting.*
- *Merged lists compiled from various agencies* in to one master Access and Functional Needs (AFN) List.
- Met with Distribution Meeting participants regarding possible courses of action related to Boil Advisory and replacement cartridge distribution.
- Team Priority Visited Today: *Active Water Subscribers without filters* marked vacant or no contact.
- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant or no contact.
- 10 American Red Cross Teams scheduled for Wednesday, February 10, 2016.
- Data is for 2/10/16 as of 5:00 pm:

o *Total homes visited:*
- 19,271 (round 3 total).
- 302 (today).

o *Water cases (liters calculated by multiplying # of cases x 12):*
- 134,316 liters or 11,193 cases (round 3 total).
- 2,628 liters or 219 cases (today).

o Replacement *cartridges:*
- 4,251 (round 3 total).
- 136 (today).

o Faucet filters:
- 7,369 (round 3 total).
- 29 (today).

*Planning* Section:
- Participated in state, local, and distribution process meeting.
- Published Sit Rep #36.
- *Worked with Distribution Process* group to strategize the impacts of the boil water advisory.
- Worked to update daily data report.

*Operations Section:*
- Continued to monitor the Flint City water main break, the repair progress and its cause.

• Assisted in working on a plan of action to replace all filter cartridges once the boil water advisory is lifted.
• Met with United Parcel Service (UPS) re: delivery of replacement filter cartridges to functional and mobility needs citizens.
• Led the Local Agency briefing and State Agency conference call.
• Participated in the Distribution Process meeting.
• SEOC State Agency Briefing:
• Warehouse Numbers as of 1800:
❑ Water (liters):
• 582,536 liters or 48,544 cases.
❑ Filters (faucet):
• 49,520.
❑ Replacement cartridges:
• 378,140.
❑ Test Kits (prepped):
• 18,886.
• PODs (1700 2/7 – 1600 2/10):
❑ Water (cases):
• 48,048 liters or 4,004 cases.
❑ Filters (faucet):
• 125.
❑ Replacement Cartridges:
• 257.
❑ Test kits:
• 108.

Finance Section:
• Reviewed cost reports received from state agencies to see if additional information is needed.
• Requested additional cost information from state agencies.
• Reviewed current cost data from state agencies that have submitted information.
• Updated Resource Request Information.

GIS Branch Updates:
• Water Sampling Results Mapping.
• Daily Data Pulls.
• Daily JIC Map.
• Daily Parcel Pairing & numbers to Ben Geiger.
• Boil Alert Map.
• Addressed matching of at-risk elderly with high lead test result addresses.

DTMB:
• Continued to provide DTMB management with daily updates and resource requests received.
• Provided expenses to date to include personnel overtime from January 6 through February 6, 2016 to the Financial Chief.
• Coordinating equipment delivery for Pierson Road warehouse.
• Reconciled expenditures to-date for record keeping.
• Requested to acquire two replacement 16-20 foot trucks with 6 foot lift gates to replace two vehicles that have broken down to assist with water distribution.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
• The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.
• Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

DEQ:
• Coordinated message of filter cartridge for local media dissemination.
• Deployed Sentinel water sampling collection crews and began data collection.
• Provided the Director's Office with data to respond to the Congressional Committee of Energy and Commerce information request.
• Tracked progress of data collection at Sentinel water sampling sites.
• Met with Director's staff for clarification of EPA's 2/8/16 memo on compliance deficiencies and began preparing a response.
• Reviewed incident objectives to determine activities for the upcoming week.

State Voluntary Agency Liaison (VAL):
• Continued meeting with FEMA, county and city to develop distribution transition plan.
• Met with Seventh Day Adventist for transition of warehouse #2.

Unified Coordination Group (UCG):
• EPA: Additional team to provide Residual Chlorine testing (2 teams today).
• HSTF: Returning to a programmatic/recovery stage and providing support from DC not in the UCG.
• HMTF: Public Health Support Team of 7 transitioning out today. Working to capture work products and setting up continued sustainment at the state level. Two nurse case workers starting today.
Mental health team here until the 14th working to bring in new team.
• WQTF: Discussion of state/federal messaging regarding the water main break in addition to the City's.
• EPA: 1,000 samples collected at over 150 homes. Sequential testing at several homes today.
• GCHD: Requested clear understating of expectations of county and has concerns on whether their staff can perform this task.
• USDA: Announcing official response to the state's request for expanding WIC funds for blood level. Testing support and expanding program up to the age of 10.
• HUD: Made contact with 100% (2,350) private residences that receive HUD assistance, all have filters installed. Public housing starting today with housing commission to test all properties within a week. Using in-house staff.

Local EOC:
• Incident Command, Liaison Officer and Logistics Section Chief discussing long-term distribution plans with representatives from City of Flint and SEOC in Lansing (on 02/09, 02/10 and 02/11/2016).
• Elevated Lead and Copper Initial Assessment Task Force out in the field, visited 6 homes (provided information at 8 additional homes).
• Ten Sentinel Site Monitoring Teams out in the field, visited 30 homes (provided information at 50 additional homes).
• Expecting increased demand for bottled water and filter cartridges due to Boiled Water Advisory in response to water transmission line break. Aligning additional supplies for appropriate resupply at Fire Station PODs.
• Managing donations and volunteers with Michigan Community Service Commission, ARC and United Way of Genesee County.
• Coordinating rapid response deliveries to homebound residents and special locations.

## Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

## Emergency Declarations

**Local Declarations**

**Jurisdiction(s): Date/Time:**

Genesee County, Public Health Emergency, 10/01/2015

**Damage Assessment Summary**

## Agency Summaries

### Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 9. The JIC was operational until 9 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from inquiries about state costs incurred due to the Flint water emergency to testing dogs for lead toxicity. Media inquiries have continued to decline.
- Created a morning and afternoon media monitoring report.
- Created a Daily JIC Activities email to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issue a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Continued updating and revising internal and general talking points to better reflect ongoing information.
- Continued routing public information materials for approval, including a newsletter article from the Michigan Department of Corrections and a Lead Toxicity fact sheet from MDARD.
- Continued discussions on drafting a news release to announce high-lead and copper teams that are beginning operations this week.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic, Mandarin Chinese and other languages.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.
- Revised staffing needs for next two-week period to reduce number of PIOs needed. Working to have staffing for February 16 – 26 by Thursday.

### Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/9/16 included:
- 2 food establishment assessments conducted (both follow-up) and 2 in use water samples collected
- 5 water sample requests/appointments were scheduled

NOTE: There was a break in the water main at the Flint Water plant, so staff were unable to collect the majority of planned water samples today.

As of 2/8/16, MDARD has completed a total of 331 food establishment assessments (263 initial/68 follow-up). 231 establishments are verified to be in compliance (70%). All high and medium risk firms have had an initial assessment. 196 water samples have been collected and 137 are currently scheduled. Data is now being auto-calculated, resulting in reduction in total assessments reported on 2/5/16, but is now a more accurate count of total assessments.

The food establishment list with assessment, sampling and test results has been combined and mapping activities are underway.

MDARD has a conference call on February 10th at 8:30 am with stakeholder groups, including MSU, MDHHS and Genesee County to provide an update on current lead testing plans for dogs and to explore funding options and other assistance to provide additional testing.

The keep your pet safe from lead poster was posted on the FlintWater website (attached). A veterinarian guidance document was finalized today and will be posted as soon as possible.

### American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Tuesday, 2/9/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Wednesday.

**Civil Rights (MDCR)**

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed foreign languages documentation.

**Community Health (MDCH)**

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.

Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy Under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.

MDHHS held a conference call with the Michigan Pharmacist Association and other community pharmacy members to discuss the potential role of pharmacies in the Flint response efforts. Options will be explored in regards to blood lead testing, communications, and nutritional counseling.

Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

**Corrections (MDOC)**

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

MDOC had 14 employees on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

**Environmental Quality (MDEQ)**

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow

Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

Coordinated putting together sentinel site teams .

Briefed updated Incident Objectives to reflect activities for the upcoming week.

**Human Services (MDHS)**

Looking into filtration system for a child care institute, possibly through donation.

Donation details being entering into MI CIMS.

211 reporting that the number of calls related to Flint was down to 10.5% for Feb 1 - Feb 7.

Daily update conference call with MDHHS Budget & Field Operations.

**Licensing and Regulatory Affairs (LARA)**

Participated in briefings and updated the LARA Executive Team
LARA completed mapping at the International Academy of Flint and created a materials list.
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

**Military and Veterans Affairs (DMVA)**

Commanders Situation Report (SITREP)

1. DTG: 0913002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: (  Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has ( Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has ( Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and the utilization of station 5 fuel pump is being requested through city of Flint liaison.

b. 4 Detroit Piston players will be purchasing food and visiting the POD Soldiers in appreciation of their assistance to Flint.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Water main at Dort highway near I475 has broke causing massive flooding. Water has been shutoff in respected areas therefore increasing water request at POD locations.

10. LOGISTICS: In support of TF Flint

a. The order for a pallet of rock salt from the state purchasing office should arrive at warehouse COB 09Feb2016.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-6422 Water (Gallons)1160 Lead Testing Kits-250
Pitcher (23 cup)-0 Brita Faucet Filter-134 Brita Replacement Cartridge-190
Pur Filter-52 Pur Replacement Filter-255

**National Weather Service (NWS)**

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

**Natural Resources (MDNR)**

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

**Services to the Aging (OSA)**

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

**State Police (MSP)**

DEQ contacted MSP reference providing telephone numbers for approx. 400 residences in Flint for Sentinel site sampling efforts. DEQ was advised MSP is unable to provide information.
****Valencia Jones - SEOC OPS Public Safety MSP - Jonesv4@michigan.gov at 14:58:30 on 2/8/2016****

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

**Technology, Management and Budget (MDTMB)**

Continue to provide DTMB management with daily updates and resource requests received.

Contacted DTMB Risk Management regarding injuries at warehouses.
Coordinating equipment delivery for Pierson Road warehouse.

**Transportation (MDOT)**

Providing staff to Pierson Rd. warehouse.

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

NOTES:

**Flint Water Crisis RRF Notes**

**Problem #1**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – TF Flint OIC confirmed that City of Flint Plans & Operations office can print large signage for the PODs. TF Flint is responsible for getting them laminated. TF Flint is looking into options for getting signed laminated and will pass up recommendations to Dana and/or Kim in the state purchasing office for approval NLT COB Monday 15FEB16.

**ADDITIONAL NOTES:**

- AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
- An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit. When the incoming OIC has been selected, I would like to establish communications with them in regards to the aforementioned items before they report to Flint.

NOTES:

**Notes From Wednesday, February 03, 2016**

**Flint Water Crisis RRF Notes**

**Problem #1**: Traffic flow – Stations 1, 5, & 8 have traffic flow issues that decrease station efficiency.

Solution – Request MDOT crew that assisted with the traffic issues at station 3 & 6 go to stations 1, 5, & 8 to assist them with setting up a one-way flow of traffic.

Response – City of Flint traffic engineers will begin installing requested assets 040900RFEB16. They estimate that stations 1, 5, & 8 will have all requested assets installed by COB 05FEB16.

**Problem #2**: Signs – Each station is using handmade signs that are neither durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

Response – Once City of Flint traffic engineers install the items and signage they can provide, we are requesting to have large, laminated signs made for POD related information. We already have a list of signs needed and a POC within the city Plans & Operations office who can print the signs, but, we still need approval to get them laminated from the purchasing office. TF Flint OIC will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office.

**Problem #3**: Lighting – Station 5 & 8 have dimly lit parking lots which is resulting unsafe night working areas.

Solution – Request that the electrician who put up the lights at station 3 goes to station 5 & 8 to put up outdoor lighting there as well.

Response – Electricians have not yet been back out to station 5 since initial visit.

**Problem #4**: Hotel reservation – The current hotel reservation at the Holiday Inn Flint – Grand Blanc Area is only through the 12FEB16; our last reserved night is for 11FEB16.

Solution – Reserve (8) single rooms and (29) double rooms at another hotel for 12FEB16 through 17FEB16 for the remainder of the 125 mission. Once the 125 cycles out, I recommend resuming the reservation at the Holiday Inn Flint – Grand Blanc Area

Response – JFHQ JOC is working to resolve the hotel issue. No timeline for issue resolution has been established. We still have not been informed of any plan to resolve this issue. LTC Randall (SEOC LNO) mentioned we might be splitting between two hotels in Flint. I would recommend we keep TF Flint consolidated in one hotel if possible; driving in from Birch Run daily to allow us all to stay in one hotel is preferable to splitting amongst two hotels within Flint.

**ADDITIONAL NOTES:**

- AAR's, award recommendations, station sector sketches and operation/logistical information & capabilities, hand receipt consolidation, and TF Flint hand-off documents are all being consolidated and organized to ensure a smooth transition of the POD operation once the 1-125 IN BN cycles out.

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 2, 2016

**TO:** State of Michigan Procurement Leadership

**FROM:** DTMB Procurement

**SUBJECT:** Genesee County Water Emergency Response - Purchasing Guidance

Thank you to all who are working to support the State of Michigan's Genesee County, City of Flint water emergency response.

Given the complexity and variety of the needs of this emergency effort, the purchasing support required is complex as well. Purchasing protocols have some differences under this declared state of emergency, and meticulous tracking of expenditures is imperative.

The Michigan State Police (MSP) is the lead agency overseeing the situation and managing the State Emergency Operations Center (SEOC). Flint related purchases must **first** be routed through the appropriate SEOC contact (see attached for an agency roster) to include the SEOC State Director. This is required for all Flint- related purchases without exception. The SEOC financial team is responsible for tracking all expenditures in connection with the emergency efforts.

***Each agency is responsible for its own purchasing transactions. This includes p-card transactions and purchase orders, the tracking of all such transactions, and reporting of those transactions to the appropriate SEOC representative. Failure to properly inform the SEOC financial team of any transaction may result in a forfeiture of any potential reimbursement anticipated by the agency.***

Agency purchasing managers are responsible to supply their agency's SEOC representative with a 24/7 phone number for agency purchasing staff support and request that the SEOC representative involves them in every purchase. (Note: SEOC hours are 8 am to 8 pm, seven days a week at this time.)

***Emergency Purchasing Procedure:***
Public Act 431 of 1984 provides an exception to competitive bidding during a state of emergency. However, responsible purchasing procedures are still the expectation for all procurement professionals (agency purchasing staff).

In addition to the notification and reporting expectations set forth above, transactions should be conducted and/or overseen by procurement professionals, with rare exception, in accordance with the following:

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed, and for any concerns related to availability of funds on a contract

- Obtain three quotes whenever reasonably practicable
- Post bids online to the extent practicable
- Please escalate any questions to DTMB Procurement before executing a buy
- DTMB Procurement will assist any agency upon request to address supply chain issues (e.g. working with a national supplier to ensure a high volume supply of water filters are available)
- DTMB-Financial Services is not responsible for issuing emergency purchase orders on behalf of agencies with the exception of information technology related goods and services
- Maintain documentation supporting all transactions. Establish internal protocols to support this such as a single spreadsheet to track agency-wide transactions. Report your agency's expenses to the SEOC Finance team via your SEOC representative.

Questions, concerns, or comments should be directed to:

Primary Contact:
Rebecca Cook, Commodities Division Director
Cookr6@michigan.gov

Secondary Contact:
Jeff Brownlee, Chief Procurement Officer
brownleej@michigan.gov

Sincerely,

Jeff Brownlee
Chief Procurement Officer
State of Michigan

# Local Church Distribution Hubs adjunct to Fire Station Water Sites

## Action Plan

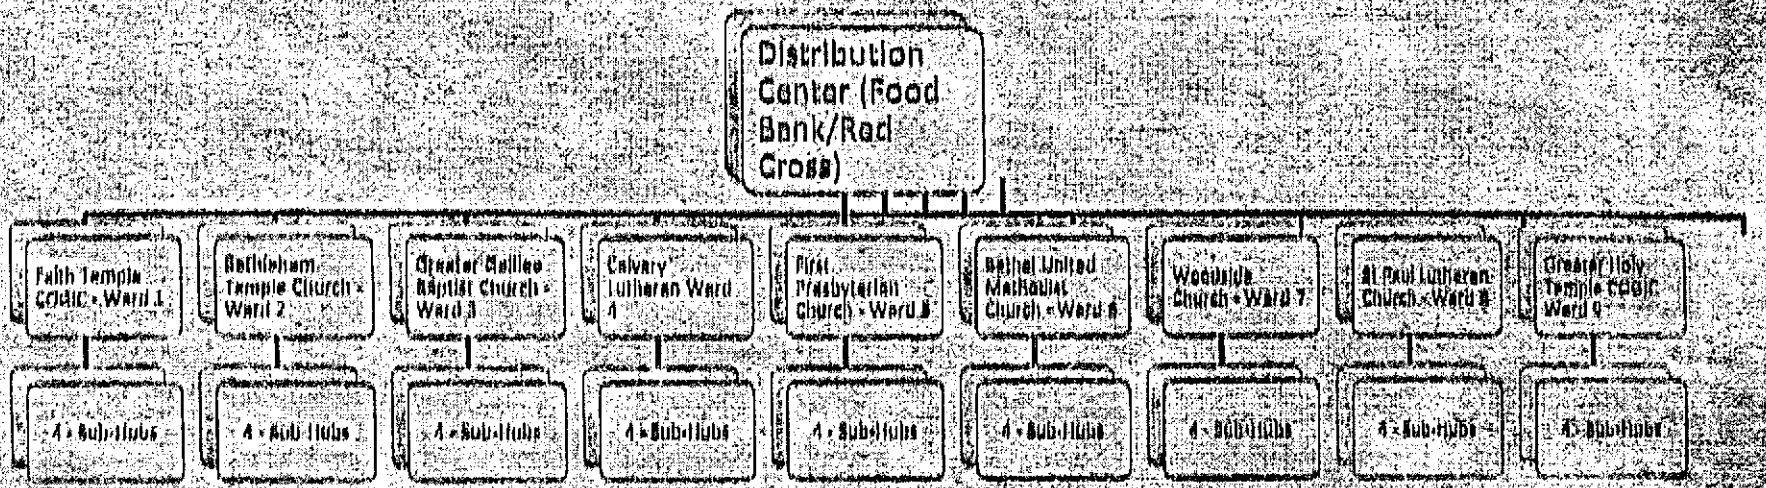
- What do we want to do?
- Who is responsible for doing it?
- How do we communicate with each other?
- What is the procedure?

Each Ward will have one central church to be the Hub for water distribution for that area/ward. Within that ward will be 3 Sub-Hubs that will provide services to that area. Each hub will have the following:

- Loaders (National Guard/Sheriff Work Detail)
- Admin (Address Look-up to direct you to your address hub)
- Water
- Water Filters/replacement cartridges
- Home Water Test Kits
- (Provide mobile lead testing clinic, twice a week for individuals without insurance. The mobile clinics will ONLY be at the 9 ward hubs. There will be no door to door clinics. Once tested residents will receive a Lead Awareness nutrition booklet which will provide education on lead prevention tips for families.)
- Recycling center for the empty water bottles will be placed at all 9 hubs in each ward.

1st Ward – Eric Mays (810) 922-4860
2nd Ward – Jacqueline Poplar (810) 766-7418 ext. 3162
3rd Ward – Kerry Nelson (810) 766-7418 ext. 3161
4th Ward – (Temporarily Vacant)
5th Ward – Wantwaz Davis (810) 766 – 7418 ext. 3167
6th Ward – Herbert Winfrey (810) 766 – 7418 ext. 3165
7th Ward – Monica Galloway (810) 766 – 7418 ext. 3163
8th Ward – Vicki VanBuren (810) 766 – 7418 ext. 3159
9th Ward – Scott Kincaid (810) 766 – 7418 ext. 3158

Let's work SMART:
Safe – Keep our community safe! Let our police and fire fighters protect and serve us!
Measurable – How will achievements be measured?
Action Oriented – Is an action verb used to describe expected accomplishments?
Realistic – Is the outcome achievable with given available resources?
Time Sensitive – What is the timeframe?



9 Ward/Hubs

- Loaders (National Guard/Sheriff Work Detail)
- Admin (Address Look-up to direct you to your address hub)
- Water
- Water filters/replacement cartridges
- Home Water Test Kits
- (Provide mobile lead testing clinic, twice a week for individuals without insurance. The mobile clinics will ONLY be at the 9 ward hubs. There will be no door to door clinics. Once tested residents will receive a Lead Awareness nutrition booklet which will provide education on lead prevention tips for families.)
- Recycling center for the empty water bottles will be placed at all 9 hubs in each ward.

4 Sub-Hubs per Ward – (North/South/East/West sides of that ward only)

- Water distribution
- Transportation to Senior Citizens Complex's in that ward

Local Church Distribution Hubs adjunct to Fire Station Water Sites

Action Plan

AGENDA

Opening and Introduction: Sheriff Robert Pickell

Introduction of community partners

Purpose of a Comprehensive Distribution Plan

Presentation of Comprehensive Distribution Plan: Pastor Jeff Hawkins

Questions and Answers:

Next Steps:

What do you need to make your partnership work more effectively?

Operational times within the hub

Distribution: What days work best for you?

Identifying sub-hubs in each ward

Timeline:

Please respond to questions by Monday, February 8

Follow-up meeting: February 17

Launch date of distribution: March 1

# Vanpool Passenger Agreement

This Vanpool Passenger Agreement (the "**Agreement**") between the vanpool passenger, (hereinafter called "**Passenger**"), who signature appears below and vRide, Inc. (hereinafter called "**vRide**"), shall become effective on the date it is signed by Passenger.

## I. DEFINITION OF TERMS

As used in this **Agreement**, the following terms are defined as indicated below:

A. **vRide** is a provider of a commuter vanpool program under contract with the Michigan Department of Transportation.

B. The **Driver** is a person who has executed a Volunteer Driver Agreement or a Three Party Volunteer Driver Agreement with **vRide**.

C. The **Passenger** is a person who:

1. Has signed this **Agreement**; and
2. Has been authorized by **vRide** to participate in a commuter vanpool.

D. An **Alternate Driver** is a **Passenger** who has executed an Alternate Volunteer Driver Agreement with **vRide**.

E. The **Passenger** is not an agent, servant or employee of **vRide**. The **Passenger** is an independent party participating, with others, in a voluntary, not for profit, ridesharing arrangement in a vehicle leased by vRide to the Driver, the Driver's employer or another lessee.

F. An **Authorized Driver** is a **Driver** or an **Alternate Driver** who has been approved, in writing, by **vRide** to operate vehicles provided by **vRide**.

## II. REPRESENTATIONS AND AGREEMENTS BY THE PARTIES

Each of the parties makes certain representations and agrees to terms, conditions, actions and requirements as specified below for the respective parties.

A. **Passenger represents, and agrees, that he/she:**

1. Is participating in the commuter vanpool for the purposes of ridesharing to and from the Passenger's residence (or other location agreed to by **Driver** and the **Passenger**) and the Passenger's place of employment (or other location agreed to by **Driver** and **Passenger**);

2. Is at least 18 years of age;

3. Will create a user account on michivan.vride.com/michivan prior to **Passenger's** first ride in the vanpool;

4. Will pay **vRide**, in full and without setoff or deduction, the amount set forth opposite the "Total Monthly Fee" below by the 20th calendar day of each month on account of vanpool services to be provided for the following month.

| | |
|---|---|
| a) **Monthly Fee (no prorations):** | $ 132.00 |
| b) **Sales Tax (if applicable):** | $ 7.92 |
| c) **Total Monthly Fee:** | $ 139.92 |
| d) **Van's estimated one-way mileage :** | 60 |
| e) **Start Date:** | |

Revised 6/15. ©vRide, Inc. 2014-2015. All Rights Reserved.

By way of example only, on or before April 20th, **Passenger** will pay **vRide** the Total Monthly Fee for vanpool services during the month of May.

5. Will pay the following late fee on any amount due to **vRide** not paid timely a periodic (monthly) rate of either (i) $10.00 or (ii) the highest rate allowed by law, whichever is higher. Payments shall be applied first to late fees and then to the unpaid balances of each product or service purchased, in the order in which it was purchased or used.

6. Will pay any other charges due to **vRide**, including but not limited to, a charge of $40.00 for any payment, or portion thereof, returned or denied for non-sufficient funds or any other reason other than **vRide's** negligence or error.

7. That all charges, fees and amounts due to **vRide** will be deemed final and binding unless disputed in writing by **Passenger** within forty-five (45) days of the invoice date of the first invoice on which such charges, fees or amounts appear. **Passenger** must pay all disputed charges, fees and amounts pending resolution of the dispute.

8. Pay all amounts due under Sections II.A.3, A.4, A.5 and A.6. to **vRide** by credit card or debit card (Visa, Mastercard or American Express) via the on-line electronic bill pay function at michivan.vride.com/michivan. **Passenger** can select to pay by "one time payment" or "recurring payment."

9. Will pay **Driver,** on terms reasonably established by **Driver, Passenger's** prorated share of other monthly expenses of the vanpool, including without limitation, fuel, parking and tolls.

10. If **Passenger** defaults on this Agreement, or any other agreement between **Passenger** and **vRide** (each an "***Other Agreement***"), *then* **vRide** *may terminate this Agreement and any Other Agreement, terminate* **Passenger's** account, demand immediate payment of the entire balance due under this Agreement and under any Other Agreement, and initiate collection proceedings, subject to any notice of default and right to cure required by state law, if any. Unless expressly prohibited by applicable law, **Passenger** shall pay all of **vRide's** collection and court costs, including reasonable attorney's fees and costs.

11. **WILL INDEMNIFY AND HOLD HARMLESS VRIDE, DRIVER, ALTERNATE DRIVER, AND THEIR RESPECTIVE AGENTS AND EMPLOYEES FROM LOSS, THEFT OR DAMAGE OF OR TO PASSENGER'S PERSONAL PROPERTY, AND ALL CLAIMS, ACTIONS, COSTS, LOSSES, LIABILITY, DAMAGES OR EXPENSES OF ANY NATURE WHATSOEVER ARISING OUT OF OR RELATED TO ANY DELAYS, TARDINESS, FAILURE TO MAKE AN APPROPRIATE OR SCHEDULED PICK-UPS, ABSENCE OF THE VAN, TERMINATION OF THE VANPOOL OR TERMINATION FROM THE VANPOOL PROGRAM.**

12. Will properly wear the safety restraints (seat belt systems) at all times when in the **van.**

13. Will abide by all **vRide** rules and regulations which **vRide** may establish from time to time in its sole discretion.

14. Will abide by all day-to-day operations practices of the vanpool as established by a majority vote of the vanpool members. Vanpool practices shall not conflict with any rule established by **vRide,** and in the event of a conflict between **vRide's** rules or regulations, and the vanpool's practices, **vRide** rules and regulations shall govern.

15. Will notify the **Driver:**
    a) in advance of all anticipated non-use of the van due to such factors as vacation, business travel, overtime, resignation of employment or termination of employment; and
    b) Or nearest fellow passenger as soon as practicable of non-use of the van due to sickness; and
    c) ***and vRide at least 30 calendar days in advance of Passenger's planned switch from one commuter vanpool vehicle to another commuter vanpool vehicle.***

16. Will find alternate transportation on days when the vanpool does not operate. **vRide** will not be responsible to **Passenger** for any loss of income, inconvenience or other costs, expenses or damages sustained or incurred by **Passenger** as a result of the vanpool not operating for any reason.

Revised 6/15. ©vRide, Inc. 2014-2015. All Rights Reserved.

17. Will find alternate transportation when **Passenger's** work or personal schedule does not allow participation in the vanpool. **vRide** will not be responsible to **Passenger** for any loss of income, inconvenience or other costs, expenses or damages sustained or incurred by **Passenger** as a result of **Passenger's** schedule prohibiting **Passenger** from participating in the vanpool.

18. Will not use or possess illegal narcotics, alcoholic beverages, fireworks, incendiary devices, weapons or firearms (unless expressly permitted by applicable law) in the vanpool vehicle.

19. Will not drive or operate any vanpool vehicle without completing a **vRide's** Driver/Alternate driver application, completing **vRide's** online driver application process, entering into the appropriate written agreement with **vRide**, and receiving **vRide's** prior written consent or authorization to be a volunteer driver.

**B. vRide represents and agrees to:**

1. Provide a vehicle for the purpose of operating a commuter vanpool and will render such other reasonable assistance as may be required for the functioning of the vanpool.

2. Develop and maintain operational policies and procedures for vRide.

3. Credit **Passenger** on a prorated basis, based upon a 30-day month, for the period of time that the vehicle is inoperable due to accident damage or mechanical failure, until such time as the regular vehicle or back-up vehicle is made available by **vRide** or its agent.

4. Perform all titling and registration of or related to the van.

5. Be responsible for all maintenance and repairs to the van as more fully set forth under **vRide's** agreement with the **Authorized Driver**.

**C. The Parties further agree:**

1. This **Agreement** shall be terminated by:

   a) **Passenger**, for any reason, giving **vRide** thirty (30) days' prior written notice;
   b) **vRide**, for any reason, giving **Passenger** thirty (30) days' prior written notice.
   c) **vRide, for cause**, giving **Passenger** twenty-four (24) hours' prior written notice.

2. **vRide** may amend any of the amounts set forth in Section II.A.4(a), (b), (c) and (d) above and/or add or subtract additional items from Section II.A.4(a), (b), (c) and (d) at any time upon written notice to **Passenger** provided however that any change resulting in the increase of a fee, charge or amount due to **vRide** will not be due until thirty (30) days after **vRide** informs **Passenger** of such change.

3. This **Agreement** shall not be assigned by **Passenger** without **vRide's** prior written consent.

4. It is expressly understood neither **vRide** nor its insurance company will be responsible for any person's property lost, stolen, or damaged in or from the vehicle.

5. This **Agreement** embodies the entire agreement between the parties with respect to the transactions contemplated herein. Neither party is relying on, or has been made any, agreements, promises, representations or warranties regarding the transactions contemplated herein or **Passenger's** participation in the vanpool, other than those set forth in this **Agreement**.

6. Any provision of the **Agreement** which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective only to the extent of such prohibition or unenforceability without invalidating the remaining portions hereof or affecting the validity or enforceability of such provisions in any other jurisdiction.

7. This **Agreement** may be executed in separate counterparts, each of which is deemed to be an original and all of which taken together constitute one and the same agreement. A facsimile or digital signature, whether by fax or electronic or digital form, shall be deemed an original and shall bind the signing party.

Revised 6/15. ©vRide, Inc. 2014-2015. All Rights Reserved.

8. **IN THE EVENT OF ANY LEGAL PROCEEDING OR LAWSUIT ARISING OUT OF OR RELATED TO THIS AGREEMENT, THE PASSENGER'S PARTICIPATION IN A COMMUTER VANPOOL OR ANY DISPUTE BETWEEN THE PARTIES, BOTH PARTIES HEREBY IRREVEOCABLY FULLY AND FINALLY WAIVE AND RELEASE ANY RIGHT OR CLAIM THAT THEY MAY HAVE OR MAY HAVE HAD TO A TRIAL BY JURY.**

9. All notices and/or correspondence shall be addressed to:

Hello,

The DEQ Drinking Water lab indicated that they are getting samples from Flint RESIDENTS without the identification tags to indicate where the sample was taken (no names, addresses etc.). I know the WTP personnel are checking the forms when they are turned in. Please inform the personnel at City Hall and the PODs to attempt to check the forms for the required information before accepting.

Thank you,

Jen Wolf

Ron,

Delivery location is the main water distribution warehouse in Flint located at 4315 Clio Rd, Flint, MI 48504. They request advance notice be sent to flintdonations@michigan.gov of the date and time at so that they can verify that they dock capacity for your delivery. This warehouse is used to break down bulk packaged deliveries into uniform pallets for distribution to the PODs and house to house teams and some times during the day are much busier than others.

Lt. Colonel Stemitz,

Thank you for reaching out in relation to delivery for commercially packaged water donations. At this time, any donations of bottled water that are 1 semi-truck sized or larger should be delivered to our warehouse at 4315 Clio Rd, Flint, MI 48504. If it is possible, we would request that you provide us advanced notice of your intended delivery date and time at flintdonations@michigan.gov so that we can ensure that the warehouse will have the dock capacity for your delivery.

I hope this information is helpful for you. Please feel free to contact the Donations Management Team at flintdonations@michigan.gov if you have any more questions.

Thank you so much for your willingness to help the residents of Flint.

Janet,

Do you have a location for the delivery of bulk transported commercially packaged water donations? Our National Guard counterparts in Indiana may be utilized to deliver water donations from Indiana and are doing some planning for that. Also, please add any other details you feel are pertinent to the donation of water.

LTC Stemitz:

There is a very slight possibility that the Indiana National Guard may get asked to deliver donated bottled water to Flint Michigan. IF, and I emphasize IF we get asked to do this, where should we take it?

Subject: Indiana Donation of Water

Janet,

Do you have a location for the delivery of bulk transported commercially packaged water donations? Our National Guard counterparts in Indiana may be utilized to deliver water donations from Indiana and are doing some planning for that. Also, please add any other details you feel are pertinent to the donation of water.

LTC Stemitz:

There is a very slight possibility that the Indiana National Guard may get asked to deliver donated bottled water to Flint Michigan. IF, and I emphasize IF we get asked to do this, where should we take it?

Thanks

LTC Randall,

Can you determine a POC and receiving location for bulk commercially packaged water donations? Indiana may be making contribution to the relief effort.

# THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

Sgt. Faccio,

Per our conversation, the DMVA is requesting a MSP escort from JFHQ, 3411 North Martin Luther King BLVD, Lansing to the Local EOC in Flint. Departure time is approximately 1200 on 28JAN16. The escorted person is Kim Graham. POC is LT Rogers- 517-574-1769. This is a cash escort that is being delivered to the soldiers working the Flint Water Crisis.

*Local EOC Location: Genesee County Admin Bldg., 1101 Beach Street, Flint, MI*

**MSP SEOC Contact Person:** F/Lt. Michael Johnson, SEOC Desk# 517-324-2318

Please have the person assigned to the escort advise the SEOC when they are en route and when the escort is completed.

Thank you for your assistance.

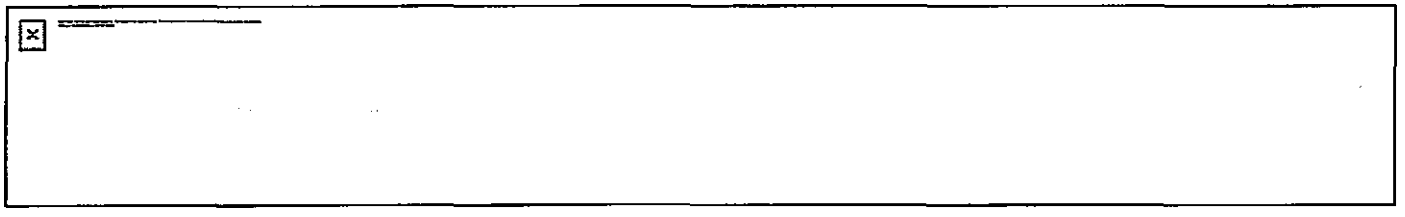
**Subject:** State cybersecurity is up to you

**Follow Up Flag:** Follow up
**Flag Status:** Completed



You have likely seen the media reports regarding the threats being made through Twitter and YouTube to attack and take down Michigan.gov and other websites related to state government and the City of Flint. The State of Michigan team consisting of DTMB, MSP and the National Guard is working closely with our federal and private partners to identify any threats and mitigate any potential attempts to interrupt our services.

Effective cybersecurity is a complete team effort. It is imperative that every one of us, as state employees and general citizens, are following proper security protocols in order to stay safe. Recent data shows that 95 percent of cyber breaches are caused by human error such as emailing sensitive documents, clicking on phishing scams and inappropriately using flash drives.

You have learned about the ways that cyber criminals attempt to gain access through your Security Mentor training. Here are a few tips to serve as a reminder on how to protect you both personally and professionally.

- Choose strong passwords and change them often. A strong password uses a combination of letters, numbers, and symbols (when allowed) and does not include a person's name or other commonly known information such as their children's or pet's names.
- Do not use the same password for multiple accounts.
- Be aware of possible phishing attacks. If you receive an email claiming to be from an email provider, bank, or other frequented website that asks you to change your account password or update account information, make sure the email is legitimate. To be safe, go directly to websites to change your password, and type the link yourself rather than clicking on links embedded in emails.
- Be on the lookout for other people accessing your personal accounts. Monitor email and social media accounts for suspicious messages or messages appearing from you, but that you did not send. Monitor bank and credit card accounts for unauthorized charges.
- Be observant in state office buildings for anything unusual. Do not let in anyone without a valid state ID. If you see any unusual behavior contact central control at 517-373-0196.

As always, if you receive an email or a phone call that seems unusual, please report it to 517-335-1722 or abuse@michigan.gov.

This e-mail was sent to msp-eoc-mdmva@michigan.gov using GovDelivery on behalf of: the State of Michigan, 111 S. Capitol Ave., Lansing, MI. *You are receiving this message because you are a State of Michigan employee.*

*Good Morning,*

The Genesee County Volunteer Militia Facebook event page, "Standing with Flint," now shows 65 individuals will be attending the rally, 105 are interested, and 713 have been invited. Again, they have indicated long rifles are not welcome at the event but uniforms, insignia, and side arms are acceptable. https://www.facebook.com/events/214710922205978/

They have posted on Facebook that "no vehicles or driving on the lawn of city hall, do not impede pedestrian sidewalk traffic, and do not block or impede traffic on the streets."

This is expected to be a peaceful show of support to collect water for the citizens of Flint.

I will continue to monitor this event for public safety and situational awareness. I will send an update if new information is posted in the event page. Please let me know if you have any questions.

Thanks,

Sue

gorgeousbrown1 Peace to you all! I have been slightly obsessed with the #FlintWaterCrisis #environmentalracism So I asked some FB friends to put me on with some activist/residents on the ground in Flint. Here's what they requested:

1. Spanish and Arabic translators. These vulnerable populations are not getting the messages regarding the level of poison in the water.

2. Undocumented families are now in fear of going to get water because ICE has been in the area grocery stores to apprehend them for deportation proceedings.

3. Alternate locations (churches, private orgs, businesses) are needed to distribute water; places without the National Guard. The occupied force is not comforting.

4. Low income neighborhoods are not getting door to door service. This is where you can make a difference. Delivery is everything.

5. You should subscribe to the Gov. Snyder's daily updates if only to see how his office continues to spin this crisis.

6. Here are some people to follow on twitter: @nayyirahshariff @hectorsolon @flintgate

SIR -

I have submitted this to the SEOC Log Chief for support. I am also working with them to ensure this is sourced as quickly as possible...

I'm looking for professional development - Should we / could we run this through the JOC as well for to see if G4 can support?

Initially I thought not based on this requirement is generated due to supporting a State emergency... but then I want to find a way to support the guys on the ground.

Bottom line is that I want to find the yes but I'm not sure if there are issues with the Army supply chain and or GPC being utilized to support a State mission.

Subject: POD supply request

ALCON,

Attached is an updated supply request for the fire station/POD's mission of the FLINT TASK FORCE. Items highlighted in green are those which I am hoping can be considered for local purchase. The list contains items that are needed from National Guard assets as well as civilian assets. My hope is that by making all of this visible and using this email group to inform everyone who is working on what, we increase efficiency and eliminate multiple people working on the same issue without knowing. I will begin updating and submitting this request daily via this email chain so it remains visible. I also ask that any work done in regards to acquiring or shipping these supplies be tracked via this email so all parties involved are aware of progress being made. Once those who requested the supplies take receipt of those supplies, I will update the supply request and let everyone know via this email group.

In addition to the supply request, I am submitting a request to have MDOT visit stations 1, 5, & 8 (POD's 1, 3, and 5) to work with the POD NCOIC's to set up a flow of one way traffic at each station to facilitate a smoother and quicker process of distribution. The assistance from MDOT at stations 3 & 6 (POD's 2 & 4) did help organize the sites and we are looking for a similar response and result at the remaining stations/POD's.

We are also going to need some signs made. I will work on organizing how many of each type of sign each station will need and submit a detailed list as soon as possible. I know there are both military and civilian assets who have mentioned being able to facilitate such a request. Also, depending on local cost, this may be an item that could be made and purchased locally so we can get it implemented at the stations rapidly.

Lastly, due to the new policy of distribution, we are going through water and filters much more rapidly, which, should be evident on both the iPad data as well as the hourly report from each station/POD. Thus, having only 1 dedicated driver per station/POD may not be enough to keep the sites supplied due to the increased output. Further compounding the issue is that the Flint PD who are responding to the stations to assist are not willing or allowed to stay to actually resolve traffic issues, thus, the roads around the stations/POD's are often becoming dangerous both the citizens and soldiers and are becoming impassable.

I was just informed via the 1-125 IN TASK FORCE FLINT command cell that the stations/POD's are to only distribute (2) cases of water per vehicle. If I could get conformation of that in this email group so everyone knows where that is coming from I would appreciate it.

If anyone has any questions or concerns please let me know.

2Lt Benke, Zachary

Subject: RE: [Non-DoD Source] RE: POD supply request

Following is a summary of our discussion this afternoon regarding guidance for National Guard personnel providing water at Points of Distribution (PODS).
- *Distribution is to be limited to 1 case of water per household.*
- If multiple individuals per vehicle indicate they are from separate households, provide each a case of water.
- If an individual indicates they have special needs, direct them to call 2-1-1 or request their address so that water can be delivered.
- If an individual insists on taking more than one case, request they stop, but take no further action.
- The JIC will issue messaging to emphasize the need to limit taking cases of water from PODS as it may impact others in need of water. They will also note there are no plans to close PODS.

Please let me know if you require any further clarification.

Subject: FW: [Non-DoD Source] RE: POD supply request

Recommend the written guidance be 1 case of water per family or at the distributor's (Soldier's) discretion.

The following scenarios occur frequently at each site:

1. Single person asks for more than one case of water based on family size or states they are picking up for another individual that is not mobile.
2. Two or more occupants in a single vehicle are each asking for multiple cases of water based on family size or state they are also picking up water for another individual that is not mobile.

We have no choice but to accept every request as truthful. Being firm but non-confrontational is a very delicate balance that needs to err on the side of supporting the citizen's request.

Please advise.

v/r

LTC Stemitz

---

I stand corrected. The distribution has been further reduced to 1 case per the State Director.

Written orders are forth coming from his office.

Please stand by.

Subject: POD supply request

ALCON,

Attached is an updated supply request for the fire station/POD's mission of the FLINT TASK FORCE. Items highlighted in green are those which I am hoping can be considered for local purchase. The list contains items that are needed from National Guard assets as well as civilian assets. My hope is that by making all of this visible and using this email group to inform everyone who is working on what, we increase efficiency and eliminate multiple people working on the same issue without knowing. *I will begin updating and submitting this request daily via this email chain so it remains visible.* I also ask that any work done in regards to acquiring or shipping these supplies be tracked via this email so all parties involved are aware of progress being made. Once those who requested the supplies take receipt of those supplies, I will update the supply request and let everyone know via this email group.

In addition to the supply request, I am submitting a request to have MDOT visit stations 1, 5, & 8 (POD's 1, 3, and 5) to work with the POD NCOIC's to set up a flow of one way traffic at each station to facilitate a smoother and quicker process of distribution. The assistance from MDOT at stations 3 & 6 (POD's 2 & 4) did help organize the sites and we are looking for a similar response and result at the remaining stations/POD's.

We are also going to need some signs made. I will work on organizing how many of each type of sign each station will need and submit a detailed list as soon as possible. I know there are both military and civilian assets who have mentioned being able to facilitate such a request. Also, depending on local cost, this may be an item that could be made and purchased locally so we can get it implemented at the stations rapidly.

Lastly, due to the new policy of distribution, we are going through water and filters much more rapidly, which, should be evident on both the iPad data as well as the hourly report from each station/POD. Thus, having only 1 dedicated driver

per station/POD may not be enough to keep the sites supplied due to the increased output. Further compounding the issue is that the Flint PD who are responding to the stations to assist are not willing or allowed to stay to actually resolve traffic issues, thus, the roads around the stations/POD's are often becoming dangerous both the citizens and soldiers and are becoming impassable.

I was just informed via the 1-125 IN TASK FORCE FLINT command cell that the stations/POD's are to only distribute (2) cases of water per vehicle. If I could get conformation of that in this email group so everyone knows where that is coming from I would appreciate it.

If anyone has any questions or concerns please let me know.

2Lt Benke, Zachary

---

The Director of Logistics for the MSP has directed the two case maximum.

There is a shortage of resupply capability right now. If we fill trucks and run out of water we won't be able to resupply until Monday.

There is current discussion regarding hoarding water among other issues.

**Subject:** RE: Marking Across Bar Codes on Resources being Distributed

Clear on that. We've been contacted by local Home Depot(s) on the same issue. They have advised that they do not intend to take back the material without a receipt, so that course of action may be the best at this point. Please be aware that this change mid-shift will be difficult, if not impossible to completely accommodate until tomorrow as our teams are not staffed with either ink pens or markers as a part of their distribution kit model.

Attached is an updated supply request for the fire station/POD's mission of the FLINT TASK FORCE. Items highlighted in green are those which I am hoping can be considered for local purchase. The list contains items that are needed from National Guard assets as well as civilian assets. My hope is that by making all of this visible and using this email group to inform everyone who is working on what, we increase efficiency and eliminate multiple people working on the same issue without knowing. I will begin updating and submitting this request daily via this email chain so it remains visible. I also ask that any work done in regards to acquiring or shipping these supplies be tracked via this email so all parties involved are aware of progress being made. Once those who requested the supplies take receipt of those supplies, I will update the supply request and let everyone know via this email group.

In addition to the supply request, I am submitting a request to have MDOT visit stations 1, 5, & 8 (POD's 1, 3, and 5) to work with the POD NCOIC's to set up a flow of one way traffic at each station to facilitate a smoother and quicker process of distribution. The assistance from MDOT at stations 3 & 6 (POD's 2 & 4) did help organize the sites and we are looking for a similar response and result at the remaining stations/POD's.

We are also going to need some signs made. I will work on organizing how many of each type of sign each station will need and submit a detailed list as soon as possible. I know there are both military and civilian assets who have mentioned being able to facilitate such a request. Also, depending on local cost, this may be an item that could be made and purchased locally so we can get it implemented at the stations rapidly.

Lastly, due to the new policy of distribution, we are going through water and filters much more rapidly, which, should be evident on both the iPad data as well as the hourly report from each station/POD. Thus, having only 1 dedicated driver per station/POD may not be enough to keep the sites supplied due to the increased output. Further compounding the issue is that the Flint PD who are responding to the stations to assist are not willing or allowed to stay to actually resolve traffic issues, thus, the roads around the stations/POD's are often becoming dangerous both the citizens and soldiers and are becoming impassable.

I was just informed via the 1-125 IN TASK FORCE FLINT command cell that the stations/POD's are to only distribute (2) cases of water per vehicle. If I could get conformation of that in this email group so everyone knows where that is coming from I would appreciate it.

If anyone has any questions or concerns please let me know.

2Lt Benke, Zachary
POD's mission OIC

Roger, Also TF Flint sent this about the bar codes:

Not all teams were/are markering the Filter boxes. Reports are that the markering is ineffective and can be rubbed off. Our recommendation is to use a diagonal slash across the barcode with a knife or sharp tool. This could then be reported to the stores as a recognition method to not accept the returns. Additionally we do not have markers to do this and would have to purchase them. If it is the JOC's directive to marker the Barcodes we need approval to use the purchase card to procure them. Please advise on how to proceed. Lunch ends very soon and we want to get this information out. Thank you.

V/R
The MI-JOC makes initial distribution in accordance with our pre-approved operating procedures and distribution lists. When authorized, further distribution is the responsibility of the initial recipients and will be based on an identified need-to-know basis and in accordance with DODD 5200.1-R

Subject: [Non-DoD Source] Water distribution at PODS

JOC,

Distribute to TF FLINT IMMEDIATELY:

*Personnel working at PODS should distribute no more than two (2) cases of water per vehicle. No more filling up truck* loads or distributing mass quantities. Water resupply is not due until Monday and MSP does not want to run out before then.

FYSA: This request was from Tonya Noback (Logistics Section Chief, MSP EMHSD)

A reply from TF Flint:

That has not been happening up to this point but the direction has been put out to do so, or at least mark them I some way, line or x across the bar code in order to tell the difference. We can distribute markers later today or in the morning to start blacking out the bar codes.

JOC,

Request from MSP:
Verify that TF Flint personnel are "blacking out" the barcodes on the water filter packages at the PODs and Warehouse. Barcodes on water filters need to be blacked out to prevent filters from being returned to stores for monetary refunds and other such things.

Subject: [Non-DoD Source] Hotel Contract for TF Flint

JOC,

BLUF: Need to know what date TF Flint Personnel need to check out of hotel rooms.

The contractor here at the SEOC that is responsible for contracting the hotels for TF Flint inquiring about Soldiers trying to extend their stays at the Holiday Inn in Burch Run. Right now the rooms are only booked through Sunday. I told him I believe that TF Flint personnel need to stay through Monday. Need verification on this and numbers of rooms and hotel names. I give all this info to the contactor so he can work the rooms and assist in accommodating TF Flint personnel needing rooms.

V/r,

CPT Shook

Meegan,
All Fire Stations are asking for ID or alternate proof of residence for data logging purposes only. If a person does not have either form we have been asking them to report their address...again for data logging. I have 4 out of my 5 PODs giving filters regardless of proof. I did have one station (Firestation 5) report that they have turned away a (approx. 20-30/day) people for not producing proof of residence and we have since clarified the process to them to still distribute regardless. We have also had folks claiming to be landlords asking for several filters without proof of residence and we are not giving them filters, but asking them to have the tenants/residents come in and get their own filter. In the case where a landlord or person is asking on behalf of an elderly person or someone confined to their home, again we want them to provide proof of that person they are representing before we give them one.

If this is not the intent, please clarify guidance to the SEOC so that we can receive a formal tasking guidance as to how to proceed. Let me know if you need any more information. Thanks!

Maj. Cannon,

Capt. Brolsma suggested I contact you to find out if people are being asked for ID or Flint water bills at the fire stations. A media outlet has heard that we're turning away immigrants (presumably because they don't have ID). I'm hearing that we don't ask for ID - we are giving out water to those who need it, and only document addresses if the person asks for a water filter so we can ensure every household has a filter.

I also left you a voicemail. Can you call or email me on whether people are being asked for ID or a water bill before getting resources? And if they want a filter, and have no way to show an address, are we denying them a filter?

Thank you.

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

**Notes From Monday, January 25, 2016**

## Flint Water Crisis RRF Notes

**Problem #1**: Pallet-jacks – Multiple stations pallet-jacks have become or are becoming inoperable due to excessive use; Station 8 no longer has a pallet-jack because their driver had to take it back.

Solution – Replace pallet-jacks at stations 1, 5, 6, & 8. Station 1 has asked for a pallet-jack with metal rollers/wheels because they have already cracked a plastic roller/wheel due to the rough parking lot they work in. Station 8 has requested an electric pallet-jack since they have a steep grade over which they have to move pallets of water for drive-through pick-up.

*Solution – Send a technician to repair pallet-jacks at station 1, 5, & 6.*

**Problem #2**: Dollies/hand-carts – Multiple stations need more dollies to assist in increased water distribution efficiency.

Solution – Request (5) dollies/hand-carts; (3) for station 3, (2) for station 5.

**Problem #3**: Traffic flow – Stations 1, 5, & 8 have traffic flow issues that decrease station efficiency.

Solution – Have the MDOT crew that assisted with the traffic issues at station 3 & 6 go to stations 1, 5, & 8 to assist them with setting up a one-way flow of traffic.

*NOTE: If/when we receive this request, I need to be informed so I can be at each station when they arrive.

**Problem #4**: Signs – Each station is using handmade signs that are not durable nor professional in appearance.

Solution – Once MDOT sets up the remaining sites, we need to have signage made to further increase station organization, flow of traffic, professional appearance, and efficiency.

*NOTE: We already have a consolidated list of signage we need made. I want to see what MDOT can provide since some of the signs are signs they should be able to provide. Also, the fire station headquarters, where station 1 is located, had some large laminated signs made for the POD. They had them made at the city's/fire departments Plans & Marketing office; a POC for getting signs made the same way, which allows for cost efficacy , quick turn around, and my oversight to ensure signs are made as needed, is Calix Martinez (810) 237-6888 @ extension 3027.

**Problem #5**: Lighting – Station 5 & 8 have dimly lit parking lots which is resulting unsafe night working areas.

Solution – Request that the electrician who put up the lights at station 3 goes to station 5 & 8 to put up outdoor lighting there as well.

**Problem #6**: Damaged pallets – multiple station had badly damaged pallets of water delivered Monday 25JAN16.

*Solution – I will be going back out to the Clio Rd Warehouse to ensure drivers and warehouse leaders understand the need for undamaged shipments of water.*

*NOTE: The warehouse is under new leadership and lost multiple assets when the handoff occurred, thus decreasing their organization and ability to distro water. I explained to the new leadership the plan we had been executing and they ensured me that they will continue to execute this

plan starting today, Tuesday 26JAN16. I will be going out there to ensure and assist them with implementing the plan properly

**SUPPLY NEEDS:**

(4) Pallet-jacks [(1) w/metal rollers/wheels & at least (1) electric)

(5) Dolly/handcarts

**ADDITIONAL NOTES:**

- POD operations are still functioning well. We are trying to improve the efficiency, professional appearance, and long-term establishment of the POD's, but, overall the POD's operations are remaining successful.

# Water Sampling Guide
## For Lead/Copper

- Samples may **ONLY** be accepted in the specific, bottles provided by the State Lab.

- Samples should be cold water, collected after at least 6 hours of non-use. Resident should **NOT** run the water before filling the sample bottle.

- The bottle needs to be nearly or completely full.

- Samples should be drawn without a filter or filtration system.

- The form should be filled out. Look for these key pieces of information:

    1. Name
    2. Address
    3. Date and Time of Draw
    4. Location of Draw (Kitchen, Bathroom)
    5. Date of last use before sample

Look to ensure all questions have been answered.

**RI ANSWER:**

As of 231200R January 2016, CPT Betz has coordinated with all hotels where TF Flint Surge Soldiers are staying in order to inform hotel staff of extending stays until Monday. 8 TF Flint Surge Soldiers must be mission complete no later than Sunday morning. This has also been coordinated with each hotel. However, any hotels where POD mission Soldiers are remaining over night at still need to be coordinated with for any extensions.

All TF Flint Surge Soldiers are staying at the following hotels:

1. America's Best Inn - Birch Run
2. Holiday Inn Express - Birch Run
3. Courtyard Mariott - Flint
4. Residence Inn - Flint

**Execution:**

**Key Locations**

| Team | Assembly Area | Hours of Operation |
|---|---|---|
| OGCS/MSP | LEOC<br>Genesee County Administration Building | 0830-1600 |

| | | |
|---|---|---|
| | 1101 Beach St, Flint | |
| ARC | ARC<br>1401 S Grand Traverse St, Flint | 0730-1600 |
| Warehouse | 4315 North Clio Road, Flint | 0700-1900 |

**Critical Task:** *Assemble, coordinate, and monitor WRTs*

**OGCS/MSP Process:**

1. Assign team leaders, team members, and routes to teams
2. Team Member check in
3. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings (refer to OGCS_MSP WRT Volunteer Assembly Information V2.0_011816 for detailed information on volunteer processing at LEOC)
5. Provide training to new team members
6. Issue vest and badge to team members
7. Execute morning distribution assignment
8. Lunch served between 1230-1330
9. WRT OIC and Team Leaders midday brief
10. Execute afternoon distribution assignment
11. Conduct post-deployment debrief with team leaders and members
12. Collect vest and badge from team members

**Sample Script for Team Members:**

*We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.*

**Execution Support:**

**Product Replenishment Process:**

| Team | Replenishment Trigger | Replenishment Location | Process |
|---|---|---|---|
| GCSO/MSP | 0 Distribution Kits Remaining | Distribution Route: exact location determined by Team Leader | 1. Contact warehouse to request replenishment truck<br>2. Coordinate replenishment location with warehouse<br>3. Exchange replenishment truck with empty truck |
| ARC | 0 Distribution Kits Remaining | Clio Warehouse | Replenish ERV at warehouse |

**Warehouse**

**Tactics:**

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

**Lunch**

OGCS/MSP WRTs lunches will be provided by the ARC and coordinated by LEOC Logistics.

**Reporting:**

**Tactics:**

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail.

## No ID Required For Flint Residents To Receive Free Water Resources

FLINT, Mich. – Flint residents are encouraged to visit five water resource sites across the city, where they can receive free bottled water, filters, water replacement cartridges and water testing kits.

Identification is not required to receive any of these resources.

The state's goal is to get a water filter in every household, because filters are the best way to provide access to safe drinking water. As part of the distribution process, members of the National Guard at the water resource sites ask residents seeking filters and replacement cartridges to share their address in order to more accurately gather information for long-term recovery efforts. No resident will be denied resources if an address is not provided.

Water resource sites are open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Road
Flint, MI 48506

Fire Station #6
716 West Pierson Road
Flint, MI 48505

Fire Station #8
202 East Atherton Road
Flint, MI 48507

**MORE**

Water samples can be dropped off at the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams. Visit https://www.youtube.com/watch?v=KMaAZA1c3oA to watch a video on how to properly take a water sample.

Persons wishing to volunteer or provide material, in-kind or financial donations can visit www.helpforflint.com for more information. Note that guidelines have been developed for those wishing to organize water donation drives.

The State of Michigan continues to coordinate response efforts in partnership with the City of Flint, Genesee County and local community organizations. Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

**Subject:** 1095-C Tax Form

**Follow Up Flag:** Follow up
**Flag Status:** Flagged

As we enter the tax filing season, we wanted to provide a few brief updates on the issuance of tax forms. First, W-2's are currently being printed and will be mailed to your home within the next 7 days. Tax forms will be mailed to the home address that you currently have entered within MI HR (HRMN).

This is the first year that the Affordable Care Act requires employers to send Form 1095-C to some employees. Form 1095-C contains information on your healthcare coverage. You can think of it as your "proof of insurance" for the IRS. The deadline for employers to provide Form 1095-C is March 31, 2016. The State of Michigan will distribute the form by then. Please note that you may not receive Form 1095-C if you did not receive an offer of health insurance coverage from the State of Michigan. The IRS has communicated that this form is not required for individuals to complete their taxes. You will simply need to keep the form with your tax documents once you receive it. If you have questions on Form 1095-C, please visit the IRS healthcare FAQ.

# How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

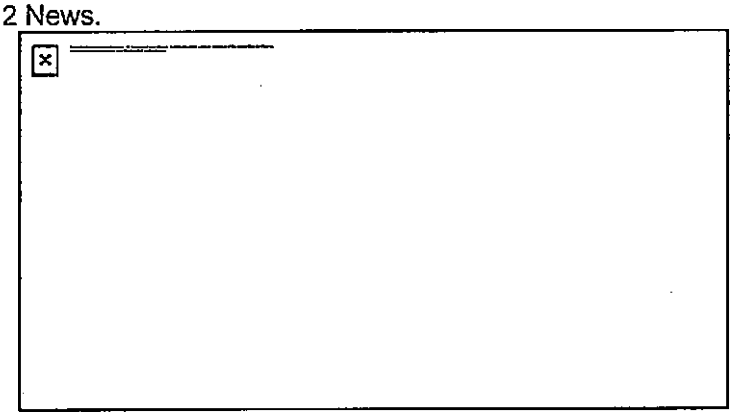
## Governor Snyder on Morning Joe

"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

## Governor Snyder with Charlie LeDuff on Fox 2 Detroit

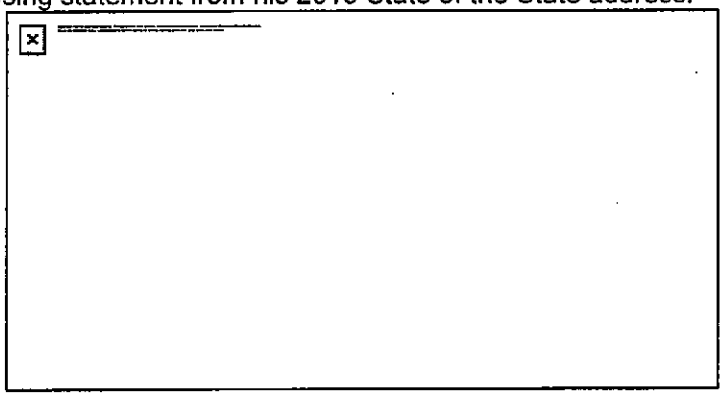
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

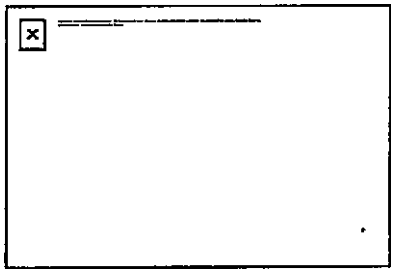


## Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



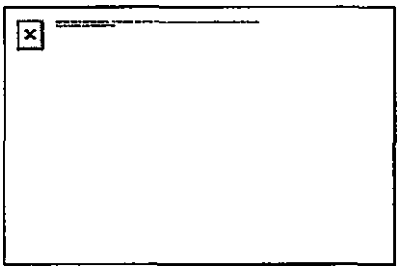
## Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." **Click here to read the Governor's full op-ed.**

## Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. **Click here to read the full story in the Washington Post.**



**Visit HelpForFlint.com to learn how you can help Flint residents.**

**Importance:** High

Good morning,

I'm hoping you can help with a constituent call we just got. Her child is a student at one of the local colleges and the students don't have water bills or local drivers licenses. We need to make sure that the water and filter distribution sites are providing water to students with a college student ID. Can you help us get this message to those sites ASAP?

Thanks,

Subject: [Non-DoD Source] DMVA SITREP period 17 JAN 16

Team,

Attached is the DMVA SITREP for today. Additional notes for the day:

1- Coordination efforts between FEMA and Selfridge ANGB are still being made. The initial meeting went well today and a 0800 meeting is scheduled tomorrow to review edited agreements and review liability issues. User/license agreement could be signed tomorrow. FEMA remains on SANGB and continues to set up their staging operations. POC for FEMA is below.

FEMA Cell
Personal Cell
steven.johnson3@fema.dhs.gov

2- Cyber attacks on state and flint gov. websites have happened over the last 48 hours. No further info.

3- Spot checks of the PODS were conducted today by LTC Stemitz. The distribution process was greatly improved at each point of distribution. Many "scam artists" noticed going around to each POD requesting water IOT stockpile. Soldiers and police aware and developing TTPs to diminish this from happening.

4- This email has been lagging 2-4 hours today, not sure the issue. I used my personal .mil email most of the day to keep current.

v/r,

CPT Shook

# WATCH: Governor Rick Snyder's 2016 State of the State address

Tune in on Tuesday, January 19 at 7 PM as Governor Snyder delivers his sixth State of the State address. We should be proud of our accomplishments, but we are still faced with significant challenges today that we must address.

Watch Tuesday night as the Governor highlights how-- together-- we can continue Michigan's reinvention.

Visit www.mi.gov/StateOfTheState and use the hashtag #MISOTS16 to join the conversation online.

*Subject: 20160117 - Flint Water Crisis 2nd Wave Contacts*

ALCON,

Attached is the roster of the 33 Soldiers from the 1-125 IN that RSOI'd today in Saginaw. One (1) Soldier was a no show because his ride from the other side of the state fell through.
All orders have been loaded and 1SG Norton is pushing them. Kathy Enderle is inputting all the Soldiers pay processing as we speak.

SFC Futter and SFC Witgen will receive RRF phones, once I have the numbers the roster will be updated. I am activating five (5) more Verizon MIFI's for use at each fire station.

If you have any questions please let me know.
Thank you.

Anthony J. Przybyla III

CPT Barnard,

Does the facility have the capability to off load the trailers by forklift and move the product into the warehouse? How far is the parking space away from the warehouse? Who owns it, do you have a POC?

AASF #2 will not be able to park 40 trailers at the facility however there is a fair amount of parking space close to the facility that doesn't belong to AASF #2. We will have 5000 square feet of floor space but will not have the room to back a 40' trailer into the facility to off load. The off loading will have to be done outside. One issue I see right now is that no employees are scheduled to work until Tuesday.

Subject: AASF#2 RFI for Flint Water Response Support OP (UNCLASSIFIED)

CLASSIFICATION: UNCLASSIFIED

CPT Barnard,
Sir. What is the maximum availability of staging space at AASF#2 for possible receipt of semi trailer's of water for the Flint Water Response support mission? Also, what is the availability of floor (sq ft) space inside the facility for receipt of water filters, etc.? The total for semi trailer's is approximately 40, and 5000 sq ft of open floor space to meet the requirement.

Subject: [Non-DoD Source] Requested Staging Requirements

Mr. Stemitz and All,

I would like to present the requirements that we are requesting from the Selfridge ANGB staff to conduct staging operations:

1) Ramp/Tarmac space to store 30 - 40 tractor/trailers, 5 box trucks, 1
C2 40
foot comms unit, and various support vehicles. Utilize the Joy Road gate to support ingress/egress of trucks to property if possible.

2) Office space for 3 - 5 administrative personnel near the operations area
with latrine.
3) Approximately 5000 square feet of indoor storage space for stowage of water
test kits, water filters, and water filter replacement inserts.
4) 2 enclosed cab type all terrain forklifts.
5) 4 generator light sets
6) 7 pallet jacks
7) 2 porta-pots with associated support

The most important requirements are the first three. Everything else can be acquired via contract via FEMA if needed. We understand that some of these requirements may not be available from the Selfridge ANGB. It is imperative that the requirements that cannot be provided do not become an impetus to the implementation of the agreement. We will need to develop a License and Use Agreement as well. I am attaching a sample document we could utilize and have with other DOD installations. Needless to say, acquiring the staging area is the top priority for FEMA Logistics. We are motivated to solidify this agreement as soon as possible. Typically we ask the DCE to be our advocate but since this property is owned by the state it presents a different situation and opportunity to negotiate directly with the state. The DCE will still remain engaged and we welcome their guidance and advice as always.

Mr. Stemitz et al, my contact data is the following:

FEMA Cell
Personal Cell
steven.johnson3@fema.dhs.gov

Feel free to contact me at ANY time. (Log never sleeps)

V/R

I connected with LTC Stemitz, Guard G3/5/7 (cc'd here). I gave him Steve Johnson's cell and email information. He will get that to the emergency manager at Selfridge to start the coordination for staging. Monday will be a holiday at Selfridge, so the EM and his folks will need to make the coordination. No issues anticipated at this time.

COL Ken Sharpe (Air EPLO) lives about 15 minutes from Selfridge and will connect up with Steve when he gets in around 1300/1400 EST to make sure all the right folks are talking. COL Sharpe has Steve's connect info.

Subject: FW: FEMA-3375-EM IMAT Operations Order Michigan 01162016.docx

Sir,

FYI. Steve Johnson (FEMA V Logistics) called me to get access to Selfridge to position water on Monday morning. As it is owned by the state, COL Listermann to get non-duty hours contacts at the airbase connected with Steve. This would be a FEMA to State contract, rather than a mission assignment validated through the DCE.

Subject: [Non-DoD Source] FEMA-3375-EM IMAT Operations Order Michigan 01162016.docx

Good Evening,

FEMA-3375-EM has been approved for the State of Michigan as a result of elevated lead and contaminated water. The FEMA Region 5IMAT Team will deploy to Lansing, Michigan to provide response and recovery support to the state of Michigan and City of Flint.

* RA's Intent: The IMAT will coordinate federal regional response efforts, build a common operating picture, develop a support plan, and deploy and track required assets and resources, in support of the Michigan State Emergency Operations Center.

* Concept of Operations: Further deployment and travel instructions will be provided at that time.

* Coordinating Instructions. IMAT will assume primary duty in support of other incidents.

* A manning roster will be provided by the IMAT Team Leader.

* Travel. This order does not provide authorization to travel. An *approved travel authorization is required for travel.*

Very Respectfully,

Cornelius C. Miller

Senior Watch Officer

# TF FLINT WRT and POD Locations 22 January 2016

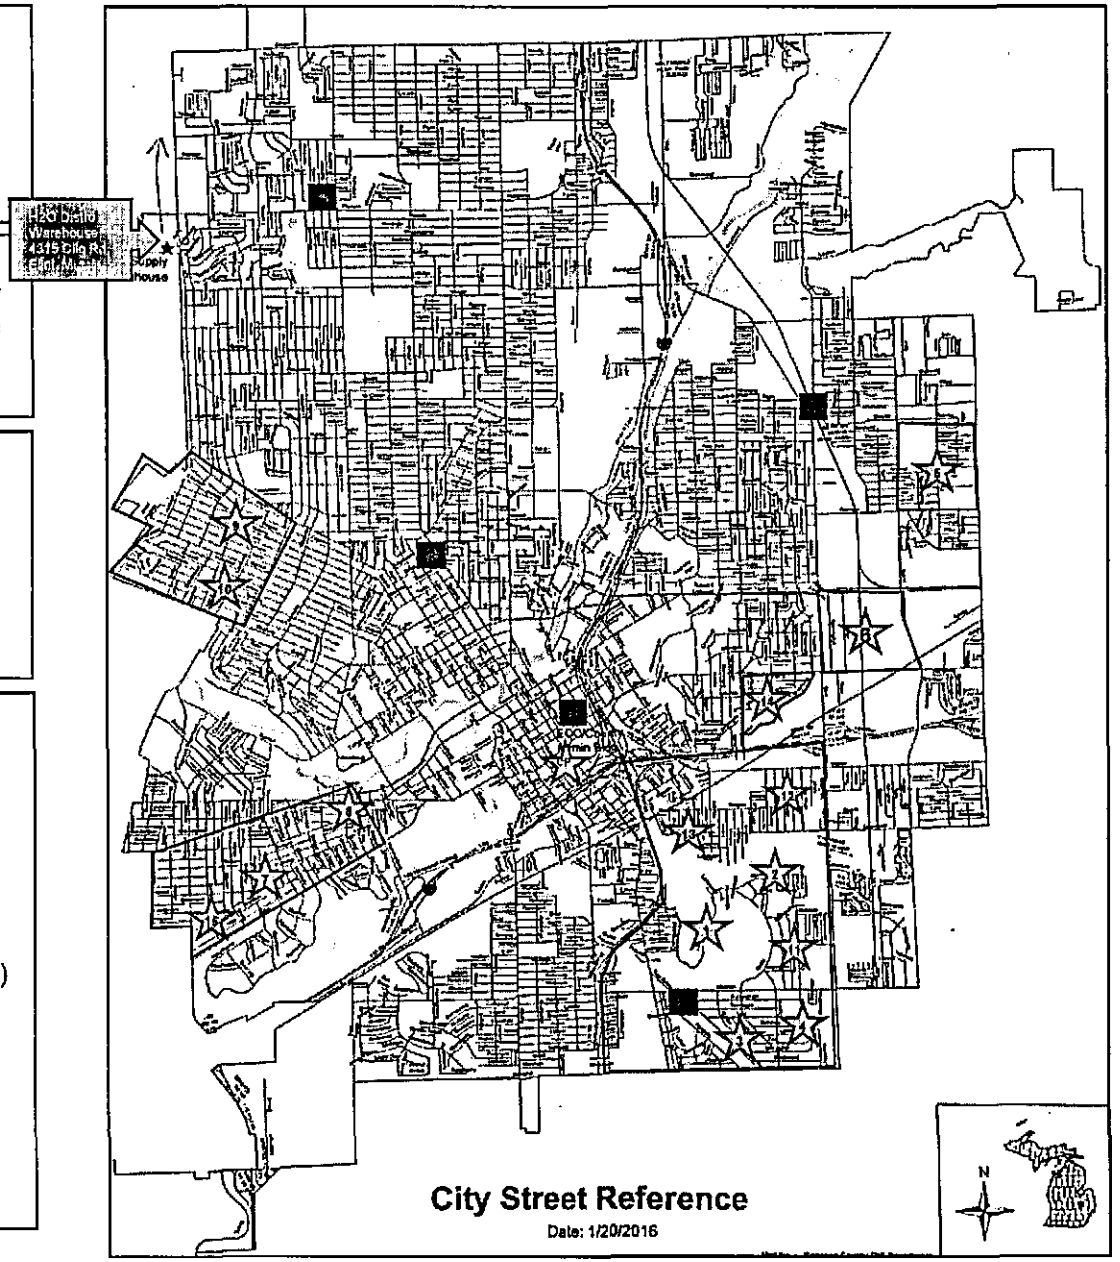
**SITUATION**: TF FLINT has 269 Soldiers and Airmen deployed in support of the Flint Water Crisis:
- Mission Command: 19
- Water Response Teams: 180 (15 Teams)
- POD Operations: 65 (5 locations)
- Warehouse Operations: 5

**MISSION**: TF FLINT conducts Defense Support of Civil Authorities effective 15 January 2016 until relieved in vicinity of the City of Flint, Genesee County, MI in order to distribute water, water test kits, and water filters in support of civil authorities.

**CONCEPT OF OPERATION**: TF FLINT distributes water, water filters and water sampling kits through Points of Distribution (PODs) and house-to-house distribution in the form of Water Response Teams (WRTs). Additionally, TF Flint conducts assist the American Red Cross (AMR) in distribution accountability from the Clio Rd. Distribution Warehouse.

**22 JAN 16 KEY TASKS**:
- TF FLINT reduces WRTs to 15 total while increasing Soldiers and PDAs per team. 15 "Green" WRTs consisting 12-13 Soldiers each (180 PAX total) distribute water resource kits house to house in conjunction with MSP & DoC (Black and Blue WRTs), AMR, and Local volunteers. Hours of distribution are 1000 to 1800.
- 5 POD consisting of 11-12 Soldiers each (67 PAX total) distribute water resources and collect water samples from fixed locations at Flint Fire Houses 1,3,5,6, and 8. Hours of operation are 0900-2100.
- 5 Soldiers conducting distribution accountability operations at the AMR run Clio Rd water resource distribution warehouse. Hours of operation are 0700-1900.

**As of 220905JAN2016**



**Team Leader Copy**
**Includes detailed description of each question**

**Sample Script for Team Members:**
*We're here to make sure you have all the resources you need. The questions we are going to ask will help us assess the resources you have on hand. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.*

*For the individual capturing data, please ensure to add an answer for every question asked*

1. Address
2. City
3. State
4. Zip
5. Type of Home (Single family, Multi-Family, Apartment.)
6. Door Card
    a. Was a door hanger provided today (for tracking purposes)
7. Willing to be a water sample site?
    a. Are you willing to be a water test site? (If yes, someone may come and test their water periodically. This helps us determine levels for planning and long term recovery.)
8. Water test kits given to resident
    a. How many water test kits have you been supplied (this allows us to track # supplied vs # tested at location)?
9. How many faucet Filters do you have?
    a. How many faucet filters do you have (this helps us determine the number of replacement cartridges the resident will need for future orders)?
10. What type of Filters do you have?
    a. What type(s) of filter have you been provided (this helps us determine the number and type of replacement cartridges the resident will need for future orders)?
11. Number of Filters given to resident
    a. How many filters were provided by the team today (this lets us know how many cartridges the resident will need for future orders)?
12. Type of Filters given to resident
    a. What type of filter was provided by the team today (this lets us know what type of cartridges the resident will need for future orders)?
13. Have Filters been installed?
    a. Yes or No (so we know how many are installed for tracking)
14. Do you need help installing?
    a. Do you need assistance in installing your filter (so we can get someone to assist the resident)?
15. How many replacement Cartridges do you have?

    a. How many replacement cartridges do you have (this lets us know how many cartridges the resident has so we can calculate numbers for future ordering)?
16. Type of replacement Cartridges resident has
    a. What type of replacement cartridges do you have (this lets us know what type the resident will need for future ordering)?
17. Replacement Cartridges given to the resident
    a. How many replacement cartridges did the team provide to you today (this helps us with future ordering)?
18. Type of replacement Cartridges given to the resident
    a. What type of replacement cartridges have you been provided (this helps is with future ordering)?
19. How many Pitchers do you currently have?
    a. How many pitchers have do you have (this lets us know how many replacement cartridges will be needed for future ordering)?
20. Type of Pitchers resident has?
    a. What type of filter do you have (this helps us with ordering for future replacement cartridges)?
21. Pitchers given to resident
    a. How many pitchers did the team provide you today (this helps us with determining cartridges needed for ordering)?
22. Type of Pitchers given to resident
    a. What type of pitchers did the team provide you today (this helps us with determining the type of cartridges needed for ordering)?
23. Water quantity given to resident
    a. How much water was provided to you by the team today (this helps us for tracking and ordering)?
24. Type of Water given to resident
    a. What type of water was provided to you today, were they cases of 16.9 oz bottles or gallon jugs (this assists us for ordering)?
25. Date Collected
    a. For tracking purposes

**COMMENTS:** Cold temperatures for the next 72 hours with warmer temperatures by the weekend. Light snow showers this morning. First line leaders need to watch soldiers for weather exposure. Increased chance of snow showers late Sunday night thru Monday. A storm system developing for the East Coast may influence Sunday's forecast. Currently, the East Coast, including Maryland (FEMA distribution center location) is under a blizzard watch from noon Friday to 0600 Sunday.

***Report (Logistics Status Report)***

CLASSIFICATION: Unclassified

FROM: CPT Adam S. Betz, 1-125 IN, S4 (TF Flint S4)

TO: CPT Mieras

SUBJECT: **LOGSTAT REPORT**

1. **Commander's Assessment:** (Logistics posture of unit): TF Flint is fully capable to continue operations delivering water and supplies to residents of Flint. We are facing no further logistical shortages ATT. As the operational environment changes and we improve our positions at the Point of Distribution (POD) locations, further requests for supplies may be necessary.

2. **Class I: Green. Per diem was delivered to all TF Flint pax o/a 202100R January 2016.**

**Class II: Green. All OCIE issues have been resolved.**

**Class III: Green.**

4. **Additional Information and concerns:**

*One hotel (America's Best Inn) was reported to have bedbugs in one room.* Report was from a TF Flint Soldier and he was able to provide a photo. Contact has been made with the hotel manager and they have quarantined off the room. No other infestation issues have been reported by either civilian or military personnel ATT.

Instructions. Send to MI JOC ng.mi.miarng.mbx.joint-ops-ctr@mail.mil 1800 daily. Phone 517-481-8031/35

**Team Leader Copy**
**Includes detailed description of each question**

**Sample Script for Team Members:**
*We're here to make sure you have all the resources you need. The questions we are going to ask will help us assess the resources you have on hand. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.*

*For the individual capturing data, please ensure to add an answer for every question asked*

1. Address
2. City
3. State
4. Zip
5. Type of Home (Single family, Multi-Family, Apartment.)
6. Door Card
    a. Was a door hanger provided today (for tracking purposes)
7. Willing to be a water sample site?
    a. Are you willing to be a water test site? (If yes, someone may come and test their water periodically. This helps us determine levels for planning and long term recovery.)
8. Water test kits given to resident
    a. How many water test kits have you been supplied (this allows us to track # supplied vs # tested at location)?
9. How many faucet Filters do you have?
    a. *How many faucet filters do you have (this helps us determine the number of* replacement cartridges the resident will need for future orders)?
10. What type of Filters do you have?
    a. What type(s) of filter have you been provided (this helps us determine the number and type of replacement cartridges the resident will need for future orders)?
11. Number of Filters given to resident
    a. How many filters were provided by the team today (this lets us know how many cartridges the resident will need for future orders)?
12. Type of Filters given to resident
    a. What type of filter was provided by the team today (this lets us know what type of cartridges the resident will need for future orders)?
13. Have Filters been installed?
    a. Yes or No (so we know how many are installed for tracking)
14. Do you need help installing?
    a. Do you need assistance in installing your filter (so we can get someone to assist the resident)?
15. How many replacement Cartridges do you have?

    a. How many replacement cartridges do you have (this lets us know how many cartridges the resident has so we can calculate numbers for future ordering)?
16. Type of replacement Cartridges resident has
    a. What type of replacement cartridges do you have (this lets us know what type the resident will need for future ordering)?
17. Replacement Cartridges given to the resident
    a. How many replacement cartridges did the team provide to you today (this helps us with future ordering)?
18. Type of replacement Cartridges given to the resident
    a. What type of replacement cartridges have you been provided (this helps is with future ordering)?
19. How many Pitchers do you currently have?
    a. How many pitchers have do you have (this lets us know how many replacement cartridges will be needed for future ordering)?
20. Type of Pitchers resident has?
    a. What type of filter do you have (this helps us with ordering for future replacement cartridges)?
21. Pitchers given to resident
    a. How many pitchers did the team provide you today (this helps us with determining cartridges needed for ordering)?
22. Type of Pitchers given to resident
    a. What type of pitchers did the team provide you today (this helps us with determining the type of cartridges needed for ordering)?
23. Water quantity given to resident
    a. How much water was provided to you by the team today (this helps us for tracking and ordering)?
24. Type of Water given to resident
    a. What type of water was provided to you today, were they cases of 16.9 oz bottles or gallon jugs (this assists us for ordering)?
25. Date Collected
    a. For tracking purposes

# DECLARED JANUARY 16, 2016

SUMMARY

STATE: Michigan

NUMBER: FEMA-3375-EM

INCIDENT: Contaminated Water

INCIDENT PERIOD: April 25, 2014, and continuing

DATE REQUESTED BY GOVERNOR: January 14, 2016

FEDERAL COORDINATING OFFICER: David G. Samaniego
National FCO Program

DESIGNATIONS AND TYPES OF ASSISTANCE:

The Department of Homeland Security, Federal Emergency Management Agency (FEMA), is authorized to provide appropriate assistance for required emergency measures, authorized under Title V of the Stafford Act, to save lives and to protect property and public health and safety, or to lessen or avert the threat of a catastrophe in the designated area. Specifically, FEMA is authorized to provide emergency protective measures (Category B), limited to direct federal assistance, under the Public Assistance program at 75 percent federal funding.

This emergency assistance is to provide water, water filters, water filter cartridges, water test kits, and other necessary related items for a period of no more than 90 days for Genesee County.

OTHER: Additional designations may be made at a later date if requested by the state and warranted by the results of further evaluation.

**Note: This is an emergency declaration.**

NOTES:

# License and Use Agreement

This is an Agreement entered into between the Selfridge ANGB (hereinafter "Licensor") and the Federal Emergency Management Agency (FEMA), Department of Homeland Security (DHS), an agency of the United States Government (hereinafter "Licensee").

Licensee desires to use, and Licensor agrees to license and permit its use of the FEMA occupied Ramp Space/Tarmac Area at no cost per square foot, the following property:

**Selfridge ANGB**
**44200 Jefferson Ave**
**Harrison Twsp, MI 48045**

This Agreement shall refer to the property described above as the "Facility."

The following terms and conditions apply to the Facility:

1. Purpose. Licensee will use the Facility for, among other things, operating a Staging Area coordinating federal operations and providing disaster assistance as part of the President's declaration of emergency disaster Em-3375MI for the State of Michigan under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Pub. L. No. 93-288 (1974) (codified as amended at 42 U.S.C. § 5121 *et seq.*). Licensee employees, representatives from other federal agencies, state and local officials, and relief or disaster assistance organizations may also use the Facility to provide information on their disaster assistance programs.

2. Maintenance of Building and Premises and Right of Entry

   a. Licensor will maintain the Facility in good repair and condition and supply such heat, air conditioning, light, ventilation, and access as required for Licensee's occupancy and use of the premises. Licensor may enter the Facility with the notification of the Licensee representative in charge for maintenance purposes.

   b. Licensee will maintain the Facility in a clean and orderly condition, and agrees to surrender the Facility in as good a state and condition as at the commencement of the term, reasonable wear and tear excluded.

3. Access Control and Security Services

   a. Licensor will provide Licensee with adequate access to the Facility and assist Licensee in ensuring that only required other access is permitted during the term of this Agreement without Licensee's express permission. Licensee will maintain an inventory of all Facility keys or electronic entry devices and return them to Licensor upon termination of this Agreement.

   b. Licensee will have access to the Facility at all times while this agreement is in effect. "Access" includes access to bathrooms, lights, water, and air conditioning if available.

4. Exterior Lighting. Licensor will maintain any existing Facility exterior lighting for area illumination, and ensure that exterior lighting remains operable during the period of this Agreement.

5. Parking. Licensor will provide **60** parking spaces for the Facility's operations to the Licensee. The parking spaces will accommodate tractor/trailers, Communications units, automobiles, and associated support units.

6. Electrical and Other Utilities

a. Licensor will maintain electrical services to the Facility and provide all utilities, including sewer and water.

7. Telecommunications: Telephone, Fax, Networking, and Internet Service

a. Licensor permits use of Facility telecommunications demarcation closets. Licensor will assist Licensee in reviewing the Facility's existing telecommunications infrastructure, work with Licensee to integrate service needs for the Staging Operations into existing Facility infrastructure, and coordinate with Licensee to ensure quality, stable voice and data communication services.

b. If necessary, Licensee may provide additional telecommunication services to the Facility as needed for the Staging Operations.

8. Environmental Health. Licensor will maintain, repair, or replace, as necessary, the Facility's air handling and circulating equipment (*i.e.*, fans and coolers) to maintain acceptable air quality within the Facility.

9. Office Equipment and Furnishings. Licensor will allow the use of the existing office furniture, cabinets, and storage if applicable.

Fire and Casualty Damage

a. If the Facility is destroyed by fire or other casualty, this Agreement will immediately terminate. In case of partial destruction or damage, Licensee may terminate the Agreement by giving written notice to Licensor within fifteen (15) calendar days of the fire or other casualty.

b. Nothing in this Agreement shall be construed as relieving Licensor from liability for destruction of property of the federal government caused by the willful or negligent act or omission of Licensor, its agents, or employees.

10. Compliance with Applicable Law

a. Licensor will comply with all federal, state, and local laws applicable to Licensor as owner or Licensor, or both, of the Facility and adjacent premises, including without limitation, laws applicable to the construction, ownership, alteration or operation of both or either thereof, and will obtain all necessary permits, licenses, and similar items. Licensor will not be reimbursed for these expenses.

b. Licensee will comply with all federal, state, and local laws applicable to and enforceable against it as an occupant under this Agreement.

11. Inspection and Right of Entry. Licensee may inspect the Facility and adjoining premises owned by Licensor upon giving reasonable notice to Licensor. Nothing in this clause shall be construed to create a duty on Licensee to inspect for toxic materials or to impose a higher standard of care on Licensee than on another lessee. Nothing in this clause shall act to relieve Licensor of any duty to inspect, or of liability that might arise as a result of Licensor's failure to inspect for a hazardous condition.

12. Effect of Acceptance and Occupancy. Neither Licensee's acceptance of the Facility for occupancy, nor its occupancy, will be construed as a waiver of any requirement or any right of Licensee under this Agreement, or as otherwise prejudicing Licensee with respect to any such requirement or right.

13. Substitution of Occupant Agency. Licensee may, with Licensor's consent, substitute one or more federal government agencies for itself under this Agreement, and the successor occupancy will be subject to the same terms and conditions, including any occupancy by the U.S. Small Business Administration for purposes of responding to the President's declaration of emergency disaster EM-3375MI

14. The parties agree to be responsible for the negligent or wrongful acts or omissions of their respective employees.

15. Integrated Agreement. This Agreement, upon execution, contains the entire agreement of the Licensor and Licensee and no prior written or oral agreement, express or implied, shall be admissible to contradict the provisions of this Agreement.

16. Acceptance of Facility

a. Licensee will accept the Facility and occupancy will begin after Licensee determines that the Facility is suitable for occupancy as indicated in this Agreement.

17. Termination. This Agreement shall remain in effect until either (1) Licensee gives notice to Licensor that it no longer needs the Facility or 3 months, whichever occurs sooner. Licensee will give Licensor written notice of its intention to vacate the property at least 10 calendar days prior to vacating the premises. Notwithstanding any other provision of this Agreement, Licensor may revoke this Agreement upon the giving of not less than ten (10) calendar days to Licensee.

18. Applicable Law. Federal law and the laws of the State of Rhode Island shall govern this Agreement. Disputes regarding this Agreement shall be subject to the federal Contract Disputes Act.

## MSP-EOC-MDMVA

**To:** JOC
**Subject:** FW: Accepting Water Samples At PODS

---

**From:** MSP-EOC-MDEQ
**Sent:** Saturday, January 16, 2016 11:10 AM
**To:** MSP-EOC-MDMVA
**Subject:** Accepting Water Samples At PODS

I got a report that staff at PODS are reluctant to/are not accepting filled water sample bottles at the PODS. Yesterday we adapted the plan to tell people they could drop off their samples at PODS # 1,3,5,6 & 8.

Can you please verify that your teams are now accepting the samples?

For future reference, I understand that Flint Water Plant staff, at approximately 15:00 hrs, will do a daily pick-up of samples from the PODS, to the water filtration plant.

Thanks
Mitch

Sir. Just talked to 2LT Benke and he confirmed all Stations understand the drop off and collection procedures for water samples. He again emphasized the need for trash pickup and additional dumpsters.

Team,

The Water Resource Team Concept is enclosed. The Distribution branch is heading out to Flint today to get a better feel for the process but anticipate a more deliberate discussion on the by tomorrow morning.

Of special interest is the team type and levels of support. The most robust team, a type 1, has been hitting above 800 home during daylight hours thus far. These numbers do not include a Law Enforcement escort.

**Subject:** Volunteer Opportunity in Flint

**Follow Up Flag:** Follow up
**Flag Status:** Flagged

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

# Water Resource Team: Concept of Operations and Support

**Goal:** Increase the number of households served per day by the Water Resource Teams through scalable resource optimization

**How:** Standardize and Support

1. Standardize the team composition and resource requirements
2. Provide end to end support to the Water Resource Teams

**Concept of Operations and Support**

1. Planning & Prioritization
    a. Plan Components
        i. Team Type: Mission, Resources (Vehicles, Members) Product
        ii. Priority: Wards/Precincts
    b. Accountable: SEOC Recovery Branch Director
    c. Approval: State EM Director
2. *Resource Support*
    a. Resource Components
        i. Vehicles
        ii. Product
        iii. Personnel
        iv. Lunch
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Logistics, SEOC Warehouse, American Red Cross Volunteer Resource Center
3. Execution
    a. Water Resource Team Daily Distribution
    b. Accountable: MSP
    c. Responsible: MSP Water Resource Commander, American Red Cross OIC
4. Execution Support
    a. Team Replenishment
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Warehouse
5. Reporting
    a. Distribution Reporting
    b. Accountable: MSP Water Resource Commander
    c. Responsible: All Water Resource Teams

**Team Typing**

| | Mission # of Households (HH) | Truck | Truck Driver | Team Members | Chase Vehicle (s) | Chase Driver (s) |
|---|---|---|---|---|---|---|
| Type I | 500 HH | 1 - 24' | 1 | 10-20 | 1+ | 1+ |
| Type II | 400 HH | 1 - 18' | 1 | 8-16 | 1+ | 1+ |
| Type III | 300 HH | 1 16' ft | 1 | 6-9 | 1+ | 1+ |

| **Resource** | **Required** | **Confirmed** | **Notes** | **Date** | **Time** |
| ERV | 10 | 10 | | 01.15.16 | 2330 |
| Truck Drivers | 10 | 10 | | 01.15.16 | 2330 |
| Volunteers | 20-40 | 40 | | 01.15.16 | 2330 |
| Chase Vehicle for 2-4 people | 10 | 10 | | 01.15.16 | 2330 |
| Chase Vehicle Drivers (volunteers) | 10 | 10 | | 01.15.16 | 2330 |
| iPads (2 per team) | 20 | 20 | | 01.15.16 | 2330 |
| Product Each | 1000 | X | | 01.15.16 | 2330 |

**Execution:**

| Team | Assembly Area | Hours of Operation | |
|---|---|---|---|
| MSP | LEOC<br>1101 Beach St, Flint | 0900-1700 | |
| ARC | ARC<br>1401 S Grand Traverse St, Flint | 0730-Dusk | |
| Warehouse | 4315 North Clio Road, Flint | 0700-1900 | |

**Critical Task:** Assemble, coordinate, and monitor Water Resource Teams (WRT)
**Tactics:**

1. Assign team leaders, team members, and routes to teams
2. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings
3. Issue boxed lunch if available
4. Issue vest and badge to team members
5. Provide training to new team members
6. Conduct post-deployment debrief with team leaders and members
7. Collect vest and badge from team members

**Sample Script for Team Members:**

*We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.*

**Execution Support:**

**Product Replenishment Process:**

| Team | Replenishment Trigger | Replenishment Location | Process |
|---|---|---|---|
| MSP | 100 Distribution Kits Remaining | Distribution Route: exact location determined by Team Leader | 1. Contact warehouse to request replenishment truck<br>2. Coordinate replenishment location with warehouse<br>3. Exchange replenishment truck with empty truck |
| ARC | 0 Distribution Kits Remaining | Clio Warehouse | Replenish ERV at warehouse |

**Warehouse**

**Tactics:**

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

**Lunch**

MSP WRTs will be issued lunch prior to team departure if available. If not, WRTs will return to LEOC to receive lunch

**Reporting:**

**Tactics:**

1. All WRTs will utilize ipads as primary reporting method and paper tracking as seconday method if ipads fail

**Target Area Prioritization Map**

Key

| | |
|---|---|
| MSP | Black 1-7 |
| ARC | Blue 1-6 |

**RECEIVED EMAILS**

Use Outlook rule template to FORWARD all received emails to MSP-FOIAProject@michigan.gov.

1. Click the **File** tab.
2. Click **Manage Rules & Alerts.**
3. In the **Rules and Alerts** dialog box, on the **E-mail Rules** tab, click **New Rule** to activate **Rules Wizard**

4. Start from a template or from a blank rule
   - Under **Step 1: Select a template; Start from a blank rule**
     1. Click on **Apply rule on messages I receive.**
   - Under **Step 2: Edit the rule description.**
     1. Auto populate[illegible] **ter the message arrives**
   -

5. Whicl
   - check any condition
   - p
   -
   - plied to every message you receive. Is this correct?"
   -

This is done as well

6. What d
   -
   - group.
   - l : an underlined value).

     2. Search to highlight **MSP-FOIAProject** email
     3. Click **To** to auto populate email address
     4. Click **OK**
     5. **Step 2** box should read:
        **Apply this rule after the message arrives**
        **forward it to MSP-FOIAProject**
   - Click **Next.**

7. Are there any exceptions?
   - Under **Step 1: Select exception(s) (if necessary)** DO NOT choose any selection
   - Under **Step 2: Edit the rule description,** DO NOT edit.
   - Click **Next.**

8. Finish rule setup
   - Under **Step 1: Specify a name for this rule,** enter a name (example: *All received items are forwarded to MSP-FOIAProject /rule created 2016-02 w/initials*)
   - Under **Step 2: Setup rule options,** by default, **Turn on this rule** is checked.
   - Click **Finish.**

NOTES:

**Commanders Situation Report (SITREP)**

1. DTG: 2012452016

2. UNIT: Points of Distribution (PODs), NG TF FLINT

3. POC: Capt Bechtel, Jennifer E. (517) 582-4816 Email: ng.mi.flint.eoc@gmail.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: NG Task Force Flint has 67 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently NG Task Force Flint has 67 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs to assist citizens have been printed off, laminated, and delivered to PODs

b. Not anticipating VIP at POD 5 on Monday, February 22nd

c. A GSA card expired the 16th, leaving a POD unable to purchase fuel. Used temp card

d. MDOT portable light stand out at POD 5. SEOC submitted fix request to MDOT

e. One Mile March did not have any major effect on PODs

8. PERSONNEL: 67 Soldiers are currently assigned to the POD operations. 59 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Citizen stopped by Station 3 yesterday after march to inform them that the new motto is "No pipes, no peace."

10. LOGISTICS: In support of TF Flint

a. The VRC is now assembling the recycling kits and a plan is being coordinated to facilitate delivery to warehouse. Warehouse drivers will distribute bags evenly to the PODS on Monday.

11. COMMUNICATIONS:

a. POD 8 operational with ANG provided laptops

b. Working to change wireless settings in replacement laptops delivered to PODs. 125 IN laptops have been left behind for immediate use in daily reporting. Resolution in process.

P: RRF cell phones alternate for WRTs
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.

E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:

- RIP/TOA activities complete and all PODs are running entirely under new NCOICs
- OUT (last 24 hours)

Good afternoon Station 5

Please clarify the -1 Pitcher (23 cup) for the 1400-1500 hour. Are there pitchers at Station 5 that are not being recorded in inventory?

Thanks
Sam

NOTES:

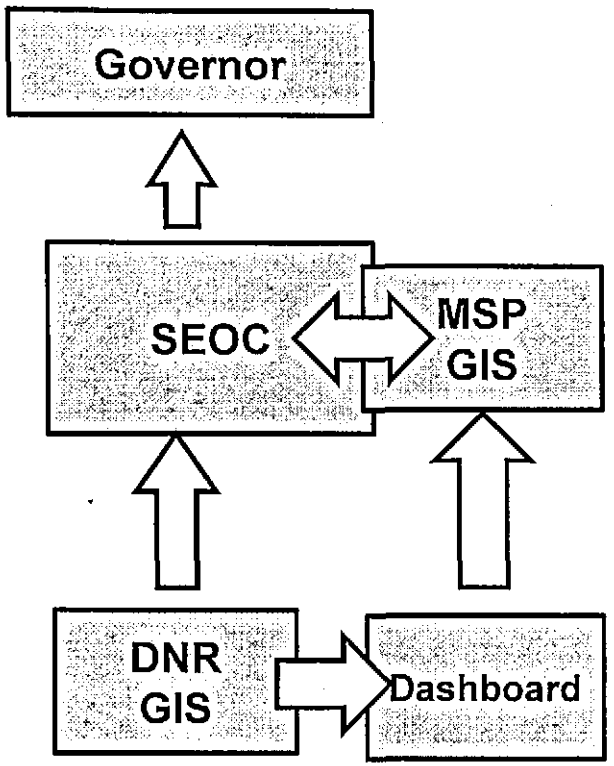
3. Matrix sent to Governor

2. SEOC transforms AGOL data into matrix

1. Information sent in AGOL format



4. Matrix sent to Governor

3. Sentinel report analyzed and placed into matrix.

2. SEOC works to reconcile 2 data.

1. ECC sends summary data to DEQ, SEOC and Governor's Office

**Subject:** RE: Agency Events for the week of 2/22/16

Please send the Planning Group a bullet list of any high level events that your agency will be participating in during the week of February 22, by noon on Monday. (i.e. Meeting with community agencies to identify future POD sites or meet with federal partners to outline long term recovery).

We will be compiling a list on Monday afternoon for the Governor's office.

Thanks!

Amanda Bresler
Planning Group Chief, State Emergency Operations Center
Michigan State Police/Emergency Management and Homeland Security

**To:** Briggs, Brianna (MSP)
**Subject:** RE: Team Lead - Job Description

I would consider changing "supervises all support operations including" to "supervises ground level support operations including", the other sounds very broad, like a much bigger job than it is. The only other thing is I would change "downloading commodities" to "offloading commodities". The former is to commonly used as computer terminology and could confuse some.

**To:** Bolger, Matt (MSP); JICManager
**Cc:** Kelenske, Chris (MSP)
**Subject:** Media Advisory Update from the JIC

Insp-

As discussed, Capt Kelenske and the Governor's office would like the JIC to produce and disseminate a document/information on the boil water advisory to include:

The steps to take to make the water safe
What has occurred to bring us to this point
Are new filters needed
Are new cartridges needed
Anything else you feel is needed

I can run any of this by DEQ, MDHHS, or other state partners if needed. Please advise what you need from me.

Thanks

Insp and Ron-

FYI on the below. I just spoke to F/Lt Wolf and she has a call into Scott Schafer (at the local EOC) to discuss this with Wendy Braun. Wendy is with the city of Flint and is at the local EOC as well according to F/Lt Wolf. Scott with advise F/Lt Wolf on what the plan is as far as messaging goes and what help the city wants from the state (if any) as it pertains to this message

I'll keep you posted

**Subject:** RE: FILTERS: Flint water main break

NSF International confirmed:

When the boiled water advisory is lifted, filters exposed to contaminated water are safe to use after the cartridge has been replaced. The user should be sure to follow the manufacturer's replacement instructions as some have additional procedures that must be performed (rinsing, flushing the cartridge, resetting an indicator, etc.).

Please work with Wendy Braun to deliver accurate messaging to the citizens affected by the water main break.

Thank you,

A slightly modified statement that addresses lead reduction at the same time would be:
"These filters are not certified to reduce microbiological contaminants from drinking water. Residents should boil their filtered water to ensure that their water is microbiologically safe. Residents should replace the cartridge / filter after the Boil Water Advisory has been lifted. The lead reduction capabilities of the filter should not be adversely affected by the presence of bacteria, if present."
Thanks

Mitch, Jen, and others,

So, I got what feedback I could and it is essentially what we had briefly discussed.

The standards are based on treating potable water, which is microbiologically safe water, so our certification to the standards would essentially be null and void if there is bacteria in the influent. This is akin to the issue of lead levels being over 150 ppb. The filters used in Flint are not certified to remove microbiological contaminants to drinking water. Residents should boil their filtered water to ensure that their water is microbiologically safe. The, replace the cartridge / filter after the Boil Water Advisory has been lifted.

Hope this gives you what you need. If you need anything else, please let me know.

**Subject:** Did you catch that

Insp and Ron-

Not sure if your on the conference call now. Question asked was if we have sent any information out on the filters being replaced after the boiling water update. I don't think we have as yet, but wanted to double check.

Have we pushed anything out as of yet?

Are we planning on it?

I know we discussed letting the Flint folks do it, but it sounds like the push is to have us do it as well

Thanks

Below are the dates and times that F/Lt Bowman and I will be working in the SEOC-PIO position over the next two weeks. Please add this to the schedule/calendar. There is one date, Friday February 26th that both of us have outstanding commitments. I have hiring interviews scheduled for a vacant sergeant position at the Lakeview Post. I would really like to keep this date/time as this position has been vacant since December 1. I can cancel/postpone it if needed however.

Do you have someone that could work in the SEOC-PIO position on Friday February 26th? Maybe bring Jane back in for the day? I have asked a few other PIO's, but have struck out with finding someone else to assist in this capacity.

Monday Feb 15th – Presidents Day
Tuesday Feb 16th – F/Lt Sweeney
Wednesday Feb 17th – F/Lt Sweeney
Thursday Fe 18th – F/Lt Bowman
Friday Feb 19th – F/Lt Bowman

Monday Feb 22nd – F/Lt Sweeney (8a – 4pm); F/Lt Bowman (4pm – 8pm)
Tuesday Feb 23rd – F/Lt Bowman
Wednesday Feb 24th – F/Lt Bowman
Thursday Feb 25th – F/Lt Sweeney
Friday Feb 26th - ????????

Thanks

Capt and Mr Katarsky-

I'm following up with Paul every few minutes now. He said that a Mrs. Diana VanHorn with the ARC has written the document and sent it to her boss with in the ARC for review. He is simply waiting for the document to be forwarded from her to him and will send it to me when he has it

Not sure what else I can do to hurry this process along, but will send you the information as soon as I have it. This request was to sent Paul at 11:03am.

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF AGRICULTURE
AND RURAL DEVELOPMENT

JAMIE CLOVER ADAMS
DIRECTOR

February 10, 2016

VIA E-MAIL: GREG@BOISINSURANCE.COM

Mr. Greg Bois
1126 East Main Street
Flushing, Michigan 48433

Dear Mr. Bois:

Thank you for your recent e-mail inquiry which was referred to me for response via the Governor's Office. Firms are expected to correct any concerns immediately. Re-visits are conducted within 10 days to confirm the establishment has corrected all problems and is now operating in compliance with the requirements. They are not given a 10- day period to continue operating out of compliance. That is just the timeframe set for the next visit. If there is a known issue with the water being used, a seizure is placed on their water immediately. The water cannot be used for any food preparation or consumption when there is a known problem with the "in-use" water.

Posting a results list of establishments not in compliance could be misleading. Many of the water samples collected do not represent the water being used for consumption or food preparation. The samples were meant to represent the worst case scenario. The waterline must not be used for six (6) hours prior to the sample being collected and the sample is taken before the firm performs the mitigation steps detailed in the requirements [attached]. When testing indicates elevated lead levels in the water, the firms are put on a high priority list and re-visited with "in-use" water samples collected. The water cannot be used for any food preparation or consumption when there is a known problem with the "in-use" water.

The requirements detailed in the attachment give several mitigation steps. Filters certified to NSF Standard 53 are certified to significantly reduce lead. Flushing the lines for five minutes is consistent with direction from the CDC to address concerns.

Sincerely,

Kevin Besey, Director
Food and Dairy Division

Enclosure
cc: SEOC

# Requirements for Licensed Food Establishments Using City of Flint Water

**January 13, 2016**

**Attention: This applies to licensed restaurants, grocery stores, convenience stores, food processors and food warehouses.**

- The best way to determine if water contains lead is to have it tested. Safe results can be posted to inform consumers.
- To schedule a free collection and analysis of your food establishment's water for lead, call 1-800-292-3939 and state you're a "Flint food establishment requesting a water test." Be prepared to provide a time when your water system can be sampled where water won't have been used for at least 6 hours. Sampling appointments as early as 5 a.m. are available.
- Restaurants with general questions should contact Genesee County Health Department at: 810-257-3612.
- Grocery or Food Processing establishments with general questions should contact MDARD at: 1-800-292-3939.

**Unless the water has been tested and found to not have a lead concern, do the following:**

- Flush water lines for 5 minutes each day before using or serving water and after 6 hours of no water use. Then flush other equipment such as pop machines for at least 1-2 minutes.
- Install an NSF Standard 53 certified filter on the faucet where drinking/cooking water is obtained from. Approved filter information for faucet or in-line filters can be found at: http://nsf.com/newsroom/statement-regarding-flint-water-system-lead-issue-and-to-certification-nsf. Filters must be changed based upon the manufacturer's recommendations.
- Use cold water and store it for immediate consumption.
- Always use cold water for drinking, cooking and cleaning/rinsing food.
- Hot water must be used for dishwashing.

**Other equipment that may use city water:**

- Ice machines – Install a water filter on the supply line or use bagged ice in drinking water.
- Pop machines – Flush for 1 minute daily or use bottled beverages.
- Coffee machines or Tea Urns – Flush for 1-2 minutes daily or use filtered water. These products may be very low risk as young children under 6 are not likely to consume these.
- Slush machines – Use filtered water.
- Spray misters – Flush for 1-2 minutes daily or use filtered water.

A licensed plumber can check your plumbing and service lines for lead soldering or lead service lines.

Flint Water Media Monitoring Report
Wednesday, February 10, 2016
Afternoon

---

**Topics:**

- Governor's Budget announcement and media roundtable in Lansing.
- Bill puts notification responsibility on EPA
- *Bacteria worries influenced Flint corrosion decision*

**Social Media:**

- Key hashtags: #FlintWater, #FlintWaterCrisis, #Flint, #Justice4Flint, #Dontdrinkthewater #waterforflint
- Live videos of protest at Capitol
- Some talk of dogs beings poisoned from lead

**Misreports:**

- None at this time.

**Headlines:**

New York Times: House Backs Bill to Require EPA Notification in Lead Cases
The House on Wednesday approved legislation to clarify the Environmental Protection Agency's authority to notify the public about danger from lead in their drinking water — the first action by Congress to respond to the water crisis in Flint, Michigan.

Huff Post: Hero Pediatrician To Congress: Government 'Betrayal' Has Traumatized Flint
Dr. Mona Hanna-Attisha, the pediatrician who helped blow the whistle last year on the toxic water in Flint, Michigan, told members of Congress on Wednesday that the crisis has put fear in the eyes of the city's parents.

MLive: Flint water main break contained, boil advisory remains in place
A water main break that lead to the city of Flint issuing a boil water advisory has been contained, but the advisory remains in place.

Michigan Radio: Can "stupidity" in Flint water crisis lead to criminal charges?
In the wake of the Flint water crisis, there are some who are calling for criminal charges to be filed against Michigan Gov. Rick Snyder and other state and local officials.

The Detroit News: House Dems complain about Snyder's absence at hearing
Democrats didn't waste much time Wednesday mentioning the absence of a particular Michigan governor at the witness table in a U.S. House meeting room on Capitol Hill.

The Wall Street Journal: Michigan Governor Seeks $195 Million for Flint in State Budget
Michigan Gov. Rick Snyder on Wednesday proposed $195 million in new spending to address the water crisis in Flint, as he announced a 2017 state budget that would also prop up Detroit's ailing public schools and provide more money to repair the Rust Belt state's aging infrastructure.

Detroit Free Press: Bill would put lead notification responsibility on EPA
The U.S. House passed its first piece of legislation related to the Flint water crisis on Wednesday, approving a measure that will require the U.S. Environmental Protection Agency to alert residents of high lead levels in circumstances where state officials or a local utility does not.

NBC News: Faces of Flint: Portraits From the Crisis
It's easy for most people in the United States to take running water for granted. Not so in Flint, Michigan, where collecting bottled water has become part of the new routine.

Sports Illustrated: Rasheed Wallace drives truck with cases of water to Flint, Michigan
Former NBA star Rasheed Wallace drove a truck filled with cases of water from North Carolina to Flint, Michigan on Thursday night, according to UNC's basketball program.

Chicago Tribune: Michigan governor plans $360M for Flint water crisis, infrastructure
Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis and to update infrastructure, including lead water pipes, in the city and across the state.

MLive: More than 400 Flint residents to receive at-home water test training
More than 400 homes spanning Flint's nine wards have been targeted as "sentinel sites" where residents will be trained to test water from their faucets for the state to provide lead level results.

Wallstreet Journal: Michigan Governor Seeks $195 Million for Flint in State Budget
Michigan Gov. Rick Snyder on Wednesday proposed $195 million in new spending to address the water crisis in Flint, as he announced a 2017 state budget that would also prop up Detroit's ailing public schools and provide more money to repair the Rust Belt state's aging infrastructure.

Bridge: Signs of trouble at MDEQ, years before Flint lead crisis
Years before a lead-poisoning crisis made Flint an unenviable center of national attention, there were warning signs about the state agency charged with keeping drinking water safe.

MLive: Chelsea Clinton to meet with Flint doctor, union to discuss water crisis
Chelsea Clinton is set to meet with a Flint doctor who helped research the city's water crisis and union members aiding in delivering resources to city residents as part of a campaign stop.

Boston Globe: Officials could face charges in Flint water crisis, investigator says
As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent they could face charges as serious as manslaughter.

MLive: Gov. Rick Snyder proposes $195M for Flint water as protesters call for his removal
Gov. Rick Snyder entered the House Appropriations room in the state capitol through a throng of booing protesters to present his annual budget proposal on Wednesday.

ABC News: Water Expert Rejects Explanation on Flint Corrosion Control
A water expert who first raised concerns about lead in Flint's drinking water dismissed as "contrived" a city official's suggestion in an email that anti-corrosive phosphates weren't added to the Flint River because of worries that the chemicals would promote bacterial growth.

Detroit Free Press: Live at 2: Flint mayor, doctor to testify on water crisis
Congressional Democrats will hold a hearing this afternoon on the Flint water crisis, taking testimony from the city's mayor, a pediatrician who helped raise the alarm over high levels of lead in the water supply and others.

AP: Michigan governor plans $360M for Flint, infrastructure
Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis and to update infrastructure, including lead water pipes, in the city and across the state.

WZZM: Snyder budget tackles urgencies: Flint water, Detroit schools
Michigan faces two unique challenges -- the Flint public health crisis and the financial meltdown at Detroit Public Schools -- that require immediate attention in the 2016-17 state budget, Gov. Rick Snyder said in a presentation to lawmakers Wednesday.

ABC 12: Chelsea Clinton to visit Hurley, meet with pipe fitters of UA Local 370
Chelsea Clinton has released her schedule for Thursday's visit to Flint.

ABC News: Digitizing historical deeds could help with Flint's water emergency
Genesee County's register of deeds wants historical documents to be digitized, saying it could help with Flint's water emergency.

ABC News: Latest: State Boosting Level of Testing, Services in Flint
State environmental and health officials say they are boosting the level of data collected as well as the services offered to Flint residents affected by lead-tainted drinking water.

Think Progress: Former Flint Mayor Comes Clean About The Water Crisis
He was mayor of Flint, Michigan when the city switched its water source from Detroit to the Flint River, without adding corrosion controls.

ANTI Media: Dogs Are Being Poisoned by Flint's Lead-Laced Water, Too
Two dogs in Genesee County, Michigan have tested positive for lead poisoning, according to the state's Department of Agriculture and Rural Development.

National Geographic: Intimate Portraits of Flint Show Frustration, Fear, Perseverance
The water contamination crisis in Flint, Michigan has forced the city's residents to dramatically change how they live.

WILX 10: WATCH: Flint Water Crisis takes toll on pets
The water crisis in Flint, Michigan is taking its toll on pets as well.

ABC 12: Flint Fire Chief: Water damaging fire engine water pumps
At just a year-and-a-half old, Fire Engine 61 is the newest in the Flint Fire Department's fleet, but look a little closer and you'll see it...

The Ring of Fire: Flint Water Crisis Protesters In Michigan Capital Shout "Bring Out Rick"
Protesters have descended upon the Michigan capital in an effort to speak with Michigan governor Rick Snyder who many believe knowingly allowed citizens of Flint to continue to drink lead-poisoned water for as long as two years before the public was notified.

The Hill: House votes to require EPA lead warnings after Flint crisis
The House voted near unanimously Wednesday to improve the Environmental Protection Agency's notifications about drinking water contamination like the crisis plaguing Flint, Mich.

The Weather Channel: Flint's Water Crisis Is Now Poisoning Dogs, Too
Flint's human crisis is also affecting the Michigan city's dog population, as several canines have been poisoned by lead-tainted water.

Digital Journal: 'This is a joke, right?' Flint citizens asked to boil water first
The citizens of Flint, Michigan, already embroiled in a water crisis that seems to have no end, received notice Tuesday evening that the water coming out of their faucets must be boiled before use.

Leader Call: Clinton Calls Flint Water Crisis "Immoral"
Trailing by double digits, according to some polls, the Clinton campaign is finding it can't escape the expectations and the limits of that "special bond" between the Clintons and voters of New Hampshire on the cusp of Tuesday's primary.

MLive: Koegel Meats still using original recipe after 100 years
Refrigerated trucks worked a little different more than 70 years ago when Albert J. Koegel took on a summer job working for his father's meat company.

New York Times: Michigan Officials Defend Handling of Legionnaires' Disease Outbreak in Flint
Michigan health officials on Tuesday defended their handling of a deadly Legionnaires' disease outbreak in Flint after widespread criticism of their failure to promptly notify the public, and questions about state regulators' cooperation with their local counterparts.

Rob,

Please move forward with plans to have a new port bar and service line installed at 312 Browning. I have spoken with the City Attorney and we believe the cheapest cure is hold harmless letter prior the permit work being done.

I will need to know the date that the contractor plans to proceed with the work.

Thank you.

**Headlines:**

CNN: Adding insult to injury: Flint issues boil-water advisory after water main break
The folks in Flint, Michigan, just can't seem to get a break. Already using filters on their faucets to make their toxic water clean, they'll now have to boil it too.

Detroit Free Press: Same old sins seen in state e-mails on Flint crisis
Few new sins are revealed in the latest release of emails related to the Flint water crisis.

Detroit Free Press: Snyder budget tackles urgencies: Flint water and DPS
Michigan faces two unique challenges -- the Flint public health crisis and the financial meltdown at Detroit Public Schools -- that require immediate attention in the 2016-17 state budget, Gov. Rick Snyder said in a presentation to lawmakers Wednesday.

Detroit Free Press: Flint businesses affected by water crisis get loan help
The Small Business Administration has opened a Business Recovery Center in Flint that will hold office hours Wednesday through Feb. 25.

MLive: Help center opens for small businesses impacted by Flint's water crisis
Businesses impacted by Flint's water crisis will have a place to go in the city for assistance.

MLive: Signs of trouble at MDEQ, years before Flint water crisis
Years before a lead-poisoning crisis made Flint an unenviable center of national attention, there were warning signs about the state agency charged with keeping drinking water safe.

The Detroit News: Snyder focuses $195M on Flint's health, water needs

Gov. Rick Snyder laid out his plan Wednesday for $195.4 million in new aid to help deal with Flint's contaminated water problem in his state budget plan for next year.

ABC News: Latest: Democrats: White House Signals Support for Flint Aid
Democratic lawmakers say the White House has signaled support for an emergency bill that would spend $765 million to help solve a water crisis in Flint, Michigan.

NY Daily News: Officials in Michigan could be facing charges as serious as involuntary manslaughter for Flint water crisis
Flint's water crisis, after a switch in the source allowed dangerous levels of lead and potentially caused deadly cases of Legionnaires' disease, could result in criminal charges as serious as involuntary manslaughter, a top investigator said Tuesday.

WILX: FLINT WATER UPDATE - Expert rejects explanation on corrosion control
A Virginia Tech expert who first raised public concerns about lead in Flint's water is dismissing a city official's email suggesting that anti-corrosive phosphates weren't added to the Flint River because of worries that the chemicals would promote bacterial growth.

Washington Post: Manslaughter charges possible in Flint water crisis
As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent they could face charges as serious as manslaughter.

Detroit News: Manslaughter charge possible in Flint
Todd Flood, special counsel for the state attorney general's office investigation into the Flint water crisis, said Tuesday the probe could lead to a variety of criminal charges or civil actions.

Los Angeles Times: How scientists failed the public in the Flint water crisis
The Flint, Mich., water crisis, in which thousands of children were exposed to elevated lead levels after a supposedly money-saving decision to start using the corrosive Flint River as the city's water supply, is more than a massive failure of politics and regulation.

Detroit Free Press: Snyder to propose $195M more for Flint water crisis
Gov. Rick Snyder on Wednesday is expected to request an additional $195 million to bring back safe drinking water to Flint and treat its impacted residents after highly corrosive water drawn from the Flint River leached lead throughout the city's drinking water system, according to a person familiar with the budget.

Slate Magazine: Flint Special Counsel: Officials Face Possible Manslaughter Charges for Water Contamination The investigation into the contamination of the drinking water in Flint, Michigan could result in criminal charges for those responsible, including potential involuntary manslaughter charges that are punishable by up to 15 years in prison.

Detroit Free Press: State defends Legionnaires' response in Flint crisis
State health officials today defended their response to the Legionnaires' disease outbreak in Flint, discounting concerns that infighting hurt public health.

New York Times: Michigan Officials Defend Handling of Legionnaires' Disease Outbreak in Flint
Michigan health officials on Tuesday defended their handling of a deadly Legionnaires' disease outbreak in Flint after widespread criticism of their failure to promptly notify the public, and questions about

state regulators' cooperation with their local counterparts.

Detroit Free Press: Officials work to inform blind about Flint water crisis
Officials are working to ensure blind residents of Flint have access to all needed information and resources related to the city's crisis with lead-tainted water.

The Detroit News: GM, UAW donating $3 million to help Flint children
General Motors Co. and the United Auto Workers will donate $3 million to the United Way of Genesee County to help support health and education needs for the children of Flint who have been impacted by lead-contaminated water.

Mlive: Flint EM spent more than $52K on theft probes after water was deemed unsafe
The city of Flint paid more than $52,000 for two outside water theft investigators even after county officials told residents in October to stop drinking the water.

Mlive: Water line breaks disrupt service to Flint residents
Water lines breaks in Flint Tuesday, Feb. 9 have disrupted traffic and school events in some areas of the city.

ABC 12: Email: Bacteria worries influenced Flint corrosion decision
An email written by a former Flint official says anti-corrosive treatments weren't added to the Flint River water because of concerns about bacteria.

# Internal JIC Talking Points

## Flint Water Emergency Response

**NOT FOR RELEASE OUTSIDE JOINT INFORMATION CENTER**
**– For use in answering media inquiries –**

## General

- The health and safety of Flint residents remains a top priority. Until water is declared safe, residents are directed to continue to follow established safety protocols.

- These recommendations include that all homes obtain a water filter and use filtered water for drinking and cooking.

- Until we know the water from the tap is safe, vulnerable populations, including children under six and pregnant or nursing women, should drink bottled water.

- It is essential that all Flint residents have the water in their homes tested as soon as possible. Free water testing kits are available at fire stations 1, 3, 5, 6, and 8. Water samples should be returned to the fire stations for testing. The DEQ lab provides results to the City of Flint within 3 business days. The City of Flint mails results to residents. Results are posted on www.michigan.gov/flintwater.

- Residents are also encouraged to clean the aerators on their faucets to lessen lead sediment. Instructions for how to do this can be found on our website at www.michigan.gov/flintwater.

- For additional information, go to www.michigan.gov/FlintWater. This website includes health fact sheets and information about free resources including bottled water, water filters, replacement cartridges and water test kits.

- Flint residents, both English- or Spanish-speaking, with questions or those who need assistance can call United Way 2-1-1. United Way 2-1-1 is a free information and referral service that is available 24 hours a day, seven days a week.

- Response efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County, and local community organizations to provide a full set of water resources to the residents of Flint.

## Resources and support services

### Flint water testing and bottled water pick up sites

- Five water resource sites have been established in Flint fire stations as one-stop locations where residents can pick-up everything they need to ensure their drinking water is safe.

- These sites are open daily from 9 a.m. to 9 p.m. Residents can pick-up free bottled water, water filters, replacement cartridges, and home water testing kits. Citizens who need transportation can call 2-1-1 for assistance.

- Identification is not required to receive any of these resources.

- In order to ensure supply keeps pace with demand, residents are reminded the general guideline is one case of bottled water per household per day.

- Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- The locations are:

    - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502
    - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503
    - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506
    - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505
    - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- Filters and replacement cartridges are also available at the following locations:

    - Michigan Department of Health and Human Services office
      125 E. Union St.
      Flint, MI 48502

    - Michigan Department of Health and Human Services office
      4809 Clio Road
      Flint, MI 48504

    - Genesee County Community Action Resource Department
      2727 Lippincott
      Flint, MI 48507

    - Genesee County Community Action Resource Department
      601 N. Saginaw
      Flint, MI 48502

- Flint City Hall
  1101 S. Saginaw St.
  Flint, MI 48502

**2-1-1**

- Anyone having difficulty reaching 2-1-1 can use the alternate toll-free number 1-844-875-9211.
- United Way 2-1-1 *is not a disaster distress helpline and does not provide stress* counseling.
- Flint residents should not call 2-1-1 about their individual testing results. If you have questions regarding blood level results, talk to your health provider.

**Water Response Teams—home water delivery**

- Water response teams consisting of volunteers are making deliveries to homes that need the most assistance, for example homes that do not have filters yet, or residents that are homebound.
- The water response teams are handing out bottled water, water filters, replacement cartridges, and water testing kits.
- Members of the water response teams have official credentialed badges with a State of Michigan seal hologram to be easily identified.
- If a resident is not at home when the teams stop by, a flyer with information on how to receive these free water resources will be left at their residence.

**Filters**

- When used properly water filters remove 99% of lead in water.
- Residents are urged to use filtered water for drinking, food preparation, brushing teeth and watering pets. Unfiltered water may be used for bathing and cleaning.
- One filter and one replacement cartridge are being provided per household initially. Each filter is good for approximately 100 gallons of water. The filter has an indicator on it that will turn from green to red when it needs to be replaced.
- The filters have a two to five-year, non-replaceable battery that operates the indicator light.

- The Plumbers and Pipefitters Union has agreed to provide free installation to homebound residents needing assistance.

- There is a detailed video posted on www.michigan.gov/flint that explains how to properly install a water filter cartridge.

- Water filters are also available for small businesses, in addition to Flint residents, at the water resource sites.

- ZeroWater filters and pitchers are not kept at the point of distribution (POD) locations for people to pick up. They are complicated and vary in size for different homes. There is a Rapid Response Team (RRT) that goes to homes and installs them as needed. When a replacement filter is needed, residents can go to a POD (such as a fire station) and request a filter (and pitcher if it's the first time).

**Water Testing**

- Flint residents can drop-off water samples to the five water resource sites at fire stations. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- EPA has set up an email and toll free number for sampling questions, flintwater@epa.gov and 800.426.4791.

**Results**

- Results are posted on www.michigan.gov/flintwater under "school and residential testing results."

- Citizens who have not received a response on water test results should contact the City of Flint at 810-787-6537 ext. 3501.

**Resources for homebound individuals**

- Homebound individuals can contact 2-1-1 for assistance. Those contacts are being provided to volunteers who are responding to needs.

- The Plumbers and Pipefitters Union has agreed to provide free water filter installation to homebound residents needing assistance. This is being coordinated through 2-1-1.

**Fire Suppression Systems**

- The fire code requires an annual inspection of sprinkler systems by trained technicians.
- The code also requires the inspection of the sprinkler piping at a minimum of every five years.
- If potential obstructions are observed, the piping is required to be flushed completely.
- If a business owner has questions or concerns regarding their sprinkler system, they should contact a licensed fire protection contractor for assistance.

**Non-English and deaf/hard of hearing individuals:**

- There are a few 2-1-1 agents in the state system that are fluent in Spanish and Arabic. When these agents are available calls are routed to them. Otherwise, tele-interpreter services are available 24/7/365. It usually takes under one minute to connect with an interpreter in any of 180 languages.
- TDD/TTY (Telecommunication Device for the Deaf) is available at every center, but very few calls come in this way.
- Email allows direct communication between the deaf/hard of hearing person and the 2-1-1 agent.
- Live chat is available at most of the 2-1-1 partners which allows individuals to communicate directly and privately with a 2-1-1 agent in real-time.

**Pets**

- Whatever you are doing in your own home for water, you should do for your pets (e.g., filtered, bottled water).
- In the last 5 years, there have been two cases of lead toxiosis in animals reported in Genesee County.
- If you have any concerns about your animal's health, you should work with a licensed veterinarian.
- There are a variety of diseases and issues that could mimic signs/symptoms of a lead-related issue, which is why it's critical to work with your vet to properly diagnose your pet.

- If a licensed vet suspects a possible lead-related issue, they contact MDARD and the department will work with them to have a sample tested. MDARD is covering the sample testing costs coming through veterinary offices.

- Media contacts wanting more information about pet testing or potential impacts can contact Jen Holton at MDARD: 517-284-5724, holtonj@michigan.gov

- Michigan has had very few cases of lead toxicity over the last five years, with most cases being related to cattle. For background purposes, with cattle, it's counted as one farm. Those cases almost always involve lead in batteries or some other contamination in the pasture where cattle graze.

- Under the Animal Industry Act, Public Act 466 of 1988, as amended, reportable diseases/conditions are exempt from disclosure. MDARD does provide reportable disease/condition case information down to the county level, but cannot provide the specifics of those individual cases.

**Paying for water**

- Inquiries regarding the payment of water bills should be referred to the City of Flint.

- Per the Mayor, the city put a halt on all shut off notices or disconnections. No shut off notices have been issued since December and the utility billing department has been given no instruction to resume at this time.

- The City is currently reviewing its policy on shut off notices in light of the declared emergency and amended preliminary injunction order issued on January 11, 2016.

- Per DHHS, State Emergency Relief funding is available to qualified households to replace damaged water heaters. This information is available by calling 211.

**Bathing**

- According to the Michigan Department of Health and Human Services, routine bathing practices can continue. It is recommended bath time be used for bathing only, after which children should be taken out of the bath rather than be allowed to play in the water for extended periods of time.

- If a resident has a rash that they are concerned about, we recommend they contact their primary care doctor.

- Currently, rashes are only reportable to MDHHS when there is a suspected infectious disease such as measles or chickenpox.

- MDHHS is working together with the CDC and Genesee County Health Department to ensure we're monitoring health issues that may be related to water.

- We will be building on our partnership with the local provider community to determine what additional supports and surveillance may be necessary.

**For non-Flint residents who want to test their water**

  - Anyone in Michigan who wants to test their water for lead can call the State Drinking Water Lab at 517-335-8184.
  - The lead testing kit costs $18, which includes the sample bottle and instructions shipped to your home as well as the lab test. It does not include the cost of shipping your filled sample bottle back to the lab.
  - Depending on the lab workload, results are typically available within 1-2 weeks.
  - Your results will include information about the EPA's lead recommendations as well as contact information for your local health department, which can help you interpret your results further, if needed.

**Other/general**

- Legionnaires disease related inquiries will not be handled by the JIC. Inquiries should be directed to DHHS – Jen Eisler -

# How to help

**Volunteering**

- Since early January, over 2,000 volunteers have volunteered their time to assist Flint residents during the water emergency.

- Volunteers are coordinated jointly by the American Red Cross and the United Way of Genesee County.

- Volunteers are still needed to provide assistance with water distribution, warehousing, data entry and assembly of water test kits.

- To learn more or sign up to volunteer, visit www.flintvolunteer.com.

**Material Donations**

- Material and in-kind donations of cases of water bottles, gallon jugs and larger containers of water can be dropped off at the below locations.

- Donations of 100 cases or less:
  - Catholic Charities Center for Hope, 517 E. Fifth Ave, Flint
    Monday – Friday, 9 a.m. - 4 p.m.
  - Call 810-232-9950, ext.325 to make arrangements for deliveries.

- Donations of 100 cases or more, pallets of water or donations in one semi-truck:
  - Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint
    Monday - Friday 8 a.m. - 4:30 p.m.
  - Call (810) 239-4441 to schedule a dock time for delivery.

- Donations not on pallets:
  - Pierson Road Warehouse on Monday, Friday and Saturdays between 12 – 6 p.m.
  - Call 517-420-3984 or email flintwarehouse2@michigan.gov to schedule a dock time for delivery.

- For extra-large donations, such as multiple semi-trucks, delivery arrangements can be made by emailing flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- In-kind donations include labor to install filters and trucks to deliver materials. All in-kind donors should email flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- If asked, preference is for water donations to be jugs of water (rather than bottles).

**Financial Donations**

- Visit www.helpforflint.com for options.

- The United Way of Genesee County, Community Foundation of Greater Flint, Hurley Children's Hospital and the Greater Flint Health Coalition have created a fund that will address both the short-term and long-term needs of Flint residents.

- The Community Foundation is managing all financial donations and no administrative fee is assessed. Visit www.flintkids.org or call the United Way at 810-232-8121 or Community Foundation of Greater Flint at 810-767-8270 for more information.

## *What's being done—Government actions*

**Presidential Disaster Declaration – FEMA assistance**

- On Saturday, January 16, President Obama approved Gov. Snyder's request for a federal emergency in Flint. This action will provide emergency relief in the form of bottled water, water filters, filter replacements and water test kits. The period of assistance is up to 90 days.

- Gov. Rick Snyder on Wednesday, January 20, submitted an appeal to President Barack Obama following the denial of a major disaster declaration, a move that could potentially bring additional and much-needed resources to help the people of Flint.

- In the appeal to President Obama, Gov. Snyder said the severity of the disaster warrants special consideration for all categories under the Individual and Public Assistance Programs, as well as the Hazardous Mitigation Program in order to facilitate recovery.

- The President denied that appeal based on the legal requirement that under the Stafford Act disaster relief is available only for natural events, fires, floods, or explosions.

- On Friday, January 22, President Obama denied Gov. Snyder's appeal for a federal disaster declaration to aid Flint.

- On Wednesday, January 27, the state requested the federal WIC program increase access and availability of WIC benefits to children five to 10 years of age in the Flint area, to help children battle lead exposure through nutrition. On Friday, January 29, the USDA denied the state's request. Gov. Snyder is appealing that decision.

**Emergency Declaration – City of Flint**

- Gov. Rick Snyder issued a proclamation Thursday, January 28 calling for an extension to the emergency declaration in the City of Flint and Genesee County.

- The Michigan House and Senate approved the request, extending the emergency until Thursday, April 14, 2016.

- This extension coincides with the current Presidential Emergency Declaration.

- Extending this emergency will help us continue providing immediate assistance to the people of Flint while working on long-term solutions to help Flint recover from this tragedy.

**Resources Distributed Since January 9**

- Since Saturday, January 9, the following resources have been distributed to residents, both at the water resource sites and by water response teams, in addition to donations:
    - *Below figures are as of Feb. 8, 2016*
        - 299,273 cases of water
        - 104,500 water filters
        - 35,756 water testing kits

- Water is being distributed primarily in bottles rather than jugs because donations are largely comprised of bottled water.

- In addition to donated supplies, the State of Michigan has purchased the following resources, since Tuesday, January 5, which will continue to be delivered to Flint over the coming days:
    - *Below figures are as of Feb. 5, 2016*
        - 141,982 cases of water
        - 124,052 filters
        - 62,701 water testing kits

**National Guard Mobilization**

- The Michigan National Guard has been activated to assist with distribution efforts at the five water resource sites at fire stations in the city.
    - Gov. Snyder issued an Executive Order on Tuesday, January 12, 2016, to activate Michigan National Guard.
    - Currently they are being used to staff water resource sites to support the distribution of bottled watered, water filters, replacement cartridges, and water testing kits.
    - National Guard is uniquely prepared and trained to respond quickly in emergency situations.

- First group of National Guard personnel arrived in Flint on Wednesday, January 13, 2016 to conduct assessment and get acclimated (seven personnel).

- Thirty (30) more personnel arrived on Friday, January 15; and that number was expanded to approximately 70 personnel on Monday, January 18, 2016. From Saturday, January 23 through Saturday, January 30, there were 279 MI National Guard Service Members on the ground in support of efforts in Flint (engaging in door-to-door effort). This number included both Army and Air guard assets. As of Sunday, January 31 there are 70 MI National Guard Service Members on the ground in Flint.

- This is the second time the Gov. Snyder has activated the National Guard. Last time was for the Duck Lake Fire in Luce County in May 2012.

- Per Michigan Emergency Management Plan, the Michigan State Police Director or designee is responsible for coordinating all state efforts, including the Michigan National Guard.

- Activation of the Michigan National Guard has allowed the American Red Cross, who had been staffing the water resource sites, to join the water distribution teams.

**Attorney General Investigation**

- On Friday, January 15 the Michigan Attorney General office announced they launched an investigation to determine what, if any, Michigan laws were violated in the process that resulted in lead contamination in Flint.

- On Monday, January 25 Michigan Attorney General Bill Schuette assigned individuals to lead the investigation: attorney Todd Flood (defense attorney and former Wayne County assistant prosecutor) and Andy Area (former Detroit FBI bureau chief).

**Supplemental Budget Request**

- After reviewing financial requests from the City of Flint, as well as financial requests from the State Emergency Operations Center and the involved state agencies and receiving input from various other organizations in Genesee County, the state budget director has submitted to the Legislature an emergency supplemental budget request on behalf of the governor to address the **immediate** funding needs for the Flint water crisis. We understand further investment will be necessary.

- On Friday, January 29, the Gov. Snyder signed the legislation allocating $28 million for more water resources and expanded health care initiatives, including more school nurses, diagnostic tests and community education through the Genesee County Health Department.

- This supplemental request is not intended to address all of the future financial needs that will be necessary to aid the city and the people of Flint. This supplemental request addresses the immediate funding needs and requests, including the cost of bottled water, filters and testing kits.

- All state resources are being brought to bear to protect public health and safety. In addition, the Gov. Snyder requested federal aid through FEMA and through direct request to the President – to date $5 million in federal aid has been approved for Flint.

- This supplemental request includes funding for immediate needs and is not intended to include funding for some of the longer-term needs such as special education, long-term health monitoring of children, and potential replacement of the water infrastructure and service lines. The longer-term needs will be addressed through the traditional budget development process and the governor will release his fiscal year 2017 budget recommendation on Wednesday, February 10.

**Gov. Snyder and DEQ Announce 5-Part Plan to Determine Water Safety**

- On Sunday, January 31, the DEQ embarked on a 5-point strategy to establish a baseline of data to determine when the water is safe to drink. The strategy includes:

    - Residential water testing: at-home water testing done by residents is key in guiding experts to areas of concern. To date, of 4,924 total residential water samples, tests show 93.7 percent of homes are below the actionable level of 15 parts per billion (ppb) for lead.

    - School testing: DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures.

    - Food service/restaurant provider testing: DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly, and using the correct food and water standards.

- Blood level testing: DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.

- Flint water distribution system testing: DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection.

**Testing of Bottled Water for Lead**

In January, concerns have been raised about the possibility of lead being in the water being provided to Flint residents. This concern was raised due to measurements some residents obtained with a Total Dissolved Solids (TDS) meter provided with ZeroWater brand water filters.

- TDS is a measurement of all minerals and other common chemicals present in the water. The TDS meter is not sensitive enough to measure lead in the water and was included to help users determine when it is time to replace the filter.

- Although the TDS meter does not measure lead, the concern raised an excellent point that the bottled water being distributed should be tested for lead. Therefore, the MDEQ has analyzed a sample from each of the 21 brands of bottled water that are in inventory for both lead and copper. Results show all 21 brands of bottled had results of "Not Detected." With respect to lead, that means that all brands were less than 1 part per billion and for copper all 21 brands were less than 50 parts per billion.

- Although bottled water is regulated and must meet safety criteria, it was an excellent suggestion by the residents of Flint that we verify that the bottled water being distributed is safe and for that. We appreciate the suggestion.

**Federal Funds – How They Can Be Used**

- In an interview on Thursday, January 28, Lt. Gov. Brian Calley said that only $17 million of the $80 million in federal loans made available to Michigan can be allocated towards the recovery effort in Flint.

- This clarified a misunderstanding that the entire $80 million in federal loans could be allocated to aid in water infrastructure improvements for Flint.

- Read the Detroit Free Press story here: http://www.freep.com/story/news/local/michigan/flint-water-crisis/2016/01/28/only-17m-federal-loans-flint-says-lt-gov/79454204/

**Seeking Healthcare Services for Flint Residents under age 21**

- Gov. Snyder sent a request to U.S. Department of Health and Human Services to provide Flint residents under age 21 with additional healthcare services to address potential problems brought on from exposure to lead.

- The Governor requested to expand Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level. The request is also for Medicaid coverage for people already enrolled in other forms of insurance to ensure comprehensive benefits are available to children who may have come into contact with lead in the water. The White House and federal Department of Health and Human Services did not have an immediate response.

**Jobs and Talent & Economic Development Assistance**

- The Department of Talent & Economic Development (TED) is engaged with Gov. Snyder's efforts to address the situation in Flint.

- Agency directors and staff have been on the ground in Flint assisting with water distribution efforts and talking with city officials on ability to assist with the needs in the community to provide safe, clean drinking water.

- Michigan State Housing Development Authority (MSHDA) Executive Director Elsenheimer and the MSHDA team have been on the ground ensuring all MSHDA housing has appropriate filters and water resources.

- Michigan Economic Development Corporation / Michigan Strategic Fund is currently focused and in discussions with local officials on how the state can assist in the immediate infrastructure needs of the City of Flint.

- Michigan Talent Investment Agency is eager to be a full partner in enhancing the economy of the community and the self-sufficiency of its families through numerous programs and initiatives, including the Community Ventures Program that assists Flint residents in finding good paying jobs.

- Through Travel Michigan, TED is continuing to promote the cultural, historical and natural assets of the area, and working collaboratively with the community to

showcase the positive stories coming out of Flint.

- In addition to these efforts, the TED team is exploring any and all other options for TED to assist the residents of Flint both on addressing their immediate water issues, as well as long term economic and community development needs.

- On Monday, February 8, Gov. Snyder announced a new partnership between the State of Michigan and Flint human service groups. The partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents in February to fill jobs on teams helping conduct water tests across Flint.

**Michigan School for the Deaf**

- *For specific questions regarding actions taken to address lead levels at **any** schools (including Michigan School for the Deaf), ask that they contact the Michigan Department of Education (MDE).*

- When the Michigan School for the Deaf (MSD) initially heard of the water lead issue in September, school officials conducted their own testing which came back with clear results.

- Administrators closed down fountains in the building and have been purchasing 35-gallon water dispensers (150 gallons/week) from Culligan.

- Water filters have been placed on cafeteria drinking fountains and kitchen sinks for use in cooking/food prep.

- The school was notified by the local Health Department (Wednesday, January 20) about free testing for students for lead poisoning.

- The school has a staffed health center and MDE has approved the health center to work with the health department to set up a testing schedule and follow testing protocols outlined by the health department.

- Active consent is required for blood testing, so the school is working with the health department to notify parents and obtain consent.

- On the evening of Tuesday, January 12, MSD was notified by the dormitory landlord that they had a lead level reading of 28 parts per billion on some water outlets. The DEQ recommends school facilities take action if samples from any drinking water outlets show lead levels greater than 15 parts per billion.

    - Current actions being taken by MSD:

- Informing parents of the situation.

- Expediting replacement of 62-65 faucets in the dorm beginning Friday, January 22, 2016 and to have all replaced by the end of that weekend.
- The landlord and school officials are looking at replacing shower heads and/or installing in-line filters on showers.

- Approximately 75 students board at MSD, ranging in age from four to 26. There are 167 students attending the school.

# History, background timeline

## Chronology

- October 1, 2015: Public Health Emergency Declaration issued

- December 14, 2015: State of Emergency declared by City of Flint.

- January 4, 2016: Genesee County Board of Commissioners declared a local emergency
    - In a separate document, Genesee County requested a Governor's Declaration of Emergency with the local declaration.

- January 5, 2015: Governor declared State of Emergency
    - State Emergency Operations Center activated in Lansing to coordinate state response
    - *Joint Information Center* (JIC) activated on January 6, 2016 in Lansing; moved to Flint on January 11, 2016

- January 9, 2016: Water resource sites established at fire stations. 9 a.m. to 4 p.m. on January 9, 2016 but 9 a.m. – 9 p.m. starting January 10, 2016.

- January 12, 2016: Water resource teams began going door-to-door (4 teams)

- January 12, 2016: Governor Snyder issued an Executive Order activating the Michigan National Guard

- January 14, 2016: Governor requested Presidential declaration of emergency and expedited major disaster for Genesee County

- January 16, 2016: President Obama approved the Governor's request for a federal emergency in Flint.
    - Denied request for major disaster
- January 20, 2016: Governor Snyder submitted an appeal to President Barack Obama following the denial of a major disaster declaration.

- January 22, 2016: President Obama denied Governor Snyder's appeal for a federal disaster declaration to aid Flint.

- January 28, 2016: Gov. Rick Snyder today issued a proclamation calling for an extension to the emergency declaration in the city of Flint and Genesee County until April 14, 2016.

- February 5, 2016: The Small Business Administration approved Gov. Rick Snyder's request for low-interest disaster loans for businesses in Genesee

County and the city of Flint. Business owners seeking these loans must apply by Nov. 7, 2016.

**Other/Misc.**

- The state recognizes that offering recycling options for empty water bottles is a priority. Measures will be put in place soon to provide for recycling opportunities.

- Per the Michigan Department of Education, the state is not involved in the water provided to the Flint Schools. Any questions related to this topic should be referred to Flint Schools.

- Governor has asked the Receivership Transition Advisory Board to transfer the powers and authority currently vested in the city administrator to the mayor. Any inquiries related to this should be referred to the Governor's office.

- Population of Flint, as of 2014, was 99,000. Number of occupied households is 39,125, according to the state demographer. (Households with families, 22,809; non family head of household 16,316).

- For calls received from constituents offering lead removal solutions, take down their information and let them know it will be forwarded to the appropriate person. If there is interest in their services, they will be contacted directly. Their contact information should be forwarded to the MSP-SEOCPIO.

- Inquiries about providing vendor services should email DTMBECC@michigan.gov.

MEDIA at the SEOC

- If the media shows up at the new SEOC and requests or is expecting a tour of the facility, the reporter/photographer should be told that we ARE NOT conducting tours at this time, for two reasons: the SEOC remains under construction and it is an extremely busy time at the SEOC.

- PIOs in the SEOC are to talk with the media and let them know no tours are being offered and advise that they should contact EMHSD sometime in mid-February for the possibility of a tour.

- Live videos of protest at Capitol
- Some talk of dogs beings poisoned from lead

**Misreports:**

- *None at this time.*

**Headlines:**

New York Times: House Backs Bill to Require EPA Notification in Lead Cases
The House on Wednesday approved legislation to clarify the Environmental Protection Agency's authority to notify the public about danger from lead in their drinking water — the first action by Congress to respond to the water crisis in Flint, Michigan.

Huff Post: Hero Pediatrician To Congress: Government 'Betrayal' Has Traumatized Flint
Dr. Mona Hanna-Attisha, the pediatrician who helped blow the whistle last year on the toxic water in Flint, Michigan, told members of Congress on Wednesday that the crisis has put fear in the eyes of the city's parents.

MLive: Flint water main break contained, boil advisory remains in place
A water main break that lead to the city of Flint issuing a boil water advisory has been contained, but the advisory remains in place.

Michigan Radio: Can "stupidity" in Flint water crisis lead to criminal charges?
In the wake of the Flint water crisis, there are some who are calling for criminal charges to be filed against Michigan Gov. Rick Snyder and other state and local officials.

The Detroit News: House Dems complain about Snyder's absence at hearing
Democrats didn't waste much time Wednesday mentioning the absence of a particular Michigan governor at the witness table in a U.S. House meeting room on Capitol Hill.

The Wall Street Journal: Michigan Governor Seeks $195 Million for Flint in State Budget
Michigan Gov. Rick Snyder on Wednesday proposed $195 million in new spending to address the water crisis in Flint, as he announced a 2017 state budget that would also prop up Detroit's ailing public schools and provide more money to repair the Rust Belt state's aging infrastructure.

Detroit Free Press: Bill would put lead notification responsibility on EPA
The U.S. House passed its first piece of legislation related to the Flint water crisis on Wednesday, approving a measure that will require the U.S. Environmental Protection Agency to alert residents of high lead levels in circumstances where state officials or a local utility does not.

NBC News: Faces of Flint: Portraits From the Crisis
It's easy for most people in the United States to take running water for granted. Not so in Flint, Michigan, where collecting bottled water has become part of the new routine.

Sports Illustrated: Rasheed Wallace drives truck with cases of water to Flint, Michigan
Former NBA star Rasheed Wallace drove a truck filled with cases of water from North Carolina to Flint, Michigan on Thursday night, according to UNC's basketball program.

Chicago Tribune: Michigan governor plans $360M for Flint water crisis, infrastructure
Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis and to update infrastructure, including lead water pipes, in the city and across the state.

MLive: More than 400 Flint residents to receive at-home water test training
More than 400 homes spanning Flint's nine wards have been targeted as "sentinel sites" where residents will be trained to test water from their faucets for the state to provide lead level results.

Wallstreet Journal: Michigan Governor Seeks $195 Million for Flint in State Budget
Michigan Gov. Rick Snyder on Wednesday proposed $195 million in new spending to address the water crisis in Flint, as he announced a 2017 state budget that would also prop up Detroit's ailing public schools and provide more money to repair the Rust Belt state's aging infrastructure.

Bridge: Signs of trouble at MDEQ, years before Flint lead crisis
*Years before a lead-poisoning crisis made Flint an unenviable center of national attention, there were* warning signs about the state agency charged with keeping drinking water safe.

MLive: Chelsea Clinton to meet with Flint doctor, union to discuss water crisis
Chelsea Clinton is set to meet with a Flint doctor who helped research the city's water crisis and union members aiding in delivering resources to city residents as part of a campaign stop.

Boston Globe: Officials could face charges in Flint water crisis, investigator says
As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent they could face charges as serious as manslaughter.

MLive: Gov. Rick Snyder proposes $195M for Flint water as protesters call for his removal
Gov. Rick Snyder entered the House Appropriations room in the state capitol through a throng of booing protesters to present his annual budget proposal on Wednesday.

ABC News: Water Expert Rejects Explanation on Flint Corrosion Control
A water expert who first raised concerns about lead in Flint's drinking water dismissed as "contrived" a city official's suggestion in an email that anti-corrosive phosphates weren't added to the Flint River because of worries that the chemicals would promote bacterial growth.

Detroit Free Press: Live at 2: Flint mayor, doctor to testify on water crisis
Congressional Democrats will hold a hearing this afternoon on the Flint water crisis, taking testimony from the city's mayor, a pediatrician who helped raise the alarm over high levels of lead in the water supply and others.

AP: Michigan governor plans $360M for Flint, infrastructure
Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis and to update infrastructure, including lead water pipes, in the city and across the state.

WZZM: Snyder budget tackles urgencies: Flint water, Detroit schools
Michigan faces two unique challenges -- the Flint public health crisis and the financial meltdown at Detroit Public Schools -- that require immediate attention in the 2016-17 state budget, Gov. Rick Snyder said in a presentation to lawmakers Wednesday.

ABC 12: Chelsea Clinton to visit Hurley, meet with pipe fitters of UA Local 370
Chelsea Clinton has released her schedule for Thursday's visit to Flint.

ABC News: Digitizing historical deeds could help with Flint's water emergency
Genesee County's register of deeds wants historical documents to be digitized, saying it could help with Flint's water emergency.

ABC News: Latest: State Boosting Level of Testing, Services in Flint
State environmental and health officials say they are boosting the level of data collected as well as the services offered to Flint residents affected by lead-tainted drinking water.

Think Progress: Former Flint Mayor Comes Clean About The Water Crisis
He was mayor of Flint, Michigan when the city switched its water source from Detroit to the Flint River, without adding corrosion controls.

ANTI Media: Dogs Are Being Poisoned by Flint's Lead-Laced Water, Too
Two dogs in Genesee County, Michigan have tested positive for lead poisoning, according to the state's Department of Agriculture and Rural Development.

National Geographic: Intimate Portraits of Flint Show Frustration, Fear, Perseverance
The water contamination crisis in Flint, Michigan has forced the city's residents to dramatically change how they live.

WILX 10: WATCH: Flint Water Crisis takes toll on pets
The water crisis in Flint, Michigan is taking its toll on pets as well.

ABC 12: Flint Fire Chief: Water damaging fire engine water pumps
At just a year-and-a-half old, Fire Engine 61 is the newest in the Flint Fire Department's fleet, but look a little closer and you'll see it...

The Ring of Fire: Flint Water Crisis Protesters In Michigan Capital Shout "Bring Out Rick"
Protesters have descended upon the Michigan capital in an effort to speak with Michigan governor Rick Snyder who many believe knowingly allowed citizens of Flint to continue to drink lead-poisoned water for as long as two years before the public was notified.

The Hill: House votes to require EPA lead warnings after Flint crisis
The House voted near unanimously Wednesday to improve the Environmental Protection Agency's notifications about drinking water contamination like the crisis plaguing Flint, Mich.

The Weather Channel: Flint's Water Crisis Is Now Poisoning Dogs, Too
Flint's human crisis is also affecting the Michigan city's dog population, as several canines have been poisoned by lead-tainted water.

Digital Journal: 'This is a joke, right?' Flint citizens asked to boil water first
The citizens of Flint, Michigan, already embroiled in a water crisis that seems to have no end, received notice Tuesday evening that the water coming out of their faucets must be boiled before use.

Leader Call: Clinton Calls Flint Water Crisis "Immoral"
Trailing by double digits, according to some polls, the Clinton campaign is finding it can't escape the expectations and the limits of that "special bond" between the Clintons and voters of New Hampshire on the cusp of Tuesday's primary.

MLive: Koegel Meats still using original recipe after 100 years
Refrigerated trucks worked a little different more than 70 years ago when Albert J. Koegel took on a summer job working for his father's meat company.

New York Times: Michigan Officials Defend Handling of Legionnaires' Disease Outbreak in Flint
Michigan health officials on Tuesday defended their handling of a deadly Legionnaires' disease outbreak in Flint after widespread criticism of their failure to promptly notify the public, and questions about state regulators' cooperation with their local counterparts.

**Headlines:**

CNN: Adding insult to injury: Flint issues boil-water advisory after water main break
The folks in Flint, Michigan, just can't seem to get a break. Already using filters on their faucets to make their toxic water clean, they'll now have to boil it too.

Detroit Free Press: Same old sins seen in state e-mails on Flint crisis
Few new sins are revealed in the latest release of emails related to the Flint water crisis.

Detroit Free Press: Snyder budget tackles urgencies: Flint water and DPS
Michigan faces two unique challenges -- the Flint public health crisis and the financial meltdown at Detroit Public Schools -- that require immediate attention in the 2016-17 state budget, Gov. Rick Snyder said in a presentation to lawmakers Wednesday.

Detroit Free Press: Flint businesses affected by water crisis get loan help
The Small Business Administration has opened a Business Recovery Center in Flint that will hold office hours Wednesday through Feb. 25.

MLive: Help center opens for small businesses impacted by Flint's water crisis
Businesses impacted by Flint's water crisis will have a place to go in the city for assistance.

MLive: Signs of trouble at MDEQ, years before Flint water crisis
Years before a lead-poisoning crisis made Flint an unenviable center of national attention, there were warning signs about the state agency charged with keeping drinking water safe.

The Detroit News: Snyder focuses $195M on Flint's health, water needs

Gov. Rick Snyder laid out his plan Wednesday for $195.4 million in new aid to help deal with Flint's contaminated water problem in his state budget plan for next year.

ABC News: Latest: Democrats: White House Signals Support for Flint Aid
Democratic lawmakers say the White House has signaled support for an emergency bill that would spend $765 million to help solve a water crisis in Flint, Michigan.

NY Daily News: Officials in Michigan could be facing charges as serious as involuntary manslaughter for Flint water crisis
Flint's water crisis, after a switch in the source allowed dangerous levels of lead and potentially caused deadly cases of Legionnaires' disease, could result in criminal charges as serious as involuntary manslaughter, a top investigator said Tuesday.

WILX: FLINT WATER UPDATE - Expert rejects explanation on corrosion control
A Virginia Tech expert who first raised public concerns about lead in Flint's water is dismissing a city official's email suggesting that anti-corrosive phosphates weren't added to the Flint River because of worries that the chemicals would promote bacterial growth.

Washington Post: Manslaughter charges possible in Flint water crisis
As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent they could face charges as serious as manslaughter.

Detroit News: Manslaughter charge possible in Flint
Todd Flood, special counsel for the state attorney general's office investigation into the Flint water crisis, said Tuesday the probe could lead to a variety of criminal charges or civil actions.

Los Angeles Times: How scientists failed the public in the Flint water crisis
The Flint, Mich., water crisis, in which thousands of children were exposed to elevated lead levels after a supposedly money-saving decision to start using the corrosive Flint River as the city's water supply, is more than a massive failure of politics and regulation.

Detroit Free Press: Snyder to propose $195M more for Flint water crisis
Gov. Rick Snyder on Wednesday is expected to request an additional $195 million to bring back safe drinking water to Flint and treat its impacted residents after highly corrosive water drawn from the Flint River leached lead throughout the city's drinking water system, according to a person familiar with the budget.

Slate Magazine: Flint Special Counsel: Officials Face Possible Manslaughter Charges for Water Contamination The investigation into the contamination of the drinking water in Flint, Michigan could result in criminal charges for those responsible, including potential involuntary manslaughter charges that are punishable by up to 15 years in prison.

Detroit Free Press: State defends Legionnaires' response in Flint crisis
State health officials today defended their response to the Legionnaires' disease outbreak in Flint, discounting concerns that infighting hurt public health.

New York Times: Michigan Officials Defend Handling of Legionnaires' Disease Outbreak in Flint
Michigan health officials on Tuesday defended their handling of a deadly Legionnaires' disease outbreak in Flint after widespread criticism of their failure to promptly notify the public, and questions about

state regulators' cooperation with their local counterparts.

Detroit Free Press: Officials work to inform blind about Flint water crisis
Officials are working to ensure blind residents of Flint have access to all needed information and resources related to the city's crisis with lead-tainted water.

The Detroit News: GM, UAW donating $3 million to help Flint children
General Motors Co. and the United Auto Workers will donate $3 million to the United Way of Genesee County to help support health and education needs for the children of Flint who have been impacted by lead-contaminated water.

Mlive: Flint EM spent more than $52K on theft probes after water was deemed unsafe
The city of Flint paid more than $52,000 for two outside water theft investigators even after county officials told residents in October to stop drinking the water.

Mlive: Water line breaks disrupt service to Flint residents
Water lines breaks in Flint Tuesday, Feb. 9 have disrupted traffic and school events in some areas of the city.

ABC 12: Email: Bacteria worries influenced Flint corrosion decision
An email written by a former Flint official says anti-corrosive treatments weren't added to the Flint River water because of concerns about bacteria.

**Subject:** FW: Concerns from the field on water distribution

Hi Kevin,

Please see the below questions raised by Representative Kildee's office and the original constituent email. Can you assist in tracking down answers to these questions?

Specifically, it would be helpful to have clarification on who is eligible for home delivery (is elderly sufficient or do you have to be "homebound")? How do you get on a home delivery list? In general, the original email seems to speak to a need for coordination with persons in HUD housing. I believe there are some efforts under way via MSHDA already. I also think the Office on Services to the Aging is doing some outreach. Can you please check with the SMEs in the SEOC to see if this is the case?

Lastly, it was suggested that Captain Kelenske might want to address the three questions about the state (why use volunteers, why limit National Guard, and what is being done outside of PODs) on Tuesday's Congressional call. If someone can answer these for me, I will work them into his talking points.

*Thank you,*
Shanon

**From:** Shulman, Dan [mailto:Dan.Shulman@fema.dhs.gov]
**Sent:** Friday, February 12, 2016 2:18 PM
**To:** Banner, Shanon (MSP)
**Cc:** Jasmund, Sandra; Chandler, Jacqueline
**Subject:** FW: Concerns from the field on water distribution

Shanon,

I had a conversation today with a staffer for Rep. Kildee. They have "heard" from someone on the ground that raised a number of complaints about the way water is being distributed. Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- *Elderly residents that cannot carry water back to their home/apartment from a POD;*

- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

**Dan Shulman**
*External Affairs Specialist*

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint . ..I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken One resident still is getting skin rashes from showering in the water Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested. ..again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

Michelle,

Just an FYI,,,, the locals are in the process of resolving this water main break and lifting the boil water order per the Flint City EOC liaison .... Will this create some confusion if they are pushed out within the same time frame?

FYI – to go out in a few minutes. I will send the link when it's posted.

**EPA Statement of Flint Water Main Break, Boil Water Order**

U.S. EPA is working closely with the City of Flint and Michigan Department of Environmental Quality on the recent water main break and boil order. After the water transmission line broke on Feb. 9, EPA coordinated with CDC, ATSDR and other members of the Flint Water Response Unified Coordination Group to determine what additional steps residents should take given the current issues with lead in drinking water.

Flint residents have been advised to either drink bottled water or to drink boiled water that has been already been filtered through an NSF-certified filter rated to remove lead. Use only bottled water for water, food and formula given to babies under 1 year old. Bottled water is the safest choice for pregnant or breastfeeding women and kids under 6 years of age.

The city has isolated the broken main, and following established protocols, has checked residual chlorine levels in the drinking water system and conducted two rounds of microbial testing. The first round of microbial testing found no contamination. If the second round is also clean, the city will lift the boil order, although residents should still drink only filtered or bottled water because of the ongoing lead issue.

Especially in winter, water main breaks are common in Flint and other cities with older infrastructure. When these breaks occur, cities follow established protocols to notify residents and to ensure the safety of drinking water.

> I talked to Mike Schram at NBC25 about the town hall. It would be a 1.5-hour panel, with experts as well as the general public in the audience. We discussed the idea of having Capt. Kelenske, Dirs. Lyon and Creagh, and either Rich Baird or LG Calley on the panel. Mayor Weaver will also be on the panel, but I'm

not sure who else - possibly somebody from the EPA. They had invited Congressman Kildee but he cannot make it.

Mike has invited a ton of stakeholders (Red Cross, United Way, churches, etc.) to fill audience seats. We discussed the possibility of having Dr. Eden Wells (and possibly DEQ's George K) in the audience as experts.

The town hall would be from 7-8:30 p.m. on Monday, Feb. 29. It would be broadcast in the Flint/Saginaw/BC, Grand Rapids/Kazoo and Cadillac/TC areas. Because it's at U-M Flint, the campus police force can help coordinate security.

Can you confirm with your directors – today hopefully - that this is something they could do? And if you want any expert backup for them in the audience, please provide those names as well. I'll confirm with Rich Baird and/or the LG.

Sentinel Site Teams to Discuss Process For Testing Water at Homes Across the City
402 Flint Households to Help Determine When City's Water Safe to Drink

FOR IMMEDIATE RELEASE
February 11, 2016

DATE:
Friday, Feb.12, 2016

TIME:
9 a.m.

WHERE:
Local Emergency Operations Center
Genesee County Administration Building
1101 Beach Street
Flint, MI 48502

WHO:
Sentinel site teams comprised of Michigan Department of Environmental Quality (DEQ) employees and licensed plumbers.

WHAT:
Yesterday, 10 sentinel site teams began visiting 402 identified Flint homes across the city to teach residents how to test their water in a scientifically accurate manner so they may submit regular samples to the state for testing. This in-depth

level of data collection will help confirm when Flint's drinking water is safe and provide a more streamlined level of post-testing services for resident health and wellness.

To protect individuals' privacy, demonstrations will not be given at residences.

This is an opportunity for media to get photos and video of the information teams that will cover with homeowners.

###

ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632) or JICNews@michigan.gov.

FEMA 3375 EM – Contaminated Water in Flint, Michigan

**Joint State-Federal Operational Update #6 for Congressional/Legislative Staff**

The State of Michigan and FEMA invite you to call into a joint operational update briefing for Congressional and State Legislative staff. Representatives from relevant agencies will be on the line to provide information and answer any questions that you may have.

If there are topics or issues you would like us to address, please let us know in advance so appropriate briefers can be included.

Date: February 16, 2016

Time: 2:30 pm EST

Dial in:

Please share this information with any other staff that may be interested.

Lori, Oralya and Brianna-

Not sure who wants these numbers from the MSP-SEOCPIO email account, so I'll send them to all of you.

The email numbers are:

343 – Deleted file
2 – Flint Water folder
231 – Sent folder
241 – Flint Water folder (archived)
2290 – Sent folder (archived)
0 – Deleted folder (archived)

On the desk top is a folder labeled "Flint Water Crisis." This folder contains 10 documents

There are approximately 50 multi-page approvals/hard copy forms sitting in a filing crate near the MSP-SEOCPIO computer.

Once I know what the EMHSD game plan is for printing and copying these, I will start that process.

Thank you
K

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. You are receiving this email because you have been identified as an individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than **2:00 PM on Friday, February 12, 2016.**

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on **Thursday, February 18, 2016.**

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to MSP-FOIAProject@michigan.gov.

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. Until further notice, copies of all newly created records shall be forwarded to MSP-FOIAProject@michigan.gov.

**REMINDER**: Public records can only be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is **two years**. *Please save all emails and text messages for at least two years. Prior to expiration of* the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact Ms. Lori Hinkley.

Capt. Greg Zarotney

**Subject:** Flint Joint Information Center Daily Update -- Feb. 11, 2016

## Flint Joint Information Center Daily Update

February 11, 2016

### Situation Report

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 11. The JIC was operational until 10 p.m. on Feb. 10.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality and Health and Human Services. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:

- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the city of Flint's boil water advisory.
- MDHHS Chief Medical Executive Dr. Eden Wells attended a Great Lakes Health Connect press conference, announcing the donation of $250,000 to connect various health care providers in the Flint area so they can easily share information about patients affected by lead exposure. Dr. Well was interviewed by the Associated Press and gave an update about children blood-level testing in Flint. Dr. Wells also conducted an interview with Michigan Radio about the boil water advisory in Flint.
- Created a morning and afternoon media monitoring report.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs attended Gov. Rick Snyder's media availability at the Food Bank of Eastern Michigan. More than 10 news media members were at the event, representing local and regional outlets.

- Drafted talking points for Capt. Chris Kelenske for a 2:30 p.m. TeleTown Hall meeting hosted by the Governor's Office.
- The National Guard PIO conducted on-camera interview with a media outlet at Flint Fire Station No. 6, updating the reporter about ongoing operations and community relations.
- Continued routing public information materials for approval, including an updated recycling flier and a breast feeding and lead exposure fact sheet from MDHHS.
- Drafted a news release about a National Guard soldier saving a Flint resident's life. The JIC plans to issue the news release this afternoon.
- Drafted a media advisory about holding a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint.
- Drafted a follow-up news release to issue after the city of Flint's water warning is lifted.
- Continued working to have staffing for Feb. 16-26 by Thursday. Staffing has become difficult.
- Drafted and issued social media posts about ongoing Flint water emergency, including daily numbers and links to Oral Heath and Adult Lead Exposure fact sheets.

**Planned Activities**

***Friday, Feb. 12***

- News Release – City of Flint lifts water boil advisory
- News Release – National Guard solider distributing water saves Flint resident's life

***Saturday, Feb. 13***

- No planned products or events.

***Saturday, Feb. 14***

- No planned products or events.

***Monday, Feb. 15***

- No planned products or events.

***Tuesday, Feb. 16***

- Congressional and Legislative conference call at 2:30 p.m.
- News Release – Translated Documents (Tentative - pending finalization of American Sign Language videos)

***Wednesday, Feb. 17***

- News Release – Blood-level testing available for veterans and their families (tentative, pending coordination MVAA)

***Monday, Feb. 22***

- News Release – Flint Farmer's Market: Open for business, great nutrition available
- Video – Flint Farmer's Market: Open for Business, Great Nutrition Available
- Video – Blackstone's and Restaurant Inspections

**Issued News Releases (February)**

***State of Michigan Joint Information Center***

- JIC034 – Feb. 10 – State Launches New Streamlined Services for Residents
- JIC033 – Feb. 9 – Outreach to Flint's Blind Community Helps Ensure Access to Information and Resources
- JIC032 – Feb. 9 – American Red Cross and United Way Play Crucial Role Coordinating Volunteer Efforts in Flint
- JIC031 – Feb. 5 – State Encourages Food Establishments to take Advantage of Free Water Safety Inspections
- JIC030 – Feb. 4 – State Partners with MSU Student Athletes to Help with Flint Recycling and Water Distribution Efforts

**Subject:** Inquiry from National TV/Radio Newshour Democracy Now!

Dear Steve Rigg,

My name is Laura Gottesdiener, and I'm a reporter with the national TV/Radio newshour Democracy Now!
I have some questions about the bottled water purchases by the state of Michigan, and I was referred to you and your office by the governor's office.

Specifically, I'm seeking information about bottled water contracts from the $15.5 million appropriated for the Michigan Department of Health and Human Resources for field operations, nutrition support and the purchase of bottled water and filters for Flint.

Who are the primary contractors that the state is purchasing bottled water from, and at what rates? Can you please provide me with (or point me in the direction of) copies of the 2015 and 2016 contracts of all bottled water purchases related to Flint, Michigan?

You can reach me at 646-217-7223.

Gratefully,
Laura Gottesdiener

**Cc:** Banner, Shanon (MSP); Bolger, Matt (MSP); 'MSP-FOIAProject@michigan.gov'; Bowman, Kyle (MSP)
**Subject:** FW: URGENT - Records Request

**Importance:** High

Lori, Oralya and Brianna-

Not sure who wants these numbers from the MSP-SEOCPIO email account, so I'll send them to all of you.

The email numbers are:

343 – Deleted file
2 – Flint Water folder
231 – Sent folder
241 – Flint Water folder (archived)
2290 – Sent folder (archived)
0 – Deleted folder (archived)

On the desk top is a folder labeled "Flint Water Crisis." This folder contains 10 documents

There are approximately 50 multi-page approvals/hard copy forms sitting in a filing crate near the MSP-SEOCPIO computer.

Once I know what the EMHSD game plan is for printing and copying these, I will start that process.

Thank you

**Subject:** URGENT - Records Request
**Importance:** High

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. You are receiving this email because you have been identified as an individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than **2:00 PM on Friday, February 12, 2016.**

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on **Thursday, February 18, 2016.**

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to MSP-FOIAProject@michigan.gov.

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. Until further notice, copies of all newly created records shall be forwarded to MSP-FOIAProject@michigan.gov.

REMINDER: Public records can only be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is **two years**. Please save all emails and text messages for at least two years. Prior to expiration of the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact Ms. Lori Hinkley.

**Subject:** Documents under development

Hi Angela,
The nutrition task force/work group identified that it needs more nutrition education resources than what has currently been developed:

http://www.michigan.gov/documents/deq/LeadInWaterInfoSheetV2a_511710_7.pdf

USDA has several nutrition and lead resources developed from other states posted on its webpage:

https://wicworks.fns.usda.gov/topics-z/lead-poisoning-prevention

We especially liked the following two documents and have received approval from both Philadelphia and California to use their resources. Before we proceed in modifying these documents for Michigan's use, does the JIC have any objections?

Philadelphia
http://www.phila.gov/health/pdfs/Booklet%20%28English%29%20Revised%202006.pdf

California

**Subject:** Response from NBC25 re town hall

Hey everyone – Mike Schram got back to Dave Murray with some answers about the town hall later this month. See below. We can discuss who should be there. I'm also sharing with Mission Flint folks.

- Meegan

**From:** Michael Schram [mailto:mschram@sbgtv.com]
**Sent:** Wednesday, February 10, 2016 6:38 PM
**To:** Murray, David (GOV) <MurrayD1@michigan.gov>
**Subject:** RE: Flint Town Hall Meeting Invitation

Hi Dave,

I listed the potential state administration officials that we'd like to include on the panel in the email chain below:

- Governor Snyder
- Harvey Hollins, Michigan Office of Urban Initiatives
- Keith Creagh, Michigan Department of Environmental Quality
- Dr. Eden Wells, Michigan Department of Health & Human Services
- Col. Chris Klenske, Michigan State Police/Department of Homeland Security

If there are other state experts that you'd like me to send invitations to be part of the audience who could answer questions about the state response, please send me their name, title, and an email address. We've invited a lot of the community stakeholders (city-county officials, school leaders, community agencies, churches, health agencies) who are partners in the state's response and relief efforts. The follow-up email that we will send out next week will have more details about the town hall (location, arrival time, parking, etc.) and will serve as their "ticket" to the event.

Security is being provided by the University of Michigan-Flint campus police. They will be able to coordinate with the Governor's security staff.

The town hall meeting will be broadcast on WEYI-TV NBC25, WWMT in Grand Rapids, and WPBN in Traverse City. Due to the high interest we've already received, the forum will also be streamed live on Sinclair Broadcasting TV station websites across the country (79 media markets). It is a great opportunity for Governor Snyder and his team to get out their ongoing efforts to restore safe drinking water.

My team has produced numerous town hall meetings over the year and we are bringing in our corporate executive producer from Baltimore to make sure the Town Hall is a well-produced and informative broadcast.

Please get back to me ASAP about the Governor and administration official participation. We want to have a good discussion about the efforts taking place to resolve concerns over the water quality, as well as health and economic impacts for the residents living in the Flint area.

Thanks again for being so good to our news crews,
Mike

**From:** Michael Schram <mschram@sbgtv.com>
**Date:** February 6, 2016 at 7:13:04 PM EST
**To:** "Kaiser, David (MSP)" <KaiserD2@michigan.gov>
**Subject: Flint Water Town Hall Meeting Invitation**

Lt. Kaiser:

Many Flint residents can no longer use their water service for basic tasks like drinking, cooking, and taking baths. Lead contamination has resulted in an emergency declaration. National Guard, law enforcement, community groups are all pitching in to deliver bottled water, lead testing kits, and water filters.

How did we get here? What's being done to address the immediate and long-term health and economic impact the Flint water crisis has had on our community?

That will be the focus of a WEYI-TV NBC25 & University of Michigan-Flint Town Hall meeting. "Your Voice, Your Future: The Flint Water Crisis" will be broadcast live from the historic Northbank Center's Grand Ballroom (432 N. Saginaw Street) in downtown Flint on **Monday, February 29th at 7:00 p.m.** The forum will give government, health care, environmentalists, community groups, emergency/disaster response officials, and others the opportunity to speak directly with residents directly affected by the water crisis. We hope the forum will provide people the latest on efforts to restore safe water service to Flint's homeowners, business leaders, schools, and churches.

We believe that you can offer a unique perspective and background on this issue. We would like to invite you to be part of our audience for this important discussion.

Please let us know by Friday (February 12) if you are available to attend this Town Hall meeting. You can RSVP by e-mailing townhall@nbc25news.com.

If you have any questions, feel free to contact the NBC25-FOX66 newsroom at (810) 687-9600.

**Date:** February 6, 2016 at 7:13:04 PM EST
**To:** "Kaiser, David (MSP)" <KaiserD2@michigan.gov>
**Subject: Flint Water Town Hall Meeting Invitation**

Lt. Kaiser:

Many Flint residents can no longer use their water service for basic tasks like drinking, cooking, and taking baths. Lead contamination has resulted in an emergency declaration. National Guard, law enforcement, community groups are all pitching in to deliver bottled water, lead testing kits, and water filters.

How did we get here? What's being done to address the immediate and long-term health and economic impact the Flint water crisis has had on our community?

That will be the focus of a WEYI-TV NBC25 & University of Michigan-Flint Town Hall meeting. "Your Voice, Your Future: The Flint Water Crisis" will be broadcast live from the historic Northbank Center's Grand Ballroom (432 N. Saginaw Street) in downtown Flint on **Monday, February 29th at 7:00 p.m.** The forum will give government, health care, environmentalists, community groups, emergency/disaster response officials, and others the opportunity to speak directly with residents directly affected by the water crisis. We hope the forum will provide people the latest on efforts to restore safe water service to Flint's homeowners, business leaders, schools, and churches.

We believe that you can offer a unique perspective and background on this issue. We would like to invite you to be part of our audience for this important discussion.

Please let us know by Friday (February 12) if you are available to attend this Town Hall meeting. You can RSVP by e-mailing townhall@nbc25news.com.

If you have any questions, feel free to contact the NBC25-FOX66 newsroom at (810) 687-9600.

All the best,

**Mike Schram**

**To:** Bolger, Matt (MSP); Banner, Shanon (MSP)
**Subject:** RE: FOIA Information

Anything related to the Flint Water Crisis. Ant emails, text messages, news releases, ect.

I was just asking Brianna how people were supposed to sort for that, especially in their emails, and she did not know, other than by hand.....

There is no FOIA request. The Governor has stated that by Feb 19th we shall have all documents pertaining to this crisis printed and in their hands by that date. They are then going to post everything on line we were told. Lori Hinkley was here twice today discussing this (sorry, thought you were on the calls)

**Subject:** RE: FOIA Information

When you say "all related documents," can you advise what that means?

I have 3,577 emails that have either the word "flint" or "water" in them (as of 3:30 today). Not all of them have to do with Flint Water Emergency, as some are from my time as the Flint Post commander. Do we have a FOIA request and, if so, what does it ask for?

Insp and Shanon-

I hope all is well. I just spoke to Brianna Briggs. She asked that I relay to you that the any MSP employees working in the JIC will need to send all related to documents to her when the time comes. The other state employees working in the JIC will need to send their documents/emails to their FOIA person.

You may know this already but she asked I pass it on to you

Thanks

**Subject:** Re: Forgotten Question

We are drafting 2 releases for when the boil advisory are lifted. We'll pick the one to use depending on the results of bacteria testing.

If they find any bacteria, we will advise to change the filter.

If they don't find any bacteria, we will tell them to continue status quo.

Insp-

I remember now what I wanted to ask you before. Capt Kelenske wants to discuss further the plan to not change our messaging on the filter replacement in regards to the boil water alert.

One of the concerns is that it was reported this am that there were 400 line breaks in the city of Flint (not all of which resulted in a boil water alert). If the cartiridges do not need to be replaced as now being presented by the DEQ, and we are replacing them every time there is a line break/boil water alert, we could run out of the cartridges even though the replacement is not needed.

Anyways, can you call him to discuss.

Thanks

**The Congressional Black Caucus Is Heading To Flint**
"You cannot have, in 2016, 100,000 people unable to get clean drinking water out of their spigots."
02/11/2016 12:57 pm ET, Tyler Tynes
Politics Fellow, The Huffington Post

WASHINGTON -- **The Congressional Black Caucus will travel to Flint, Michigan, in March** to protest the city's ongoing water crisis.

The **"Speak Out" event will allow Flint residents to tell members of Congress how their lives have been affected by a crisis linked to environmental racism.**

"What has happened in Flint should touch the heart of anyone who has compassion for others, and especially for those who care for the well-being and safety of our children," CBC Chairman G. K. Butterfield said. "The CBC was among the first to demand a thorough federal investigation of the Flint water crisis and we will be among those visiting with Flint families to further amplify the urgency of this situation."

Rep. Dan Kildee (D-Mich.), a native of Flint, helped organize the event with Butterfield, Rep. Brenda Lawrence (D-Mich.) and Rep. Keith Ellison (D-Minn.), the co-chair of the Congressional Progressive Caucus. Kildee helped mobilize support, briefing CBC members on the Flint crisis in a series of meetings.

"What is happening in my hometown breaks my heart. Resources are needed right now for Flint and the families, particularly children, who are the victims of this terrible tragedy," Kildee said in a release. "Governor Snyder, whose administration's policies created this public health emergency, has a moral obligation to help the victims of this crisis."

And getting members to Flint and putting boots on the ground is important, since congressmen didn't fully understand until a few weeks ago how dire the situation is.

"Frankly, members of Congress were not aware of the problem until the last six or eight weeks. People knew there was a problem but it really didn't come up to a national recognition," Rep. Robert "Bobby" Scott (D-Va.) told The Huffington Post. "Obviously there needs to be an immediate response. There are short term and long term responses that have to be made. The health effects are permanent and long term."

The CBC has been busy this week. On Thursday, it formally announced that the caucus' political action committee would endorse Hillary Clinton for president. Clinton has courted the black vote, earning strong support from African-Americans and even holding campaign events in Flint last weekend. Additional details about the upcoming event in Flint haven't been released, but will be in the coming weeks. Other members of the caucus believe what happened in Flint wouldn't have happened in a more affluent community.

"You cannot have, in 2016, 100,000 people unable to get clean drinking water out of their [pipes]. That's unconscionable," Rep. Elijah Cummings (D-Md.) told HuffPost. "I am convinced that, you know, we have a lot of people who are very poor and who are minorities and we have people who many of them are underprivileged. If this were in a different type of neighborhood, if it were a predominately white community, this wouldn't happen. I think we would all be upset."

**Subject:** RE: FILTERS: Flint water main break

Update: I just received a call from the Flint Water Treatment Plant lab informing me that all of the results from the samples collected yesterday are non-detect for coliform bacteria. Again, there is no reason to believe at this point that any wide spread bacti contamination has occurred as a result of the water main break. Additional samples were collected today and those results will be available about this time tomorrow. If those sample results are good, the boil advisory can be lifted.

**Subject:** RE: FILTERS: Flint water main break

Update: I went to the Water Treatment Plant this morning and visited with the lab folks. 18 bacti samples were collected yesterday between 10 am and 1 pm throughout the city, not just in the lower pressure areas that occurred as a result of the water main break. There was good free chlorine residual at all the collection sites. The results from that sampling will be available about 1:30 pm today. We looked at the samples so far, and none were turning color. Again, there is no reason to believe at this point that any wide spread bacti contamination has occurred as a result of the water main break.

**Subject:** RE: FILTERS: Flint water main break

All,

I am sorry I was out of the UCG for much of the day when all this was developing. I understand a press release is nearly ready to go that will tell folks to replace their filter cartridges when the boil advisory is lifted. I am also sorry to see in the City's notice (link below) that they say the same thing. A boil notice for a water main break is precautionary, not because bacteria are actually known to exist in the water. The absence (or presence) of bacteria is confirmed after the water main break is repaired and bacti sample results are received, usually about 48 hours after the main is repaired. Only if bacteria are actually present in appreciable concentrations throughout the City does it makes sense to replace all the cartridges throughout the City. While we are waiting for bacti results, folks are protected by boiling the water.

https://www.cityofflint.com/wp-content/uploads/Precautionary-Boil-Water-Notice-2-9-16.pdf

Thanks. Bryce

NSF International confirmed:

When the boiled water advisory is lifted, filters exposed to contaminated water are safe to use after the cartridge has been replaced. The user should be sure to follow the manufacturer's replacement instructions as some have additional procedures that must be performed (rinsing, flushing the cartridge, resetting an indicator, etc.).

Please work with Wendy Braun to deliver accurate messaging to the citizens affected by the water main break.

Thank you,

JEN WOLF

All
A slightly modified statement that addresses lead reduction at the same time would be: "These filters are not certified to reduce microbiological contaminants from drinking water. Residents should boil their filtered water to ensure that their water is microbiologically safe. Residents should replace the cartridge / filter after the Boil Water Advisory has been lifted. The lead reduction capabilities of the filter should not be adversely affected by the presence of bacteria, if present."
Thanks
Stan

Mitch, Jen, and others,

So, I got what feedback I could and it is essentially what we had briefly discussed.

The standards are based on treating potable water, which is microbiologically safe water, so our certification to the standards would essentially be null and void if there is bacteria in the influent. This is akin to the issue of lead levels being over 150 ppb. The filters used in Flint are not certified to remove microbiological contaminants to drinking water. Residents should boil their filtered water to ensure that their water is microbiologically safe. The, replace the cartridge / filter after the Boil Water Advisory has been lifted.

Hope this gives you what you need. If you need anything else, please let me know.

Sounds good. Do know what the updated numbers should be for the following bullet?

- As of today, these efforts have resulted in 87.8 percent of City of Flint water customers having a water filter. That leaves approximately 12 percent or 3,323 customers whose filter status in unknown. Efforts to reach these homes continue in earnest.

Sounds good. Do know what the updated numbers should be for the following bullet?

- As of today, these efforts have resulted in 87.8 percent of City of Flint water customers having a water filter. That leaves approximately 12 percent or 3,323 customers whose filter status in unknown. Efforts to reach these homes continue in earnest.

**Subject:** Talking points for Congressional Call

Captain Kelenske,

Attached are talking points you can use on tomorrow's Congressional/Legislative conference call. It was mentioned you want to provide a total number of homes visited during the briefing. I'm not exactly sure what figure you had in mind, whether it is total number of occupied residences or a percentage of homes with filters, etc. so I put something in there, but left that bullet point highlighted. I also saw the note not to use the numbers in the attachments.

So you are aware, I have asked both DHHS and DEQ to have representatives prepared to give a briefing on the call; however, it sounds like they will both have reps on the call for questions, but do not plan to give a proactive report.

Please advise if you need anything further.

--Shanon

**Working together for Flint**

Three weeks ago President Obama asked me to head the federal response to the water crisis in Flint. Since then, I have spent time in the city talking with community members, government officials, and technical experts about the situation. Understandably, residents are worried, confused and angry; people want a solution they can count on so they so they can drink a glass of water without worrying about it. As part of the fix, they also want to be sure that their kids go forward with the best shot they can have at a healthy life. So do I.

I'm used to responding to emergencies but this response is, for me, a particularly personal one. It was lead that propelled me into a career in medicine and public health. As I flew out to Flint, I flashed back to high school. A pediatrician named Dr. Martha Lepow got me – as a high school student – involved in her crusade to end lead poisoning in children. I knocked on doors, collected blood and urine samples and paint chips, and using the results, mapped out lead in neighborhoods. Armed with the data, Dr. Lepow pushed to change standards and laws to better protect children's health from lead.

We've learned so much since then. Today, we know that there is no healthy lead level in a child's blood. We also know now that there is a lot we can do to help kids who have been exposed to lead. Quality health care, good parenting, early childhood education, and healthy food help counter some of the effects of lead. I'm hopeful that working together, we can put these in place for the people of Flint.

We're making progress. Not only are federal experts supporting state and local officials in identifying the problem's size and scope, but we also are helping make and execute a plan to mitigate short- and long-term health effects of lead exposure.

To help, EPA is testing water in the distribution system and in homes to determine lead and chlorine levels. Chlorine keeps bacteria from spreading. EPA is making this information available to the public so Flint residents know what's in the water and can see progress. EPA also is testing water before and after it comes through filters to see how well filters are working. Preliminary tests are encouraging and show that filters are working well.

To help meet the health needs of people impacted by lead, CDC is working with county and state health departments to determine the number of children exposed to lead in Flint to ensure that children who should be screened are getting screened. While the public health focus has been on children under the age of 6, the agency believes that all children in Flint, up to age 21, should have the opportunity to have blood lead testing.

The USDA's Food and Nutrition Services is working with families in the Special Supplemental Nutrition Program for Women, Infants, and Children to provide ready-to-feed formula which doesn't need to be mixed with water.

USDA also is providing additional grant funding to help affected schools purchase more fresh fruits and vegetables high in calcium, iron and Vitamin C because these foods can help children exposed to lead.

If you live in Flint, you can help your family. Use water filters until this is over and clean the aerator in your faucet. If you have young kids, get them tested for lead if they haven't been. Add fresh fruits and vegetables to your family's diet, and do the things we know will help them grow up healthy and strong. If you know someone in Flint, spread the word about these important steps.

Finding a solution to the water crisis is the first part of rebuilding a healthier, more vibrant community. Doing so requires more than the resources of any single government agency – county, state or federal. Civic and faith-based organizations, businesses and neighbors will need to work together with government agencies and with families toward a common goal: recovering as a stronger community.

I imagine there are students in Flint who could benefit from getting out of the classroom and engaged in their community like I did as a high school student. Get them involved in Flint's recovery, too. Drawing on the talent and energy of every member of the community can help end this crisis faster and have a lasting positive effect: building a stronger, more resilient city not just now but far into the future.

## ** Important Information Regarding Your Water Service Line **

Dear ,

This letter is to inform you that as a homeowner you are responsible for the full cost of repairing your exterior water line. We have found that your property at is not covered with Exterior Water Service Line Coverage from HomeServe.

The water service line buried underground on your property could fail without warning, leaving you responsible for the cost of repair or replacement. Replacement of this line can be expensive—costing you thousands of dollars in unforeseen expenses—which could burden finances.

This protection is available for eligible Flint homeowners.

| | |
|---|---|
| Benefit Amount: | $6,000 annually with multiple service calls for covered repairs<br>30-day wait period with a money-back guarantee |
| Available For: | City water and Private well lines |
| Monthly Rate: | ~~$5.49~~ $2.74 |
| Property Address: | |
| City: | Flint |

### * * * Important * * *

You can now receive 50% off the regular monthly price shown above for the *first year.* Take action to help protect the buried water line on your property. Complete and return the enclosed form—remember to affix your address label—or call 1-877-444-7750 to accept this *optional* coverage. For fastest processing, please visit CoveragePlans50.com.

Please respond within 30 days.

HomeServe USA Repair Management Corp. ("HomeServe"), with corporate offices located at 601 Merritt 7, 6th Floor, Norwalk, CT 06851, is an *independent company separate from your local utility or community* and offers this optional service plan as an authorized representative of the contract issuer, AMT Warranty Corp., 59 Maiden Lane, 43rd Floor, New York, NY 10038.

1848-2001-BP07-7-326-41011

## Important Questions & Answers

**What am I responsible for?**
As a homeowner, you are responsible for the exterior water service line on your property. In some towns, the service line beyond the property boundary to the main connection may remain the homeowner's responsibility, but it is not included in this coverage.

**Does this coverage include well lines?**
Yes, coverage provides for repair or replacement of the water service line on your property regardless of whether you are connected to a city water main or private well.

**Does my homeowners insurance or local utility company cover this?**
Most basic homeowners insurance policies and local utility companies do not cover repair or replacement of the water service line. If you find you have similar coverage, you can contact HomeServe to cancel and you will receive a refund of your service agreement fee, less any claims paid (where applicable).

**Who is eligible for coverage?**
A residential homeowner with sole responsibility for the exterior water service line may be eligible. Residences not affixed to a permanent foundation, recreational vehicles and properties used for commercial purposes are not eligible for coverage. If you live in a development community with a condominium, co-op or homeowners association, your exterior water service line may not be an individual homeowner's responsibility, so please check with your association before accepting this coverage.

**What should I know about this coverage?**
*What's covered:* Coverage provides, up to the benefit amount, for the covered cost to repair or replace a leaking or permanently blocked exterior water service line from your property boundary or well casing to the external wall of your home that is damaged due to normal wear and tear, not accident or negligence.
*Not covered:* Repair to any exterior water service line that branches off the main line, accidents and damage or negligence caused by you or others. Additional exclusions apply. To see full Terms and Conditions with complete coverage and exclusion details prior to enrolling call 1-877-444-7750 or go to CoveragePlans50.com.

**When can I make a service call?**
Your plan starts the day your form is processed, and there is an initial 30-day waiting period before you can make a service call, giving you 11 months of coverage during the first year. This prevents service calls on pre-existing conditions and helps keep the coverage affordable.

**What is the cancellation policy?**
You may cancel within 30 days of your start date for a full refund; cancellations after the first 30 days will result in a pro-rata refund less any claims paid (where applicable).

**What is the term of my service agreement?**
Your coverage is based on an annual contract. For E-Z Pay, credit card or debit card customers: regardless of the payment frequency you select, your service agreement will be automatically renewed annually on the same payment terms selected, at the then-current renewal price. Your coverage will remain in effect unless you call to discontinue.

**What is E-Z Pay?**
E-Z Pay is a paperless and stress-free way to pay for your coverage. Payments are automatically debited from the bank/checking account of your choice as your payment becomes due, at no additional cost.

**What quality of repair can I expect?**
Local, licensed and insured plumbers perform all covered repairs, which are guaranteed against defects in materials and workmanship for one year.

**Who is HomeServe?**
HomeServe is an independent company providing emergency home repair services and protection solutions to homeowners across the U.S. If you have questions about this mailing or to be removed from our mailing list, call 1-855-321-9871.

  https://www.washingtonpost.com/news/morning-mix/wp/2016/02/10/manslaughter-charges-possible-in-flint-water-crisis-says-top-investigator/

  As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent, they could face charges as serious as manslaughter.

- **MLIVE: Michigan Gov. Rick Snyder working on government culture change after Flint water crisis**
  http://www.mlive.com/news/index.ssf/2016/02/michigan_gov_rick_snyder_worki.html

  Gov. Rick Snyder said Wednesday that his administration was working to change the culture of state government after failures contributed to the Flint water crisis, which exposed an unknown number of children to lead.

- **NBC News: Michigan Governor Includes $195 Million for Flint in New Budget**
  *http://www.nbcnews.com/storyline/flint-water-crisis/michigan-governor-includes-195-million-flint-new-budget-n516306*

  Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis from lead contamination and to update pipes there and across the state — a plan that lawmakers from both parties generally welcomed as moving in the right direction with the proper priorities.

**MLIVE: Possible lead exposure-miscarriage link probed in Flint water crisis**
**http://www.mlive.com/news/flint/index.ssf/2016/02/doctor_who_exposed_blood_lead.html**

The pediatrician who exposed rising blood lead levels in young children in Flint and the state of Michigan are separately investigating whether pregnant women who drank the city's tainted water had abnormally high miscarriage rates.

**Flint Water Emergency Response**

**NOT FOR RELEASE OUTSIDE JOINT INFORMATION CENTER**
**-- For use in answering media inquiries –**

## General

- The health and safety of Flint residents remains a top priority. Until water is declared safe, residents are directed to continue to follow established safety protocols.

- These recommendations include that all homes obtain a water filter and use filtered water for drinking and cooking.

- Until we know the water from the tap is safe, vulnerable populations, including children under six and pregnant or nursing women, should drink bottled water.

- It is essential that all Flint residents have the water in their homes tested as soon as possible. Free water testing kits are available at fire stations 1, 3, 5, 6, and 8. Water samples should be returned to the fire stations for testing. The DEQ lab provides results to the City of Flint within 3 business days. The City of Flint mails results to residents. Results are posted on www.michigan.gov/flintwater.

- Residents are also encouraged to clean the aerators on their faucets to lessen lead sediment. Instructions for how to do this can be found on our website at www.michigan.gov/flintwater.

- For additional information, go to www.michigan.gov/FlintWater. This website includes health fact sheets and information about free resources including bottled water, water filters, replacement cartridges and water test kits.

- Flint residents, both English- or Spanish-speaking, with questions or those who need assistance can call United Way 2-1-1. United Way 2-1-1 is a free information and referral service that is available 24 hours a day, seven days a week.

- Response efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County, and local community organizations to provide a full set of water resources to the residents of Flint.

## Resources and support services

### Flint water testing and bottled water pick up sites

- Five water resource sites have been established in Flint fire stations as one-stop locations where residents can pick-up everything they need to ensure their drinking water is safe.

- These sites are open daily from 9 a.m. to 9 p.m. Residents can pick-up free bottled water, water filters, replacement cartridges, and home water testing kits. Citizens who need transportation can call 2-1-1 for assistance.

- Identification is not required to receive any of these resources.

- In order to ensure supply keeps pace with demand, residents are reminded the general guideline is one case of bottled water per household per day.

- Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- The locations are:

    - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502
    - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503
    - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506
    - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505
    - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- Filters and replacement cartridges are also available at the following locations:

    - Michigan Department of Health and Human Services office
      125 E. Union St.
      Flint, MI 48502

    - Michigan Department of Health and Human Services office
      4809 Clio Road
      Flint, MI 48504

    - Genesee County Community Action Resource Department
      2727 Lippincott

Flint, MI 48507

- Genesee County Community Action Resource Department
  601 N. Saginaw
  Flint, MI 48502

- Flint City Hall
  1101 S. Saginaw St.
  Flint, MI 48502

**2-1-1**

- Anyone having difficulty reaching 2-1-1 can use the alternate toll-free number 1-844-875-9211.

- United Way 2-1-1 is not a disaster distress helpline and does not provide stress counseling.

- Flint residents should not call 2-1-1 about their individual testing results. If you have questions regarding blood level results, talk to your health provider.

**Water Response Teams—home water delivery**

- Water response teams consisting of volunteers are making deliveries to homes that need the most assistance, for example homes that do not have filters yet, or *residents that are homebound.*

- The water response teams are handing out bottled water, water filters, replacement cartridges, and water testing kits.

- Members of the water response teams have official credentialed badges with a State of Michigan seal hologram to be easily identified.

- If a resident is not at home when the teams stop by, a flyer with information on how to receive these free water resources will be left at their residence.

**Filters**

- When used properly water filters remove 99% of lead in water.

- Residents are urged to use filtered water for drinking, food preparation, brushing teeth and watering pets. Unfiltered water may be used for bathing and cleaning.

- One filter and one replacement cartridge are being provided per household initially. Each filter is good for approximately 100 gallons of water. The filter has an indicator on it that will turn from green to red when it needs to be replaced.

- The filters have a two to five-year, non-replaceable battery that operates the indicator light.

- The Plumbers and Pipefitters Union has agreed to provide free installation to homebound residents needing assistance.

- There is a detailed video posted on www.michigan.gov/flint that explains how to properly install a water filter cartridge.

- Water filters are also available for small businesses, in addition to Flint residents, at the water resource sites.

- ZeroWater filters and pitchers are not kept at the point of distribution (POD) locations for people to pick up. They are complicated and vary in size for different homes. There is a Rapid Response Team (RRT) that goes to homes and installs them as needed. When a replacement filter is needed, residents can go to a POD (such as a fire station) and request a filter (and pitcher if it's the first time).

**Water Testing**

- Flint residents can drop-off water samples to the five water resource sites at fire stations. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- EPA has set up an email and toll free number for sampling questions, flintwater@epa.gov and 800.426.4791.

**Results**

- Results are posted on www.michigan.gov/flintwater under "school and residential testing results."

- Citizens who have not received a response on water test results should contact the City of Flint at 810-787-6537 ext. 3501.

**Resources for homebound individuals**

- Homebound individuals can contact 2-1-1 for assistance. Those contacts are being provided to volunteers who are responding to needs.

- The Plumbers and Pipefitters Union has agreed to provide free water filter installation to homebound residents needing assistance. This is being coordinated through 2-1-1.

**Fire Suppression Systems**

- The fire code requires an annual inspection of sprinkler systems by trained technicians.
- The code also requires the inspection of the sprinkler piping at a minimum of every five years.
- If potential obstructions are observed, the piping is required to be flushed completely.
- If a business owner has questions or concerns regarding their sprinkler system, they should contact a licensed fire protection contractor for assistance.

**Non-English and deaf/hard of hearing individuals:**

- There are a few 2-1-1 agents in the state system that are fluent in Spanish and Arabic. When these agents are available calls are routed to them. Otherwise, tele-interpreter services are available 24/7/365. It usually takes under one minute to connect with an interpreter in any of 180 languages.
- TDD/TTY (Telecommunication Device for the Deaf) is available at every center, but very few calls come in this way.
- Email allows direct communication between the deaf/hard of hearing person and the 2-1-1 agent.
- Live chat is available at most of the 2-1-1 partners which allows individuals to communicate directly and privately with a 2-1-1 agent in real-time.

**Pets**

- Whatever you are doing in your own home for water, you should do for your pets (e.g., filtered, bottled water).
- In the last 5 years, there have been two cases of lead toxiosis in animals reported in Genesee County.
- If you have any concerns about your animal's health, you should work with a licensed veterinarian.

- There are a variety of diseases and issues that could mimic signs/symptoms of a lead-related issue, which is why it's critical to work with your vet to properly diagnose your pet.

- If a licensed vet suspects a possible lead-related issue, they contact MDARD and the department will work with them to have a sample tested. MDARD is covering the sample testing costs coming through veterinary offices.

- Media contacts wanting more information about pet testing or potential impacts can contact Jen Holton at MDARD: 517-284-5724, holtonj@michigan.gov

- Michigan has had very few cases of lead toxicity over the last five years, with most cases being related to cattle. For background purposes, with cattle, it's counted as one farm. Those cases almost always involve lead in batteries or some other contamination in the pasture where cattle graze.

- Under the Animal Industry Act, Public Act 466 of 1988, as amended, reportable diseases/conditions are exempt from disclosure. MDARD does provide reportable disease/condition case information down to the county level, but cannot provide the specifics of those individual cases.

**Paying for water**

- Inquiries regarding the payment of water bills should be referred to the City of Flint.

- Per the Mayor, the city put a halt on all shut off notices or disconnections. No shut off notices have been issued since December and the utility billing department has been given no instruction to resume at this time.

- The City is currently reviewing its policy on shut off notices in light of the declared emergency and amended preliminary injunction order issued on January 11, 2016.

- Per DHHS, State Emergency Relief funding is available to qualified households to replace damaged water heaters. This information is available by calling 211.

**Bathing**

- According to the Michigan Department of Health and Human Services, routine bathing practices can continue. It is recommended bath time be used for bathing

only, after which children should be taken out of the bath rather than be allowed to play in the water for extended periods of time.

- If a resident has a rash that they are concerned about, we recommend they contact their primary care doctor.

- Currently, rashes are only reportable to MDHHS when there is a suspected infectious disease such as measles or chickenpox.

- MDHHS is working together with the CDC and Genesee County Health Department to ensure we're monitoring health issues that may be related to water.

- We will be building on our partnership with the local provider community to determine what additional supports and surveillance may be necessary.

**For non-Flint residents who want to test their water**

  - Anyone in Michigan who wants to test their water for lead can call the State Drinking Water Lab at 517-335-8184.

  - The lead testing kit costs $18, which includes the sample bottle and instructions shipped to your home as well as the lab test. It does not include the cost of shipping your filled sample bottle back to the lab.

  - Depending on the lab workload, results are typically available within 1-2 weeks.

  - Your results will include information about the EPA's lead recommendations as well as contact information for your local health department, which can help you interpret your results further, if needed.

**Other/general**

- Legionnaires disease related inquiries will not be handled by the JIC. Inquiries should be directed to DHHS – Jen Eisler -

**How to help**

**Volunteering**

- Since early January, over 2,000 volunteers have volunteered their time to assist Flint residents during the water emergency.

- Volunteers are coordinated jointly by the American Red Cross and the United Way of Genesee County.

- Volunteers are still needed to provide assistance with water distribution, warehousing, data entry and assembly of water test kits.

- To learn more or sign up to volunteer, visit www.flintvolunteer.com.

**Material Donations**

- Material and in-kind donations of cases of water bottles, gallon jugs and larger containers of water can be dropped off at the below locations.

- Donations of 100 cases or less:
  - Catholic Charities Center for Hope, 517 E. Fifth Ave, Flint
    Monday – Friday, 9 a.m. - 4 p.m.
  - Call 810-232-9950, ext.325 to make arrangements for deliveries.

- Donations of 100 cases or more, pallets of water or donations in one semi-truck:
  - Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint
    Monday - Friday 8 a.m. - 4:30 p.m.
  - Call (810) 239-4441 to schedule a dock time for delivery.

- Donations not on pallets:
  - Pierson Road Warehouse on Monday, Friday and Saturdays between 12 – 6 p.m.
  - Call 517-420-3984 or email flintwarehouse2@michigan.gov to schedule a dock time for delivery.

- For extra-large donations, such as multiple semi-trucks, delivery arrangements can be made by emailing flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- In-kind donations include labor to install filters and trucks to deliver materials. All in-kind donors should email flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- If asked, preference is for water donations to be jugs of water (rather than bottles).

**Financial Donations**

- Visit www.helpforflint.com for options.

- The United Way of Genesee County, Community Foundation of Greater Flint, Hurley Children's Hospital and the Greater Flint Health Coalition have created a fund that will address both the short-term and long-term needs of Flint residents.

- The Community Foundation is managing all financial donations and no administrative fee is assessed. Visit www.flintkids.org or call the United Way at 810-232-8121 or Community Foundation of Greater Flint at 810-767-8270 for more information.

***What's being done—Government actions***

**Presidential Disaster Declaration – FEMA assistance**

- On Saturday, January 16, President Obama approved Gov. Snyder's request for a federal emergency in Flint. This action will provide emergency relief in the form of bottled water, water filters, filter replacements and water test kits. The period of assistance is up to 90 days.

- Gov. Rick Snyder on Wednesday, January 20, submitted an appeal to President Barack Obama following the denial of a major disaster declaration, a move that could potentially bring additional and much-needed resources to help the people of Flint.

- In the appeal to President Obama, Gov. Snyder said the severity of the disaster warrants special consideration for all categories under the Individual and Public Assistance Programs, as well as the Hazardous Mitigation Program in order to facilitate recovery.

- The President denied that appeal based on the legal requirement that under the Stafford Act disaster relief is available only for natural events, fires, floods, or explosions.

- On Friday, January 22, President Obama denied Gov. Snyder's appeal for a federal disaster declaration to aid Flint.

- On Wednesday, January 27, the state requested the federal WIC program increase access and availability of WIC benefits to children five to 10 years of age in the Flint area, to help children battle lead exposure through nutrition. On

Friday, January 29, the USDA denied the state's request. Gov. Snyder is appealing that decision.

**Emergency Declaration – City of Flint**

- Gov. Rick Snyder issued a proclamation Thursday, January 28 calling for an extension to the emergency declaration in the City of Flint and Genesee County.
- The Michigan House and Senate approved the request, extending the emergency until Thursday, April 14, 2016.
- This extension coincides with the current Presidential Emergency Declaration.
- Extending this emergency will help us continue providing immediate assistance to the people of Flint while working on long-term solutions to help Flint recover from this tragedy.

**Resources Distributed Since January 9**

- Since Saturday, January 9, the following resources have been distributed to residents, both at the water resource sites and by water response teams, in addition to donations:
    - *Below figures are as of Feb.11, 2016*
        - 307,943 cases of water
        - 105,015 water filters
        - 36,158 water testing kits

- Water is being distributed primarily in bottles rather than jugs because donations are largely comprised of bottled water.
- In addition to donated supplies, the State of Michigan has purchased the following resources, since Tuesday, January 5, which will continue to be delivered to Flint over the coming days:
    - *Below figures are as of Feb. 5, 2016*
        - 141,982 cases of water
        - 124,052 filters
        - 62,701 water testing kits

**National Guard Mobilization**

- The Michigan National Guard has been activated to assist with distribution efforts at the five water resource sites at fire stations in the city.
    - Gov. Snyder issued an Executive Order on Tuesday, January 12, 2016, to activate Michigan National Guard.
    - Currently they are being used to staff water resource sites to support the distribution of bottled watered, water filters, replacement cartridges, and water testing kits.
    - National Guard is uniquely prepared and trained to respond quickly in emergency situations.
    - First group of National Guard personnel arrived in Flint on Wednesday, January 13, 2016 to conduct assessment and get acclimated (seven personnel).
    - Thirty (30) more personnel arrived on Friday, January 15; and that number was expanded to approximately 70 personnel on Monday, January 18, 2016. From Saturday, January 23 through Saturday, January 30, there were 279 MI National Guard Service Members on the ground in support of efforts in Flint (engaging in door-to-door effort). This number included both Army and Air guard assets. As of Sunday, January 31 there are 70 MI National Guard Service Members on the ground in Flint.
    - This is the second time the Gov. Snyder has activated the National Guard. Last time was for the Duck Lake Fire in Luce County in May 2012.
    - Per Michigan Emergency Management Plan, the Michigan State Police Director or designee is responsible for coordinating all state efforts, including the Michigan National Guard.
    - Activation of the Michigan National Guard has allowed the American Red Cross, who had been staffing the water resource sites, to join the water distribution teams.

**Attorney General Investigation**

- On Friday, January 15 the Michigan Attorney General office announced they launched an investigation to determine what, if any, Michigan laws were violated in the process that resulted in lead contamination in Flint.

- On Monday, January 25 Michigan Attorney General Bill Schuette assigned individuals to lead the investigation: attorney Todd Flood (defense attorney and former Wayne County assistant prosecutor) and Andy Area (former Detroit FBI bureau chief).

**Supplemental Budget Request**

- After reviewing financial requests from the City of Flint, as well as financial requests from the State Emergency Operations Center and the involved state agencies and receiving input from various other organizations in Genesee County, the state budget director has submitted to the Legislature an emergency supplemental budget request on behalf of the governor to address the **immediate** funding needs for the Flint water crisis. We understand further investment will be necessary.

- On Friday, January 29, the Gov. Snyder signed the legislation allocating $28 million for more water resources and expanded health care initiatives, including more school nurses, diagnostic tests and community education through the Genesee County Health Department.

- This supplemental request is not intended to address all of the future financial needs that will be necessary to aid the city and the people of Flint. This supplemental request addresses the immediate funding needs and requests, including the cost of bottled water, filters and testing kits.

- All state resources are being brought to bear to protect public health and safety. In addition, the Gov. Snyder requested federal aid through FEMA and through direct request to the President – to date $5 million in federal aid has been approved for Flint.

- This supplemental request includes funding for immediate needs and is not intended to include funding for some of the longer-term needs such as special education, long-term health monitoring of children, and potential replacement of the water infrastructure and service lines. The longer-term needs will be addressed through the traditional budget development process and the governor will release his fiscal year 2017 budget recommendation on Wednesday, February 10.

**Gov. Snyder and DEQ Announce 5-Part Plan to Determine Water Safety**

- On Sunday, January 31, the DEQ embarked on a 5-point strategy to establish a baseline of data to determine when the water is safe to drink. The strategy includes:

- Residential water testing: at-home water testing done by residents is key in guiding experts to areas of concern. To date, of 4,924 total residential water samples, tests show 93.7 percent of homes are below the actionable level of 15 parts per billion (ppb) for lead.

- School testing: DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures.

- Food service/restaurant provider testing: DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly, and using the correct food and water standards.

- Blood level testing: DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.

- Flint water distribution system testing: DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection.

**Governor Snyder FY 17 Budget Proposal – Supporting Flint Families**

- $195 million of the proposed budget will go toward helping Flint families by *funding both short and long-term solutions to the water crisis.*

  - $37 million to help ensure clean, safe drinking water. This funding will assist with water testing, inspection and replacement of fixtures in schools and daycare facilities, and help the city stay connected to the Detroit Water and Sewerage Department through the end of 2016.

  - $15 million to support food and nutrition funding for families and children. This funding will support school meal programs, mobile food banks and food inspections at food establishments in the county.

- $63 million for physical, social and educational well-being. This funding will support families with blood testing, early childhood development programs, educational support and home lead abatement.

- $50 million will be kept on reserve to address the future needs of Flint residents.

- The remaining $30 million pertains to the recent proposal to help the city of Flint assist residents with covering a portion of their water bill.
  - A typical Flint resident's billing statement includes charges for water and sewer.
  - Under the plan, the funding would be made available to cover water used for drinking, cooking and bathing which is approximately 65 percent of the water portion of a residents' water and sewer bill.
  - Residents would still be responsible for the remaining balance of the water portion of a bill accounting for water used in ways that do not qualify as consumption.
  - Residents would be responsible for covering all sewer costs.
  - This $30 million has been approved in the Senate and awaits approval in the house before it goes to the Governor for his signature.

- If fully approved, the $195 million will be in addition to the previous $37.3 million in emergency funding already allocated to the city of Flint, totaling more than $230 million.

- An infographic detailing the above is available here.

**Governor Snyder FY 17 Budget Proposal – Statewide Infrastructure**

- In his FY 2017 Budget proposal presented today, the Governor called for the creation of a Michigan Infrastructure Fund to support statewide infrastructure needs.

- If approved, there will be a $165 million investment which will be allocated based on projects with the most immediate needs.

- In 2015, Michigan renewed a commitment to fix our roads and bridges, now it's time to focus on the rest of the state's infrastructure.

- Potential projects that could receive a portion of the $165 million include replacement of known high-risk lead and copper service lines, infrastructure upgrades while repairing roads or other utilities, and analysis of statewide infrastructure needs.

- An infographic detailing the above is available here.

- For a copy of the Governor's press release and additional materials visit www.michigan.gov/mibudget.

**Testing of Bottled Water for Lead**

In January, concerns have been raised about the possibility of lead being in the water being provided to Flint residents. This concern was raised due to measurements some residents obtained with a Total Dissolved Solids (TDS) meter provided with ZeroWater brand water filters.

- TDS is a measurement of all minerals and other common chemicals present in the water. The TDS meter is not sensitive enough to measure lead in the water and was included to help users determine when it is time to replace the filter.

- Although the TDS meter does not measure lead, the concern raised an excellent point that the bottled water being distributed should be tested for lead. Therefore, the MDEQ has analyzed a sample from each of the 21 brands of bottled water that are in inventory for both lead and copper. Results show all 21 brands of bottled had results of "Not Detected." With respect to lead, that means that all brands were less than 1 part per billion and for copper all 21 brands were less than 50 parts per billion.

- Although bottled water is regulated and must meet safety criteria, it was an excellent suggestion by the residents of Flint that we verify that the bottled water being distributed is safe and for that. We appreciate the suggestion.

**Federal Funds – How They Can Be Used**

- In an interview on Thursday, January 28, Lt. Gov. Brian Calley said that only $17 million of the $80 million in federal loans made available to Michigan can be allocated towards the recovery effort in Flint.

- This clarified a misunderstanding that the entire $80 million in federal loans could be allocated to aid in water infrastructure improvements for Flint.

- Read the Detroit Free Press story here: http://www.freep.com/story/news/local/michigan/flint-water-crisis/2016/01/28/only-17m-federal-loans-flint-says-lt-gov/79454204/

**Seeking Healthcare Services for Flint Residents under age 21**

- Gov. Snyder sent a request to U.S. Department of Health and Human Services to provide Flint residents under age 21 with additional healthcare services to address potential problems brought on from exposure to lead.

- The Governor requested to expand Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level. The request is also for Medicaid coverage for people already enrolled in other forms of insurance to ensure comprehensive benefits are available to children who may have come into contact with lead in the water. The White House and federal Department of Health and Human Services did not have an immediate response.

**Jobs and Talent & Economic Development Assistance**

- The Department of Talent & Economic Development (TED) is engaged with Gov. Snyder's efforts to address the situation in Flint.

- Agency directors and staff have been on the ground in Flint assisting with water distribution efforts and talking with city officials on ability to assist with the needs in the community to provide safe, clean drinking water.

- Michigan State Housing Development Authority (MSHDA) Executive Director Elsenheimer and the MSHDA team have been on the ground ensuring all MSHDA housing has appropriate filters and water resources.

- Michigan Economic Development Corporation / Michigan Strategic Fund is currently focused and in discussions with local officials on how the state can assist in the immediate infrastructure needs of the City of Flint.

- Michigan Talent Investment Agency is eager to be a full partner in enhancing the economy of the community and the self-sufficiency of its families through numerous programs and initiatives, including the Community Ventures Program that assists Flint residents in finding good paying jobs.

- Through Travel Michigan, TED is continuing to promote the cultural, historical and natural assets of the area, and working collaboratively with the community to showcase the positive stories coming out of Flint.

- In addition to these efforts, the TED team is exploring any and all other options for TED to assist the residents of Flint both on addressing their immediate water issues, as well as long term economic and community development needs.

- On Monday, February 8, Gov. Snyder announced a new partnership between the State of Michigan and Flint human service groups. The partnership with Orchards

Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents in February to fill jobs on teams helping conduct water tests across Flint.

**Michigan School for the Deaf**

- *For specific questions regarding actions taken to address lead levels at **any** schools (including Michigan School for the Deaf), ask that they contact the Michigan Department of Education (MDE).*

- When the Michigan School for the Deaf (MSD) initially heard of the water lead issue in September, school officials conducted their own testing which came back with clear results.

- Administrators closed down fountains in the building and have been purchasing 35-gallon water dispensers (150 gallons/week) from Culligan.

- Water filters have been placed on cafeteria drinking fountains and kitchen sinks for use in cooking/food prep.

- The school was notified by the local Health Department (Wednesday, January 20) about free testing for students for lead poisoning.

- The school has a staffed health center and MDE has approved the health center to work with the health department to set up a testing schedule and follow testing protocols outlined by the health department.

- Active consent is required for blood testing, so the school is working with the health department to notify parents and obtain consent.

- On the evening of Tuesday, January 12, MSD was notified by the dormitory landlord that they had a lead level reading of 28 parts per billion on some water outlets. The DEQ recommends school facilities take action if samples from any drinking water outlets show lead levels greater than 15 parts per billion.

    - Current actions being taken by MSD:

        - Informing parents of the situation.

        - Expediting replacement of 62-65 faucets in the dorm beginning Friday, January 22, 2016 and to have all replaced by the end of that weekend.
        - The landlord and school officials are looking at replacing shower heads and/or installing in-line filters on showers.

- Approximately 75 students board at MSD, ranging in age from four to 26. There are 167 students attending the school.

**History, background timeline**

**Chronology**

- October 1, 2015: Public Health Emergency Declaration issued

- December 14, 2015: State of Emergency declared by City of Flint.

- January 4, 2016: Genesee County Board of Commissioners declared a local emergency
  - In a separate document, Genesee County requested a Governor's Declaration of Emergency with the local declaration.

- January 5, 2015: Governor declared State of Emergency
  - State Emergency Operations Center activated in Lansing to coordinate state response
  - Joint Information Center (JIC) activated on January 6, 2016 in Lansing; moved to Flint on January 11, 2016

- January 9, 2016: Water resource sites established at fire stations. 9 a.m. to 4 p.m. on January 9, 2016 but 9 a.m. – 9 p.m. starting January 10, 2016.

- January 12, 2016: Water resource teams began going door-to-door (4 teams)

- January 12, 2016: Governor Snyder issued an Executive Order activating the Michigan National Guard

- January 14, 2016: Governor requested Presidential declaration of emergency and expedited major disaster for Genesee County

- January 16, 2016: President Obama approved the Governor's request for a federal emergency in Flint.
  - Denied request for major disaster
- January 20, 2016: Governor Snyder submitted an appeal to President Barack Obama following the denial of a major disaster declaration.

- January 22, 2016: President Obama denied Governor Snyder's appeal for a federal disaster declaration to aid Flint.

- January 28, 2016: Gov. Rick Snyder today issued a proclamation calling for an extension to the emergency declaration in the city of Flint and Genesee County until April 14, 2016.

- February 5, 2016: The Small Business Administration approved Gov. Rick Snyder's request for low-interest disaster loans for businesses in Genesee County and the city of Flint. Business owners seeking these loans must apply by Nov. 7, 2016.

**Other/Misc.**

- The state recognizes that offering recycling options for empty water bottles is a priority. Measures will be put in place soon to provide for recycling opportunities.

- Per the Michigan Department of Education, the state is not involved in the water provided to the Flint Schools. Any questions related to this topic should be referred to Flint Schools.

- Governor has asked the Receivership Transition Advisory Board to transfer the powers and authority currently vested in the city administrator to the mayor. Any inquiries related to this should be referred to the Governor's office.

- Population of Flint, as of 2014, was 99,000. Number of occupied households is 39,125, according to the state demographer. (Households with families, 22,809; non family head of household 16,316).

- For calls received from constituents offering lead removal solutions, take down their information and let them know it will be forwarded to the appropriate person. If there is interest in their services, they will be contacted directly. Their contact information should be forwarded to the MSP-SEOCPIO.

- Inquiries about providing vendor services should email DTMBECC@michigan.gov.

MEDIA at the SEOC

- If the media shows up at the new SEOC and requests or is expecting a tour of the facility, the reporter/photographer should be told that we ARE NOT conducting tours at this time, for two reasons: the SEOC remains under construction and it is an extremely busy time at the SEOC.

- PIOs in the SEOC are to talk with the media and let them know no tours are being offered and advise that they should contact EMHSD sometime in mid-February for the possibility of a tour.

SEOC Report for February 11, 2016
**Full Days Since Emergency Declaration: 37**

## Items to Note

• Local EOC reports that there is an expecting increased demand for bottled water and filter cartridges due to Boiled Water Advisory in response to water transmission line break. Aligning additional supplies for appropriate resupply at Fire Station PODs. They will also continue to manage donations and volunteers with Michigan Community Service Commission, ARC and United Way of Genesee County.
• SEOC Logistics is coordinating with the Seventh Day Adventist Group to assist with managing the warehouse located at 2629 Pierson Rd. Flint.
• MDE is reporting that a portion of the emergency funds that were approved for the Flint Water Crisis included $340,000 for Flint Community Schools to hire/contract for nine school nurses.
• Flint Community Schools have moved forward with the process to procure school nurses.
• U.S. Department of Education is scheduled visit Flint on February 12, 201 at 0830 at the Genesee Intermediate School District. MDE Deputy Superintendent and the Director of Special Education will attend. Family alliance members will also attend.
• The JIC is translating boil advisory into Spanish, Arabic and Hmung.
• MDOC will continue to maintain warehouse operations and supply of all PODS. This agency will also continue to pickup and delivery of all water samples and assist with Hot Shots.
• MDARD's Food & Dairy Division continues to have water assessments teams in the field at food establishments. Daily and cumulative totals are included in the daily situation report.
• MDARD's Animal Industry Division has ongoing conversations and planning for testing pets. There may be a request to the SEOC today from Genesee County to test dogs in high risk homes.
• A stakeholder meeting with MSU College of Veterinary Medicine scheduled for tomorrow to talk about progress on their testing project.
• MDARD's Animal Industry Division has stood up an Incident Management Team to deal with pet testing related issues.
• State Volunteer Liaison will be meeting with Flint community partners today.
• MDEQ has 10 - 3 person Sentinel Sampling Teams on the ground again today. Each team is composed of 1 local resident, 1 licensed plumber and 1 MDEQ staff person providing training on water sampling to residents throughout the City of Flint. These residents have agreed to conduct ongoing sampling with their water to be analyzed by the MDEQ laboratory. These residents will also be part of the Sentinel Sampling Program and samples will be collected every two weeks and will provide analysis for lead and copper. Over 100 homes were visited yesterday on Day 1 of the effort.
• In addition MDEQ continues to lead an Initial Site Assessment Team for high copper and high lead. This team is composed of 1 licensed plumber, 1 law enforcement officer from Flint PD, 1 MDEQ staff person and 1 MDHHS representative. This team is providing initial assessment in information to residents whose homes have water sampling results above the federal action levels for lead and copper. Our goal is to provide these visits and assessment within 48 hours of receiving the results.

# City of Flint Water Department

## BOIL WATER ADVISORY NOTICE LIFTED

## February 12, 2016

It is no longer necessary to use boiled filtered water for drinking or cooking. Under the current water issues involving lead, all residents should continue using filtered water or bottled water for drinking, *cooking, washing dishes, making ice, brushing teeth, and preparing food.*

As a precautionary measure, on February 9, 2016 you were notified of the need to boil water used for consumption. A transmission water main break caused issues with water system pressures, which provided an opportunity for a large portion of the system to become contaminated with bacteria. The water main break was isolated, and system pressures were restored to operational levels in the early evening on February 9, 2016. Bacteria samples were collected from several locations located within the area of the boil water advisory on February 10th and 11th. All samples collected were absent of coliform bacteria, and as a result the boil water advisory has been lifted.

**Individuals in the area affected by the boil water notice should replace their filter cartridges.** Trapped air and sediment were likely introduced to the water system, and these issues can affect the performance of the filter to reduce lead.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand.

For more information please contact the City of Flint Water Department at 810-766-7202.

Kristen,

Test results are complete and we can lift the boil water advisory.
Please notify the EOC and JIC with this notice as well.

Thanks,

--

# NEWS RELEASE

**FOR IMMEDIATE RELEASE**
**February 12, 2016**
**Release #: 37**

## Boil Water Advisory Lifted by City of Flint

*No Bacteria Identified*

FLINT, Mich. – With the Feb. 9 water main break repaired and successful back-to-back bacteria tests completed, the city of Flint lifted its boil water advisory at shortly before 2 p.m. today.

Affected residents no longer need to boil their filtered water because testing did not reveal any bacteria during or after the repair of the water main break. The boil water advisory was issued as a precautionary measure because the loss of pressure in the water distribution system can make the system vulnerable to bacterial contamination.

Previously installed water filters are still safe to use given the absence of bacteria, but residents are reminded to check their water filter indicator and replace the filter cartridge, if needed. Individuals should follow the water filter manufacturer replacement instructions.

Residents are reminded to continue use of filtered water for drinking, food preparation, brushing teeth and pets. Unfiltered water may be used for bathing and cleaning. Pregnant woman and children under 6 years of age should continue to drink only bottled water.

The U.S. Environmental Protection Agency and Michigan Department of Environmental Quality both encourage residents and businesses to flush their water for between two to five minutes through all taps every day. This will ~~to~~ assist with flushing their individual pipes as well as rescaling the water system as a whole. This should be done first thing in the morning after the water system has been stagnant ~~dormant~~ for several hours.

To prolong the life of their filter, this daily flushing should be done with the filter turned in the off position. Once the system has been flushed for two to five minutes, the filter should be turned back on for all cooking and drinking.

Residents are also reminded to clean the aerator on every household faucet every week.

Free water filter cartridges, water filters, bottled water and water testing kits are available at water resource sites that remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle recycling site)
310 East 5th St.

**MORE**

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle recycling site)
3402 Western Road.

Fire Station #6
716 West Pierson Road.

Fire Station #8 (also a water bottle recycling site)
202 East Atherton Road.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

###

**NOTE:** **ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632). FOR FLINT WATER EMERGENCY DONATION INFORMATION, GO TO www.helpforflint.com.**

Residents are reminded to continue use of filtered water for drinking, food preparation, brushing teeth and pets. Unfiltered water may be used for bathing and cleaning. Pregnant woman and children under 6 years of age should continue to drink only bottled water.

The U.S. Environmental Protection Agency and Michigan Department of Environmental Quality both encourage residents and businesses to flush their water for between two to five minutes through all taps every day. This will assist with flushing their individual pipes as well as rescaling the water system as a whole. This should be done first thing in the morning after the water system has been stagnant for several hours.

To prolong the life of their filter, this daily flushing should be done with the filter turned in the off position. Once the system has been flushed for two to five minutes, the filter should be turned back on for all cooking and drinking.

Residents are also reminded to clean the aerator on every household faucet every week.

Free water filter cartridges, water filters, bottled water and water testing kits are available at water resource sites that remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle recycling site)
310 East 5th St.

**MORE**

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle recycling site)
3402 Western Road.

Fire Station #6
716 West Pierson Road.

Fire Station #8 (also a water bottle recycling site)
202 East Atherton Road.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

## Curbside Pickup Instructions

**Republic Services provides bi-weekly curbside recycling at no additional cost to residents who already have weekly trash collection services.**

1) **To get a blue recycling bin, call 1-800-438-0966** (M-F, 8a.m.-5p.m., or Sat., 8a.m.-12p.m.) to request a bin to be delivered to your house.

2) Until you get your bin, Republic Services allows bottles to be placed in clear plastic bags. Do not put trash in the same bag as the bottles.

3) Until you get your bin, set the clear bags on the curb on your trash day a few feet from your trash. Once you get your bin, set it out on recycling day.

4) You can also drop your bag off at one of the drop-off locations around the city. (See side bar for locations)

### What should I do with the used cartridge in my water filter?

1) When your PUR or Brita filter needs to be changed, take the used cartridge to a distribution site.

2) Place the used cartridge in the box provided at the site.

3) Pick up a replacement cartridge.

**ALL BOTTLES DROPPED OFF MUST BE IN CLEAR PLASTIC BAGS**
**No solid color or grocery bags accepted**

. Elderly residents that cannot carry water back to their home/apartment from a POD; **Homebound or vulnerable residents can call 211 to have water delivered. In addition, most homes have received faucet filters. Filtered tap water should be the primary water source used, with bottled being used to supplement, unless there is an existing reason why the filtered tap water cannot be consumed.**
2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?);**
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD; **PODs are not limiting the amount of water residents can take. The guideline is one case per visit, however, if more is needed, they are allowed to take additional cases. Bottled water should be used to supplement the tap water – unless there is a specific reason the filtered tap water cannot be used, citizens should be using filtered water more so than bottled water.**
4. Residents complaining that having to visit the POD daily is too burdensome; **Again, greater use of filtered tap water would alleviate this concern. Most water consumption should be filtered tap water unless a specific reason exists that prevents the use of the filtered tap water (pregnant women, children under 6, etc.)**
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled. **Consumption of filtered tap water would assist with this.**
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly? **We are currently looking at JOBs programs and grant opportunities to hire individuals to sustain operations. However, we will also continue to use volunteer agencies. Volunteers have been an invaluable resource in partnering with the state for response efforts and will continue to be a key component.**
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI) They completed their initial door – to – door mission, so those members were demobilized. The National Guard was brought in to assist with getting filters into every home so there would not be a reliance on bottled water – at this time almost every water customer has a filter. Instead of continuing with the National Guard mobilization, we are hoping to use Flint residents to supplement the volunteers. The National Guard is currently managing our points of distribution.***
8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI) The city of Flint requested that these five points of distribution be opened and utilized. We are also currently looking at additional and/or alternative points of distribution.***

Col Seeley, Gabe, Amanda and Kristy-

There are eight questions below we need to get an answer to. Can you answer the below questions and/or point me to the right person to get the answer. The questions are:

1. Elderly residents that cannot carry water back to their home/apartment from a POD;

2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA *issue?);***
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
4. Residents complaining that having to visit the POD daily is too burdensome;
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Thank you
Kevin S.

**To:** MSP-SEOCPIO
**Cc:** Bolger, Matt (MSP)
**Subject:** FW: Concerns from the field on water distribution

Hi Kevin,

Please see the below questions raised by Representative Kildee's office and the original constituent email. Can you assist in tracking down answers to these questions?

Specifically, it would be helpful to have clarification on who is eligible for home delivery (is elderly sufficient or do you have to be "homebound")? How do you get on a home delivery list? In general, the original email seems to speak to a need for coordination with persons in HUD housing. I believe there are some efforts under way via MSHDA already. I also think the Office on Services to the Aging is doing some outreach. Can you please check with the SMEs in the SEOC to see if this is the case?

Lastly, it was suggested that Captain Kelenske might want to address the three questions about the state (why use volunteers, why limit National Guard, and what is being done outside of PODs) on Tuesday's Congressional call. If someone can answer these for me, I will work them into his talking points.

Thank you,
Shanon

**Subject:** FW: Concerns from the field on water distribution

Shanon,

I had a conversation today with a staffer for Rep. Kildee. They have "heard" from someone on the ground that raised a number of complaints about the way water is being distributed. Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

**Dan Shulman**

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident

still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

**Subject:** RE: water test result letter infographic samples

I think there is value in easy to understand infographics, but these appear to be in very draft form. I'm seeing some extra bullet points and only a partial phone number in the first attachment. The third attachment does not appear to be a final document, but merely ideas.

I do question the advice in the first attachment (normal results), as it indicates to only drink bottled water, which I do not believe is consistent with our guidance.

When more finalized versions are available, please route through the JIC for review by DEQ and DHHS PIOs.

Ken,

Attached is information/Infographics from our representative from the Federal Innovation Cell. This is outside my lane to provide input (it would be health/CHECC) but I didn't know if you wanted to have anyone else in the SEOC/EMHSD take a look at it.

Good morning,

I'm sending a couple mockups for consideration and feedback on rough drafts of infographics to accompany the Genesee County Health Department letters.

I will have some blood test examples in a little while but wanted to get these to you for your thoughts.

I'm also attaching another document with some other infographic designs you may be interested in. Happy to try to come up with other ideas.

**Subject:** Re: Status of Schupan recycling instruction cards?

Regarding the complaint- most residents don't get the press releases though, and the Flint updates that the public can subscribe to aren't exactly talking about recycling, so I understand the county's concern. also, the releases only list the 3 recycling sites at resource centers,But doesn't include how to get a bin from Republic, or the other sites around town that Young's are managing.

I also couldn't find any information on recycling on either of the two state websites about Flint - supposedly the flyer is there, but I think it s buried so deep in a documents section no resident would ever find it. I'd love to see it as a main section on the front page of both sites.

Henrik,

On the complaint that there is a lack of recycling information in the Flint Water Response Team email updates and the desire to have that information included, that information is on all news releases that list the water resource sites (we denote which ones are also a recycling site).

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

Kevin S.

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive

here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

Subject: RE: Recycling material update / spanish-language translation

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

Cc: Adler, Jessi (DHHS); MSP-seoclgc; Hawks, Trevor (MSP)
Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

> - Elderly residents that cannot carry water back to their home/apartment from a POD; **Homebound or vulnerable residents can call 211 to have water delivered. In addition, most homes have received faucet filters. Filtered tap water should be the primary water source used, with bottled being used to supplement, unless there is an existing reason why the filtered tap water cannot be consumed.**

2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?);**
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD; **PODs are not limiting the amount of water residents can take. The guideline is one case per visit, however, if more is needed, they are allowed to take additional cases. Bottled water should be used to supplement the tap water – unless there is a specific reason the filtered tap water cannot be used, citizens should be using filtered water more so than bottled water.**
4. Residents complaining that having to visit the POD daily is too burdensome; **Again, greater use of filtered tap water would alleviate this concern. Most water consumption should be filtered tap water unless a specific reason exists that prevents the use of the filtered tap water (pregnant women, children under 6, etc.)**
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled. **Consumption of filtered tap water would assist with this.**
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly? **We are currently looking at JOBs programs and grant opportunities to hire individuals to sustain operations. However, we will also continue to use volunteer agencies. Volunteers have been an invaluable resource in partnering with the state for response efforts and will continue to be a key component.**
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI) They completed their initial door – to – door mission, so those members were demobilized. The National Guard was brought in to assist with getting filters into every home so there would not be a reliance on bottled water – at this time almost every water customer has a filter. Instead of continuing with the National Guard mobilization, we are hoping to use Flint residents to supplement the volunteers. The National Guard is currently managing our points of distribution.***
8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI) The city of Flint requested that these five points of distribution be opened and utilized. We are also currently looking at additional and/or alternative points of distribution.***

**Cc:** Bolger, Matt (MSP)
**Subject:** FW: Concerns from the field on water distribution

Hi Kevin,

Please see the below questions raised by Representative Kildee's office and the original constituent email. Can you assist in tracking down answers to these questions?

Specifically, it would be helpful to have clarification on who is eligible for home delivery (is elderly sufficient or do you have to be "homebound")? How do you get on a home delivery list? In general, the original email seems to speak to a need for coordination with persons in HUD housing. I believe there are some efforts under way via MSHDA already. I also think the Office on Services to the Aging is doing some outreach. Can you please check with the SMEs in the SEOC to see if this is the case?

Lastly, it was suggested that Captain Kelenske might want to address the three questions about the state (why use volunteers, why limit National Guard, and what is being done outside of PODs) on Tuesday's Congressional call. If someone can answer these for me, I will work them into his talking points.

Thank you,
Shanon

**Subject:** FW: Concerns from the field on water distribution

Shanon,

I had a conversation today with a staffer for Rep. Kildee. They have "heard" from someone on the ground that raised a number of complaints about the way water is being distributed. Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle,

take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

Hi Meegan,

In addition to promoting via social media and newsletter, can we post a link to the AG's Office news release about scams on our website? This was brought up again by the county EOC as a concern of residents. I was thinking we could list it in the News section and possibly also in the Resident, Community Information and Reports section.

**Subject:** Website

FYI -

Our Flint water website was a topic of discussion this morning on the UCG call. It was raised by Jackie Scott of the CHECC who said she was at Friday's Mission Team Flint meeting where she had from citizens how confusing our website is and how no can find the materials they need. She indicated she will be working to suggest ways to better organize content with a reliance on more infographics and a focus on serving our audience. Specifically, it was mentioned the search feature is lacking. The example used was a search for "water heater" turns up nothing.

**Subject:** Scams in Flint

Good morning,

There is still lots of concerns over attempted scams against Flint residents. The Attorney General's Office previously issued a Consumer Alert with tips. It can be found here - http://www.michigan.gov/ag/0,4534,7-164-17337_20942-375279--,00.html. I'm sharing it for social media consideration and possible email newsletter content.

Thanks much,

Regarding the complaint- most residents don't get the press releases though, and the Flint updates that the public can subscribe to aren't exactly talking about recycling, so I understand the county's concern. also, the releases only list the 3 recycling sites at resource centers,But doesn't include how to get a bin from Republic, or the other sites around town that Young's are managing.

I also couldn't find any information on recycling on either of the two state websites about Flint - supposedly the flyer is there, but I think it s buried so deep in a documents section no resident would ever find it. I'd love to see it as a main section on the front page of both sites.

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

To: JICManager
Cc: Adler, Jessi (DHHS); MSP-seoclgc; Hawks, Trevor (MSP)
Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

Kevin S.

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

Subject: Status of Schupan recycling instruction cards?

Following up on this. Schupan needs these cards ASAP, they are running out of them and can't hand out the bags without the cards. What is the status of getting these cards updated and printed? They really needed them this weekend.

Subject: RE: Recycling material update / spanish-language translation

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

Hi Henrik, attached is the updated door hanger. Please let me know if I can help further.

I don't know if this is the translated document or not. The formatting has been stripped, but it is a recycling

document in Spanish.

Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

Thank you very much for your help,

Henrik Hollaender

**Cc:** Adler, Jessi (DHHS)
**Subject:** FW: Status of Schupan recycling instruction cards?

Hi Meegan,

Any chance we can feature Recycling in the carousel on the website? Or somehow better highlight it? The flyer is listed as one of the links in the Home and Environmental sub-section, but I can see how people have a hard time finding it. Here's the link: http://www.michigan.gov/documents/flintwater/SOM_FlintRecyclingInstructions_513838_7.pdf

Also, noting there has been a request to feature Recycling in one of Tori's daily newsletters.

Thanks for any assistance in getting the word out!

**Cc:** MSP-SEOCPIO
**Subject:** Re: Status of Schupan recycling instruction cards?

Regarding the complaint- most residents don't get the press releases though, and the Flint updates that the public can subscribe to aren't exactly talking about recycling, so I understand the county's concern. also, the releases only list the 3 recycling sites at resource centers,But doesn't include how to get a bin from Republic, or the other sites around town that Young's are managing.

I also couldn't find any information on recycling on either of the two state websites about Flint - supposedly the flyer is there, but I think it s buried so deep in a documents section no resident would ever find it. I'd love to see it as a main section on the front page of both sites.

Henrik,

On the complaint that there is a lack of recycling information in the Flint Water Response Team email updates and the desire to have that information included, that information is on all news releases that list the water resource sites (we denote which ones are also a recycling site).

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

Subject: RE: Recycling material update / spanish-language translation

Hi Henrik, attached is the updated door hanger. Please let me know if I can help further.

I don't know if this is the translated document or not. The formatting has been stripped, but it is a recycling document in Spanish.

Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

Thank you very much for your help,

Henrik Hollaender

# Flint Joint Information Center Daily Update

February 12, 2016

## Situation Report

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 12. The JIC was operational until 9:30 p.m. on Feb. 11.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services and Treasury. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:

- Media hotline staff answered more than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the status of the water pipes in Flint.
- MDHHS Chief Medical Executive Dr. Eden Wells joined Senator Stabenow, Mayor Weaver, Dr. Hanna-Attisha to join the Children's Health Fund to deliver a mobile medical clinic that will provide medical care to children in Flint.
- Created a media monitoring report and looked for misinformation.

- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs staffed the Flint Water Interagency Coordinating Committee for media. Two media outlets attempted to attend the meeting, but were advised about the live streaming service available at www.michigan.gov/snyderlive. The news media was unhappy about not being able to attend in person.
- Issued a news release about a National Guard soldier saving a Flint resident's life. National Guard Spec. Charles Colwell was made available for media interviews at Flint Fire Station No. 1. Interviews were conducted with WEYI-TV 25, WNEM-TV5 and WJRT-TV 12.
- Continued routing public information materials for approval, including fact sheets on breast feeding and lead poisoning, lead and children fact sheet by the Michigan Alliance for Families, Frequently Asked Questions fact sheet, and supporting children and families fact sheet.
- Drafted a news release about the boil water advisory being lifted. The JIC released the news release at 5 p.m. upon approvals and notification from partners.
- Held a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint. More 10 news media outlets attended, including local and regional members.
- Completed staffing for the next two weeks.

## Planned Activities

***Saturday, Feb. 13***

- No planned products or events.

***Sunday, Feb. 14***

- No planned products or events.

***Monday, Feb. 15***

- News Release – Youth challenge academy (tentative)
- Surgeon General scheduled to visit Flint from Feb. 15-16

***Tuesday, Feb. 16***

- Congressional and Legislative conference call at 2:30 p.m.
- News Release – National Guard building relationships in the community
- Surgeon General scheduled to visit Flint from Feb. 15-16

***Wednesday, Feb. 17***

- News Release – Translated Documents (Tentative - pending finalization of American Sign Language videos)
- News Release – Blood-level testing available for veterans and their families (tentative, pending coordination MVAA)

***Thursday, Feb. 18***

- News Release – Translated Documents (Tentative - pending finalization of American Sign Language videos)
- HHS Secretary scheduled to visit Flint on February 18

***Friday, Feb. 19***

- News Release – Genesee County and Baker College partnering to test blood-levels in pets
- Rev. Jesse Jackson is participating in a march in Flint on February 19

***Saturday, Feb. 20***

- No planned products or events.

***Saturday, Feb. 21***

- No planned products or events.

***Monday, Feb. 22***

- News Release – Flint Farmer's Market: Open for Business, Great Nutrition Available
- Video – Flint Farmer's Market: Open for Business, Great Nutrition Available
- Video – Blackstone's and Restaurant Inspections

***Looking Beyond***

- NBC25 Town Hall on February 29

## Issued News Releases (February)

***State of Michigan Joint Information Center***

- JIC037 – Feb. 12 – National Boil Water Advisory Lifted by City of Flint
- JIC036 – Feb. 12 – National Guard soldier distributing water saves Flint resident's life
- JIC035– Feb. 10 – Flint residents reminded of boil water advisory
- JIC034 – Feb. 10 – State Launches New Streamlined Services for Residents
- JIC033 – Feb. 9 – Outreach to Flint's Blind Community Helps Ensure Access to Information and Resources
- JIC032 – Feb. 9 – American Red Cross and United Way Play Crucial Role Coordinating Volunteer Efforts in Flint

**Subject:** RE: Status of Schupan recycling instruction cards?

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

Kevin S.

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

Thank you very much for your help,

**Release #: 37**

# Boil Water Advisory Lifted by City of Flint

*No Bacteria Identified*

FLINT, Mich. – With the Feb. 9 water main break repaired and successful back-to-back bacteria tests completed, the city of Flint lifted its boil water advisory today.

Affected residents no longer need to boil their filtered water because testing did not reveal any bacteria during or after the repair of the water main break. The boil water advisory was issued as a precautionary measure because the loss of pressure in the water distribution system can make the system vulnerable to bacterial contamination.

Previously installed water filters are still safe to use given the absence of bacteria, but residents are reminded to check their water filter indicator and replace the filter cartridge, if needed. Individuals should follow the water filter manufacturer replacement instructions.

Residents are reminded to continue use of filtered water for drinking, food preparation, brushing teeth and pets. Unfiltered water may be used for bathing and cleaning. Pregnant woman and children under 6 years of age should continue to drink only bottled water.

The U.S. Environmental Protection Agency and Michigan Department of Environmental Quality both encourage residents and businesses to flush their water for between two to five minutes through all taps every day. This will assist with flushing their individual pipes as well as rescaling the water system as a whole. This should be done first thing in the morning after the water system has been stagnant for several hours.

To prolong the life of their filter, this daily flushing should be done with the filter turned in the off position. Once the system has been flushed for two to five minutes, the filter should be turned back on for all cooking and drinking.

Residents are also reminded to clean the aerator on every household faucet every week.

Free water filter cartridges, water filters, bottled water and water testing kits are available at water resource sites that remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle recycling site)
3402 Western Road.

Fire Station #6
716 West Pierson Road.

Fire Station #8 (also a water bottle recycling site)
202 East Atherton Road.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

**Subject:** RE: FILTERS: Flint water main break

Update: I just received a call from the Flint Water Treatment Plant lab informing me that all of the results from the samples collected yesterday are non-detect for coliform bacteria. Again, there is no reason to believe at this point that any wide spread bacti contamination has occurred as a result of the water main break. Additional samples were collected today and those results will be available about this time tomorrow. If those sample results are good, the boil advisory can be lifted.

**Subject:** RE: FILTERS: Flint water main break

Update: I went to the Water Treatment Plant this morning and visited with the lab folks. 18 bacti samples were collected yesterday between 10 am and 1 pm throughout the city, not just in the lower pressure areas that occurred as a result of the water main break. There was good free chlorine residual at all the collection sites. The results from that

sampling will be available about 1:30 pm today. We looked at the samples so far, and none were turning color. Again, there is no reason to believe at this point that any wide spread bacti contamination has occurred as a result of the water main break.

**Subject:** RE: FILTERS: Flint water main break

All,

I am sorry I was out of the UCG for much of the day when all this was developing. I understand a press release is nearly ready to go that will tell folks to replace their filter cartridges when the boil advisory is lifted. I am also sorry to see in the City's notice (link below) that they say the same thing. A boil notice for a water main break is precautionary, not because bacteria are actually known to exist in the water. The absence (or presence) of bacteria is confirmed after the water main break is repaired and bacti sample results are received, usually about 48 hours after the main is repaired. Only if bacteria are actually present in appreciable concentrations throughout the City does it makes sense to replace all the cartridges throughout the City. While we are waiting for bacti results, folks are protected by boiling the water.

https://www.cityofflint.com/wp-content/uploads/Precautionary-Boil-Water-Notice-2-9-16.pdf

Thanks. Bryce

NSF International confirmed:

When the boiled water advisory is lifted, filters exposed to contaminated water are safe to use after the cartridge has been replaced. The user should be sure to follow the manufacturer's replacement instructions as some have additional procedures that must be performed (rinsing, flushing the cartridge, resetting an indicator, etc.).

Please work with Wendy Braun to deliver accurate messaging to the citizens affected by the water main break.

The city must alter its communications as the public notice must by law be issued by them. We can reflect supplemental communications from the state's end. Who from state is in touch with the city on this issue?

A slightly modified statement that addresses lead reduction at the same time would be: "These filters are not certified to reduce microbiological contaminants from drinking water. Residents should boil their filtered water to ensure that their water is microbiologically safe. Residents should replace the cartridge / filter after the Boil Water Advisory has been lifted. The lead reduction capabilities of the filter should not be adversely affected by the presence of bacteria, if present."

Mitch, Jen, and others,

So, I got what feedback I could and it is essentially what we had briefly discussed.

The standards are based on treating potable water, which is microbiologically safe water, so our certification to the standards would essentially be null and void if there is bacteria in the influent. This is akin to the issue of lead levels being over 150 ppb. The filters used in Flint are not certified to remove microbiological contaminants to drinking water. Residents should boil their filtered water to ensure that their water is microbiologically safe. The, replace the cartridge / filter after the Boil Water Advisory has been lifted.

Hope this gives you what you need. If you need anything else, please let me know.

I just spoke to Ryan. Sounds like DTMB is receiving complaints about the number of people we have parking in their ramp. He thinks its related to all of our federal partners and wants to see what we (the state) have parking in there before he goes to them Can you please advise what people/cars are parking at the JIC and make note on the spreadsheet?

If you send it back to me I can forward it on.

Thanks
Kevin

## MSP-SEOCPIO

**From:** MSP-SEOCPIO
**Sent:** Friday, February 12, 2016 4:35 PM
**To:** Banner, Shanon (MSP); Bolger, Matt (MSP)
**Cc:** Covey, Gabriel (MSP)
**Subject:** FW: Concerns from the field on water distribution

Insp and Shanon-

Here are the answer to the questions:

From MDMVA (M/Sgt Martin Whaley)

1) The Guard members at the PODs do not have the ability to carry out deliveries, they do instruct customers with this type of issue getting to the POD's to contact 211, for possible delivery.

3) & 4) The POD's have put no restrictions on the amount of water a customer can receive, it is simply a matter of asking. They do not as a rule openly offer unlimited supplies as this could create a restocking issue.

5) This stands in direct contradiction to 3&4. It is outside our ability to provide additional storage to customers.

7) The only mission of the Guard in this operation is water distribution, specifically at the POD's. Members are unable to offer additional services beyond the mission they are assigned. Any additional requests for support from Guard members would have to be routed through the Governor's office.

From MDMVA (Col Seeley)

8) In discussing with Col Seeley he looked up the price of renting a portable storage unit. The cost is $98 a month for one unit. If this is something that we want to start doing for residents, it can be done, but a funding source will need to be identified

From American Red Cross (Mr. Paul Spata)

1) Residents can call 211 and Rapid Response Teams can deliver items. ARC volunteers can not enter the home but AmeriCorps volunteers can. Each RRT is made up of ARC and AmeriCorps volunteers

From Community Health (Mrs. Kathy Wahl)

2) The CHECC contacted the WIC program to clarify:
   - WIC funds are loaded onto the bridge card
   - WIC clients can purchase all of the formula at once or one bottle at a time
   - Fewer people in Flint carry the pre-mixed formula, because it is heavier and inventory turnover is not traditionally as quick as dry
   - Transportation is available for the clients to go to the larger stores such as Walmart and Meijer to pick up the formula

   Based on the above, and assuming we understand this correctly, this seems to be an unfounded complaint. WIC consumers can use their bridge card to purchase all at once or little by little.

From the Acting State Director (F/Lt Gabe Covey)

6) The water crisis facing flint is a large one. We need to work together with all of local, state, federal, non-profit and private partners to get through this.

Col Seeley, Gabe, Amanda and Kristy-

There are eight questions below we need to get an answer to. Can you answer the below questions and/or point me to the right person to get the answer. The questions are:

1. Elderly residents that cannot carry water back to their home/apartment from a POD;
2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
4. Residents complaining that having to visit the POD daily is too burdensome;
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Thank you

**To:** MSP-SEOCPIO
**Cc:** Bolger, Matt (MSP)
**Subject:** FW: Concerns from the field on water distribution

Hi Kevin,

Please see the below questions raised by Representative Kildee's office and the original constituent email. Can you assist in tracking down answers to these questions?

Specifically, it would be helpful to have clarification on who is eligible for home delivery (is elderly sufficient or do you have to be "homebound")? How do you get on a home delivery list? In general, the original email seems to speak to a need for coordination with persons in HUD housing. I believe there are some efforts under way via MSHDA already. I also think the Office on Services to the Aging is doing some outreach. Can you please check with the SMEs in the SEOC to see if this is the case?

Lastly, it was suggested that Captain Kelenske might want to address the three questions about the state (why use volunteers, why limit National Guard, and what is being done outside of PODs) on Tuesday's Congressional call. If someone can answer these for me, I will work them into his talking points.

Thank you,
Shanon

Shanon,

I had a conversation today with a staffer for Rep. Kildee. They have "heard" from someone on the ground that raised a number of complaints about the way water is being distributed. Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

**Dan Shulman**
*External Affairs Specialist*

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they

can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

Insp and Ron-

I just spoke to our MDEQ rep here in the SEOC and he expressed concerned with the sentence of "Pregnant woman and children under 6 years of age should continue to drink only bottled water."

The thought here is that this statement undermines the whole point of using a filter. Either the filter works or it doesn't. I went through previous JIC messages I have saved here and did not see any previous press releases with this information it. MDEQ did not have any literature on it. We would like to confirm this statement with whomever is saying that this accurate before it goes out. Is it the CDC, Federal DEQ, ect

Might be good to get that statement in writing I suppose.

Thoughts?

Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;

- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

**Subject:** RE: Concerns from the field on water distribution

*Col Seeley, Gabe, Amanda and Kristy-*

There are eight questions below we need to get an answer to. Can you answer the below questions and/or point me to the right person to get the answer. The questions are:

1. Elderly residents that cannot carry water back to their home/apartment from a POD;
2. WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
3. Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
4. Residents complaining that having to visit the POD daily is too burdensome;
5. Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.
6. Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
7. Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
8. Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Thank you
Kevin S.

**Subject:** FW: Concerns from the field on water distribution

Hi Kevin,

Please see the below questions raised by Representative Kildee's office and the original constituent email. Can you assist in tracking down answers to these questions?

Specifically, it would be helpful to have clarification on who is eligible for home delivery (is elderly sufficient or do you have to be "homebound")? How do you get on a home delivery list? In general, the original email seems to speak to a need for coordination with persons in HUD housing. I believe there are some efforts under way via MSHDA already. I also think the Office on Services to the Aging is doing some outreach. Can you please check with the SMEs in the SEOC to see if this is the case?

Lastly, it was suggested that Captain Kelenske might want to address the three questions about the state (why use volunteers, why limit National Guard, and what is being done outside of PODs) on Tuesday's Congressional call. If someone can answer these for me, I will work them into his talking points.

Thank you,
Shanon

**Subject:** FW: Concerns from the field on water distribution

Shanon,

I had a conversation today with a staffer for Rep. Kildee. They have "heard" from someone on the ground that raised a number of complaints about the way water is being distributed. Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The

cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

# Flint Water Emergency Response
## Talking Points for Capt. Chris Kelenske
## Congressional & Legislative Briefing 2/16/16

**NOT INTENDED TO BE DISSEMINATED TO THE MEDIA OR PUBLIC IN THIS FORMAT**

- The health and safety of Flint residents remains our top priority.

- It is essential that all Flint residents have the water in their homes tested as soon as possible. Free water testing kits are available at all five fire station water resource sites. Water samples can also be returned to these fire stations for testing.

- Residents who are elderly or homebound can call United Way 211 to arrange for delivery of water resource items, including a water testing kit.

- Most homes in Flint have been provided with a faucet filter to provide filtered tap water for drinking and cooking. Faucet filters are available for free at any water resource site.

- Filtered tap water should be used as the primary water source for drinking and cooking, with bottled water used as a supplement.

    - Residents should primarily use filtered water, unless the home has tested high for lead/copper, there are children under six, or a nursing or pregnant mother resides in the home.

- We continue to operate five water resource sites at fire stations, staffed by Michigan National Guard soldiers, daily from 9 a.m. to 9 p.m. to provide free bottled water, filters, replacement cartridges, and water testing kits.

    - The National Guard will continue to be mobilized to perform this mission until at least mid-March, at which time this function will be transitioned to community and volunteer organizations.

- Now that nearly 90 percent of Flint homes have a faucet filter, the need for bottled water should be limited, as filtered water should be the primary water source for drinking and cooking in most homes, unless there is a reason why the filtered tap water cannot be consumed.

- The general guideline at water resource sites is one case of water per day, per household. However, if a resident articulates a need for additional supplies, such as a large number of young children in the home, exceptions are made.

- Since January 9, using both door-to-door water response teams and water resource sites at the city's fire stations, we have distributed over 321,100 cases of water; 105,600 water filters; and 36,600 water testing kits.

- As is the case in any disaster or emergency, scam artists use tragedies as opportunities to take advantage of those in need. The Michigan Attorney General's Office has issued a Consumer Advisory warning Flint residents about common scams attempted during crisis situations. The consumer alert offers tips on avoiding scam artists and criminals who may attempt to exploit emergency situations like this one. A copy of this advisory can be found on our website (www.michigan.gov/flintwater).

**Elderly/homebound residents:**

- Elderly residents who cannot carry water back to their home/apartment from a water resource site, homebound individuals or otherwise vulnerable populations can call United Way 211 to request water delivery by a Rapid Response Team. Additionally, elderly residents who need assistance with installing faucet filters can notify United Way 211. A Rapid Response Team consisting of American Red Cross and AmeriCorps volunteers will respond and can assist with filter installation.

**Limit on bottled water:**

- Most homes in Flint have been provided with a faucet filter to provide filtered tap water for drinking and cooking. Faucet filters are available for free at any water resource site. Filtered tap water should be used as the primary water source for drinking and cooking, with bottled water used as a supplement. Residents should primarily use filtered water, unless the home has tested high for lead/copper, there are children under six, or a nursing or pregnant mother resides in the home.

- The general guideline at water resource sites is one case of water per day, per household. However, if a resident articulates a need for additional supplies, exceptions are made. Again, filtered water should be the primary water source for drinking and cooking, unless there is a reason why the filtered tap water cannot be consumed.

**Location of Water Resource Sites:**

- The locations of the five Water Resource Sites at Fire Stations 1, 3, 5, 6, and 8 were chosen by the City of Flint. For the last several weeks, in addition to providing supplies to these locations, the state has also worked with a number of local churches to provide water supplies for distribution following Sunday church services. Discussions are also underway *to find additional and/or alternative points of distribution for the future.*

**Ready-to-feed baby formula:**

- WIC funds are loaded onto the recipient's Bridge Card, which allows WIC clients to purchase ready-to-feed baby formula as needed (either all at once or one bottle at a time). Ready-to-feed formula can be difficult to find at smaller stores in the area; however, transportation is available for WIC clients to go to larger stores such as Walmart and Meijer to purchase ready-to-feed formula.

**Hiring workers instead of using volunteers:**

- Discussion is occurring to identify ways in which individuals can be hired to sustain long-term water distribution operations. Even if funds and programs are identified to hire workers, volunteer agencies will continue to be utilized since volunteers can provide much needed assistance at virtually no cost.

**Demobilization of Michigan National Guard:**

- Additional National Guard soldiers and airmen were mobilized in mid-January to assist door-to-door water response teams in ensuring every residence had a water filter. Once this mission was accomplished, the additional guard members were demobilized.

- Approximately 70 National Guard soldiers continue to staff the water resource sites at the five fire stations daily from 9 a.m. to 9 p.m. As of now, the National Guard is expected to be mobilized until mid-March, at which time, water/filter distribution operations will be transitioned to community and volunteer organizations.

**Concerns regarding HUD housing:**

- Questions and concerns from residents in HUD housing have been referred to the U.S. Department of Housing and Urban Development, which has been engaged in response efforts in Flint.

# HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT

## Empty Water Bottles Drop-Off Locations

Fire Station #1
310 East Fifth Street
9 a.m. – 9 p.m., daily

Fire Station #5
3402 Western Road
9 a.m. – 9 p.m., daily

Fire Station #8
202 East Atherton
9 a.m. – 9 p.m., daily

Bill Carr Signs
719 West 12th Street
8 a.m. – 4 p.m., M-F

Young's Environmental
5305 North Dort Highway
8 a.m. – 6 p.m., M-F

Dover & Company
651 Hall Street
8 a.m. – 4 pm., M-F

Comcast Service Center
3008 Airpark Drive South
10 a.m. – 5 p.m., M-F
10 a.m. – 1 p.m. Saturday

## Curbside Pickup Instructions

**Republic Services provides bi-weekly curbside recycling at no additional cost to residents who already have weekly trash collection services.**

1) **To get a blue recycling bin, call 1-800-438-0966** (M-F, 8a.m.-5p.m., or Sat., 8a.m.-12p.m.) to request a bin to be delivered to your house.

2) Until you get your bin, Republic Services allows bottles to be placed in clear plastic bags. Do not put trash in the same bag as the bottles.

3) Until you get your bin, set the clear bags on the curb on your trash day a few feet from your trash. Once you get your bin, set it out on recycling day.

4) You can also drop your bag off at one of the drop-off locations around the city. *(See side bar for locations)*

### What should I do with the used cartridge in my water filter?

1) When your PUR or Brita filter needs to be changed, take the used cartridge to a distribution site.

2) Place the used cartridge in the box provided at the site.

3) Pick up a replacement cartridge.

**ALL BOTTLES DROPPED OFF MUST BE IN CLEAR PLASTIC BAGS**
**No solid color or grocery bags accepted**

# Flint Water Emergency Response
# Talking Points for Capt. Chris Kelenske
# Congressional & Legislative Briefing 2/9/16

**NOT INTENDED TO BE DISSEMINATED TO THE MEDIA OR PUBLIC IN THIS FORMAT**

## High-level Messages

- From an operational standpoint, our primary mission continues to be ensuring all Flint residents have access to safe water and are aware of the information and free resources available to them, which include bottled water, water filters, replacement cartridges, and water test kits.

- The health and safety of Flint residents remains a top priority. It is essential that all Flint residents have the water in their homes tested as soon as possible.

- Until we know the water from the tap is safe, it is recommended that vulnerable populations drink bottled water, this includes children under six and pregnant or nursing women.

- Residents are also encouraged to clean the aerators on their faucets to lessen lead sediment. Instructions for how to do this can be found on our website at www.michigan.gov/flintwater.

- Free water testing kits are available at all five fire station water resource sites. Water samples can also be returned to these fire stations for testing.

- Anyone who is unable to get to a fire station to pick up a free testing kit should call United Way 2-1-1 for assistance.

- Door-to-door delivery efforts by water response teams comprised of volunteers continue, but are increasingly targeted to ensure we are reaching every home.

- As of today, these efforts have resulted in 87.8 percent of City of Flint water customers having a water filter. That leaves approximately 12 percent or 3,323 customers whose filter status in unknown. Efforts to reach these homes continue in earnest.

- We also continue to operate five water resource sites at fire stations, staffed by Michigan National Guard soldiers, daily from 9 a.m. to 9 p.m. to provide free bottled water, filters, replacement cartridges, and water testing kits.

- Since January 9, using both door-to-door water response teams and water resource sites at the city's fire stations, we have distributed a total of 299,273 cases of water; 104,500 water filters; and 35,756 water testing kits.

- On February 5, the Small Business Administration approved the Governor's request for low-interest disaster loans for businesses in Genesee County and the city of Flint.

- The approval provides access to federal Economic Injury Disaster Loans, which are working capital loans to small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private, non-profit organizations that meet their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster.

- Business owners will have until Nov. 7, 2016, to apply. More information and criteria for SBA disaster loans is available at www.sba.gov/disaster. Eligible Flint business owners can apply online.

- Lastly, due to the continued outpouring of support from persons and organizations wishing to donate bottled water, the state has secured a second warehouse. This warehouse can accept bottled water that is not on pallets, filling a critical need, as many water drives are not palletized.

    - The water donation guidelines on www.michigan.gov/flintwater and www.helpforflint.com have been updated to reflect this new option. To schedule a dock time for a delivery, call 517-420-3984 or email flintwarehouse2@michigan.gov.

## INFORMATION – IF ASKED...

### State Funding

- To date, the state has allocated $37.3 million in emergency funding for Flint.
- Last week, the Governor proposed and the Senate has approved an additional $30 million the city could use to help relieve Flint residents of a portion of their water bill. The $30 million recommendation must now be approved by the House before it going into effect.
- Tomorrow in his FY17 budget recommendation, it is expected the Governor will outline long-term funding efforts to aide in Flint's recovery.

### Jobs for Flint Residents

- On Monday, Governor Snyder announced a new partnership between the state and Flint area organizations - Orchards Children's Services and Flint YMCA's Safe Places Program – that will hire and train 50 Flint residents this month to help conduct water tests for their fellow community member across the city.
- The partnership is part of a comprehensive effort to help ensure Flint families benefit from both short-term and long-term opportunities created by relief efforts.
    - More residents will be hired as more work is identified.

## Chronology

- October 1, 2015: Public Health Emergency Declaration issued
- December 14, 2015: State of Emergency declared by City of Flint.
- January 4, 2016: Genesee County Board of Commissioners declared a local emergency
    - Genesee County also requested a Governor's Declaration of Emergency with the local declaration.
- January 5, 2015: Governor declared State of Emergency
    - State Emergency Operations Center activated in Lansing to coordinate state response
    - Joint Information Center (JIC) activated on January 6, 2016 in Lansing; moved to Flint on January 11, 2016
- January 9, 2016: Water resource sites established at fire stations. 9 a.m. to 4 p.m. on January 9, 2016 but 9 a.m. – 9 p.m. starting January 10, 2016.
- January 12, 2016: Water resource teams began going door-to-door (4 teams)
- January 12, 2016: Governor Snyder issued an Executive Order activating the Michigan National Guard
- January 14, 2016: Governor requested Presidential declaration of emergency and expedited major disaster for Genesee County
- January 16, 2016: President Obama approved the Governor's request for a federal emergency in Flint.
    - Denied request for major disaster
- January 20, 2016: Governor Snyder submitted an appeal to President Barack Obama following the denial of a major disaster declaration.
- January 22, 2016: President Obama denied Governor Snyder's appeal for a federal disaster declaration to aid Flint.
- January 28, 2016: Gov. Rick Snyder today issued a proclamation calling for an extension to the emergency declaration in the city of Flint and Genesee County until April 14, 2016.
- February 5, 2016: SBA approved the Governor's request to make available Economic Injury Disaster Loans for small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private, non-profit organizations.

# HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT

## Empty Water Bottles Drop-Off Locations

Fire Station #1
310 East Fifth Street
9 a.m. - 9 p.m., daily

Fire Station #5
3402 Western Road
9 a.m. - 9 p.m., daily

Fire Station #8
202 East Atherton
9 a.m. - 9 p.m., daily

Bill Carr Signs
719 West 12th Street
8 a.m. - 4 p.m., M-F

Young's Environmental
5305 North Dort Highway
8 a.m. - 6 p.m., M-F

Dover & Company
651 Hall Street
8 a.m. - 4 pm., M-F

Comcast Service Center
3008 Airpark Drive South
10 a.m. - 5 p.m., M-F
10 a.m. - 1 p.m. Saturday

## Curbside Pickup Instructions

**Republic Services provides bi-weekly *curbside recycling at no additional cost to* residents who already have weekly trash collection services.**

1) **To get a blue recycling bin, call 1-800-438-0966** (M-F, 8a.m.-5p.m., or Sat., 8a.m.-12p.m.) to request a bin to be delivered to your house.

2) Until you get your bin, Republic Services allows bottles to be placed in clear plastic bags. Do not put trash in the same bag as the bottles.

3) Until you get your bin, set the clear bags on the curb on your trash day a few feet from your trash. Once you get your bin, set it out on recycling day.

4) You can also drop your bag off at one of the drop-off locations around the city. (See side bar for locations)

### What should I do with the used cartridge in my water filter?

1) When your PUR or Brita filter needs to be changed, take the used cartridge to a distribution site.

2) Place the used cartridge in the box provided at the site.

3) Pick up a replacement cartridge.

**ALL BOTTLES DROPPED OFF MUST BE IN CLEAR PLASTIC BAGS**
**No solid color or grocery bags accepted**

SEOC Report for February 14, 2016
***Full Days Since Emergency Declaration: 40***

## Items to Note

• There is a decrease in number of total residential parcels and total residential active water subscribers. Seven parcels were originally classified as residential parcels and were found to be right-of-way or easements. The data has been updated to remove those seven properties.
• National Guard mission has been extended through 3/16/2016.
• SEOC Logistics is working with Flint Schools to identify alternative locations to store water. Additionally, Logistics is continuing to fulfill resource requests for Warehouse #2, based on the Memorandum of Agreement with the Seventh Day Adventist.
• Recovery Branch is working to outline the transition between National Civilian Community Corp (NCCC) and Southern Baptists for the Flint Water Response Teams. NCCC will complete their volunteer mission on 2/15/2016 and Southern Baptists will begin their mission on 2/16/16. ARC will return their iPads to the local EOC for the Southern Baptists teams to use for data collection.

**Cc:** MSP-SEOCPIO
**Subject:** Re: Status of Schupan recycling instruction cards?

Regarding the complaint- most residents don't get the press releases though, and the Flint updates that the public can subscribe to aren't exactly talking about recycling, so I understand the county's concern. also, the releases only list the 3 recycling sites at resource centers,But doesn't include how to get a bin from Republic, or the other sites around town that Young's are managing.

I also couldn't find any information on recycling on either of the two state websites about Flint - supposedly the flyer is there, but I think it s buried so deep in a documents section no resident would ever find it. I'd love to see it as a main section on the front page of both sites.

Henrik,

On the complaint that there is a lack of recycling information in the Flint Water Response Team email updates and the desire to have that information included, that information is on all news releases that list the water resource sites (we denote which ones are also a recycling site).

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we

received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

Following up on this. Schupan needs these cards ASAP, they are running out of them and can't hand out the bags without the cards. What is the status of getting these cards updated and printed? They really needed them this weekend.

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

Thank you very much for your help,

Henrik Hollaender

Henrik,

On the complaint that there is a lack of recycling information in the Flint Water Response Team email updates and the desire to have that information included, that information is on all news releases that list the water resource sites (we denote which ones are also a recycling site).

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

*Thank you very much for your help,*

**Subject:** FW: Concerns from the field on water distribution

Hi Kevin,

Please see the below questions raised by Representative Kildee's office and the original constituent email. Can you assist in tracking down answers to these questions?

Specifically, it would be helpful to have clarification on who is eligible for home delivery (is elderly sufficient or do you have to be "homebound")? How do you get on a home delivery list? In general, the original email seems to speak to a need for coordination with persons in HUD housing. I believe there are some efforts under way via MSHDA already. I also think the Office on Services to the Aging is doing some outreach. Can you please check with the SMEs in the SEOC to see if this is the case?

Lastly, it was suggested that Captain Kelenske might want to address the three questions about the state (why use volunteers, why limit National Guard, and what is being done outside of PODs) on Tuesday's Congressional call. If someone can answer these for me, I will work them into his talking points.

Thank you,
Shanon

**Subject:** FW: Concerns from the field on water distribution

Shanon,

I had a conversation today with a staffer for Rep. Kildee. They have "heard" from someone on the ground that raised a number of complaints about the way water is being distributed. Below is a list of the complaints they are hearing, and I was wondering if we have heard these elsewhere? I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?);**
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

**Dan Shulman**

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

Henrik,

On the complaint that there is a lack of recycling information in the Flint Water Response Team email updates and the desire to have that information included, that information is on all news releases that list the water resource sites (we denote which ones are also a recycling site).

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

I know we are telling people with specific needs to call 2-1-1, but the staffer was wondering if there is a proactive solution to these issues?

- Elderly residents that cannot carry water back to their home/apartment from a POD;
- WIC consumers concerned that they cannot carry sufficient ready to use formula from the WIC clinic home and they are only allowed to pick up once a month **(I am assuming this is a USDA issue?)**;
- Residents complaining that they are not permitted to get enough water to meet their needs from the POD;
- Residents complaining that having to visit the POD daily is too burdensome;
- Residents (espec. those in HUD housing) that do not have enough space to store the water they have stockpiled.

The staffer also asked the following questions and while I think I addressed them, perhaps we can discuss how to answer more thoroughly.

- Why is the State relying on voluntary agencies instead of doing the job directly and paying for it directly?
- Why was the National Guard largely demobilized when they could be used to address the above concerns? ***(I suggested they contact the state, but FYI)***
- Why is the State relying on only fixed PODS? Why not deploy "mobile" PODS into neighborhoods to make it easier on residents to get water? ***(I explained the logistical challenges of such an idea and the rationale for fixed PODS, but just FYI)***

Below is the full email that he used to inform his call to me. Happy to discuss over the phone if any of this is unclear.

FORWARDED EMAIL FROM KILDEE – NO CONTACT INFORMATION INCLUDED

Hey,
Thanks for letting me give you info on my volunteering in Flint.....I appreciate being able to share with someone, and hopefully you can send to someone with some power to help these folks.

We were at Slidell Senior Housing on W Carpenter road this Sunday. Our charge was to deliver water to residents and assess needs. This is a low-income senior housing HUD complex for seniors and disabled adults. So, the problem is that these residents are expected to carry bottled water up elevators - if there is a grocery cart available they can use that but some of the residents are reliant on walkers. The cases of water being handed out are heavy, and so these folks would have a hard time getting water up to their units if they are beyond the first floor. So that's the first problem.

Secondly, some of the residents mentioned that they were running out of room in their tiny apartments to store water. One resident had trouble opening up the door because of cases of water near the door - so FIRE HAZARD in terms of residents being able to get out in time if they have barriers with water cases blocking doorways.
Third, some of residents had filters for faucets, but at least one couldn't use it because her kitchen faucet was broken. One resident

still is getting skin rashes from showering in the water. Still others weren't using the water to bathe or shower so besides handing out water we handed out baby wipes so they had something to use for cleansing.

Many of the residents HAD NO IDEA how to get their water tested. These folks are expected to go to a fire station, get a test bottle, take a sample, and get the bottle back to a fire station - these are lower-income older people, many of whom have physical disabilities! There seems to be a real lack of understanding on filter usage as well as how to get water tested....again, these are HUD managed complexes and HUD needs to get involved and work to protect its residents.

So, I am meeting with folks from Nat'l Assoc of Social Workers-MI chapter to engage in some advocacy.

I proposed the following to NASW-MI:

All HUD and Flint Housing Commission units must have their units and building service lines tested for water and this testing must be coordinated and completed by the EPA service teams and not placed on the residents.

Water distribution should be available at all Flint Housing Commission/HUD housing sites in the city on a weekly basis - perhaps that means Red Cross sets up at these sites, or Red Cross and local social service agencies partner together to ensure water distribution is on-site. (Particularly with the weather likely getting colder and snowier).

These residents have few resources, many of whom are disabled and without adequate transportation, and they should not have extra burdens placed on them due to the Flint water crisis.

Thank you so much for listening!

Hi Meegan,

Any chance we can feature Recycling in the carousel on the website? Or somehow better highlight it? The flyer is listed as one of the links in the Home and Environmental sub-section, but I can see how people have a hard time finding it. Here's the link: http://www.michigan.gov/documents/flintwater/SOM_FlintRecyclingInstructions_513838_7.pdf

Also, noting there has been a request to feature Recycling in one of Tori's daily newsletters.

Thanks for any assistance in getting the word out!

**Subject:** Re: Status of Schupan recycling instruction cards?

Regarding the complaint- most residents don't get the press releases though, and the Flint updates that the public can subscribe to aren't exactly talking about recycling, so I understand the county's concern. also, the releases only list the 3 recycling sites at resource centers,But doesn't include how to get a bin from Republic, or the other sites around town that Young's are managing.

I also couldn't find any information on recycling on either of the two state websites about Flint - supposedly the flyer is there, but I think it s buried so deep in a documents section no resident would ever find it. I'd love to see it as a main section on the front page of both sites.

Henrik,

On the complaint that there is a lack of recycling information in the Flint Water Response Team email updates and the desire to have that information included, that information is on all news releases that list the water resource sites (we denote which ones are also a recycling site).

Cc: MSP-seoclgc; MSP-SEOCPIO; Bolger, Matt (MSP)
Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

Subject: RE: Recycling material update / spanish-language translation

All,

*I would need another document updated for a print order. Please see the initial recycling information card attached to this email.*

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

What 3 page document? It should only be one page.....unless you mean because it also has the Spanish translation attached?
I'm hoping when you say the request is for updating that document, that you're going to make it look identical to the English version ( which includes all the colors, pictures and similar layout.) and be double sided.

There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates. I told him that I would expect official press releases related to recycling to be mentioned in the newsletter. He suggested that information on recycling should be in those emails constantly. For example, they include a list of the water resource sites, and he suggested that we could indicate which sites serve as bottle drop offs (for example with an asterisk), and that all sites receive Pur and Brita filter cartridges.

Thanks for your help,

Henrik

Subject: RE: Recycling material update / spanish-language translation

All,

I would need another document updated for a print order. Please see the initial recycling information card attached to this email.

For the recycling locations listed on the left, we would need to add a location including operating hours. If we do that, we should also include the hours for the Fire Stations (Daily, 9AM - 9PM).
Here the additional location:
Comcast Service Center
3008 Airpark Dr S
Flint, MI 48507
Monday to Friday, 10AM - 5PM
Saturday, 10AM - 1 PM

Thank you!
Henrik

Hi Henrik, attached is the updated door hanger. Please let me know if I can help further.

I don't know if this is the translated document or not. The formatting has been stripped, but it is a recycling document in Spanish.

Subject: Recycling material update / spanish-language translation

All,

In preparation of a print order, we would need an updated version of the attached recycling door hanger (initially designed by Trevor Hawks):
- The Keep Genesee County Beautiful logo at the bottom of the door hanger needs to be removed (the organization has withdrawn the authorization for use of their logo on any materials that are associated with the state response).
- The information regarding sign-up for curbside recycling ("Call Republic Services at 1-800-438-0966 to have a recycling bin delivered to your door.") needs to include the following times at which the referenced hotline is available: Monday to Friday, 8AM-5PM and Saturday, 8AM-12PM.

Also, a translation into Spanish for the "HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT" flyer attached to this document was being developed through the JIC. Is there an update on the status of a translated version yet?

Thank you very much for your help,

Henrik Hollaender

## MSP-SEOCPIO

**From:** Adler, Jessi (DHHS)
**Sent:** Saturday, February 13, 2016 8:14 AM
**To:** Hollaender, Henrik (MSP); Bolger, Matt (MSP)
**Cc:** MSP-SEOCPIO
**Subject:** *Re: Status of Schupan recycling instruction cards?*

Regarding the complaint- most residents don't get the press releases though, and the Flint updates that the public can subscribe to aren't exactly talking about recycling, so I understand the county's concern. also, the releases only list the 3 recycling sites at resource centers,But doesn't include how to get a bin from Republic, or the other sites around town that Young's are managing.

I also couldn't find any information on recycling on either of the two state websites about Flint - supposedly the flyer is there, but I think it s buried so deep in a documents section no resident would ever find it. I'd love to see it as a main section on the front page of both sites.

I know, and that is what I told the county representative as well. I also think that the press releases you have pushed out so far were all pretty well received and have brought a lot of attention to the issue.

Thanks,
Henrik

Henrik,

On the complaint that there is a lack of recycling information in the Flint Water Response Team email updates and the desire to have that information included, that information is on all news releases that list the water resource sites (we denote which ones are also a recycling site).

Henrik and Jessi-

I entered the resource requests. One for the updating of the 3 page Flint Recycling handout and one for the updating and printing of

the 10,000 informational cards.

Henrik, you should log into MICIMS and make sure I worded everything correct. I listed you as the point of contact with both. To follow up on this request take a look in MiCIMS and see where the status is and with whom.

Have a good weekend!

Subject: RE: Status of Schupan recycling instruction cards?

- I went ahead and ordered 3000 of the old cards for this weekend, since we have not received the updated card. They should arrive here at 8AM on Saturday just in time for this weekend's volunteer effort.
We really need the updated card for next week though.

- In addition to this, I would also ask that the additional location (comcast) and operating hours be added to the information flyer (see attached).

- Please also put the Spanish language information into the format of the flyer. The other day, we received a not formatted word document from the JIC with the translated information. There is an event with the Hispanic community tomorrow and they requested Spanish-language recycling information, which we cannot provide because we do not have an official-looking document.

- I met with someone from the County Planning Commission yesterday (they are responsible for solid waste management on the county level), and they noted that there is a lack of recycling information in the Flint Water Response Team email updates.
